## STATEMENT INFORMATION (continued)

---

Note 1: Tax-free amounts and tax deferred amounts (including returns of capital) are included in 'Other non-assessable amounts'.

Note 2: The AMIT cost base net amount is the Responsible Entity's estimate of the adjustment you need to make to the cost base of your units in the Fund. The AMIT cost base net amount—excess will reduce the cost base of your units in the Fund, while a AMIT cost base net amount—shortfall will increase the cost base of your units in the Fund. The specific tax treatment of this adjustment will depend on the investors individual circumstances and the investor should seek their own tax advice in relation to this.

Note 3: Your AMMA statement is your summary of the components of income attributed to you from the funds you have invested in. You may not receive an AMMA statement where the fund has no income to attribute.

### Definitions:

MIT = Managed Investment Trust is the tax description for Managed Investment Schemes.

AMIT = Attribution Managed Investment Trust is the tax description for MITs that satisfy new taxation regulations.

AMMA statement = shows the relevant tax components and dividend information for any AMIT Fund you are invested in.
