### Annual Investment Income Report to the Australian Taxation Office (ATO)

From the 2017/18 financial year, the Taxation Administration Act 1953 requires the reporting of transactions involving shares and units in managed investment schemes. One of the main aims of this new requirement is to enable the ATO to assist taxpayers with the preparation of tax returns and activity statements. These transactions will now be reported in addition to annual investment income, and as such information appearing on your Capital Gains Tax (CGT) statement, where applicable, has also been forwarded to the ATO to comply with this new requirement.
