Hello Linda

**Re: Income Tax Return for the year ended 30 June 2022**

We have completed your income tax return for the year ended 30 June 2022 from information supplied to us by you.

We advise that it is expected that there will be an amount of \$6,223.36 refundable when the return is processed by the Australian Taxation Office. This refund may differ if you have any Family Tax Benefit adjustments, PAYG Instalments or any other amounts owing to the ATO and will be directly deposited into the nominated bank account, as shown on page 3 of the tax return.

If you are satisfied that the return accurately discloses the income and expenditure; and your EFT details, please sign and return the Electronic Lodgement Declaration form via DocuSign for processing.

We are required to hold a Client Engagement document on file. Could you please sign the attached via DocuSign and return for our records.

The attached tax return should be retained by you for your records. You are required to keep the signed Electronic Lodgement Declaration for five (5) years.

Kind regards
