Dear Denise Booth, Wayne Booth and Jewel Riley

Change of SuperStream Electronic Service Address (ESA)

We are working with our service provider BGL Corporate Solutions Pty Ltd to ensure your Self-Managed Superannuation Fund (SMSF) complies with the requirements of SuperStream.

SuperStream transmits money and information consistently across the super system – between employers, funds, service providers and the ATO.

This letter is to inform you that the ESA for your fund has been changed to **BGLSF360**.

You must update your employer to continue receiving contributions.

All SMSF members must update their employer with the new **BGLSF360** ESA. Members can do this by using the attached Employer Notification Letter, providing the ESA via email or otherwise updating their personnel records with their employer.

If your SMSF's new ESA is not updated, your super contributions may not reach your SMSF and might be redirected to your stapled super fund (if one exists), or the employer's default fund.

How do I update the ATO about my SuperStream details (optional)?

If any member needs to rollover money between super funds or requires a release authority, you must also update the ATO.

The ESA can be updated by using one of the following methods:

- Through Online services for business
- by contacting your tax agent
- by contacting ATO directly

If the SMSF members do not require the above actions, the ATO will be updated when we next submit your SMSF Annual Return. When the ESA is updated with the ATO, you will receive an SMS confirmation.

Should you require any further information on SuperStream, please do not hesitate to contact us.

Regards
