## Premiums

### JobKeeper payments and your 2020-21 premium

The ReturnToWorkSA Board decided that wage subsidy payments under the Commonwealth Government JobKeeper Program will **NOT** be considered remuneration for calculation of premium for 2020-21.

The Board has taken this action to support SA businesses to maintain economic viability and employment during the COVID-19 health crisis.

#### What does this mean?

If you chose to have your 2020-21 premium calculated based on an estimate of remuneration you will need to exclude JobKeeper payments from the actual remuneration when you complete the 2020-21 remuneration return.

If you chose to have your 2020-21 premium calculated based on the 2019-20 remuneration you will need to include JobKeeper payments in the actual remuneration when you complete the 2020-21 remuneration return (these employers will not receive an end of year adjustment).

Our flexible premium model means that for 2021-22, you will still be able to choose whether to have your premium based on the 2020-21 actual remuneration (with no end of year adjustment) or an estimate of your 2021-22 remuneration (with an end of year adjustment when actual remuneration is known).

Employer remuneration returns are due between 2 July and 15 September 2021.
