What a release authority is and how your SMSF needs to respond to them.

## On this page

- What is a release authority?
- Notification of a release authority.
- Responding to a release authority
- Types of release authorities
- Tax treatment of release authorities

## What is a release authority?

A release authority is a document we give to a super fund to authorise the release of a nember's super

You may receive a release authority if a member has requested to have some of their super released early from their SMSF where the member has:

- excess concessional contributions
- excess non-concessional contributions
- excess non-concessional contributions tax
- Division 293 due and payable
- Division 293 deferred debt

anchor=Excessconcessionalcontributionsreleasea1#Excessconcessionalcontributionsrel authority\_((super/apra-regulated-funds/managing-member-benefits/release-authorities/? When an SMSF receives a valid release authority, it is authorised to release the amount from the member's super account based on the instructions of the specific release requested release under the first home super saver scheme easea1)

A contravention will occur if you release this money before your member lodges an election form and your SMSF receives a release authority

Depending on the type of release authority, this amount is either paid:

- to us, and we then pay it to the member
- directly to the member.

completing it. As trustee, you must provide this information to us to confirm that you have The release authority includes a release authority statement and instructions for released the member's money in accordance with the release authority.

## Notification of a release authority

How you receive release authorities will depend on whether your SMSF has an electronic service address ((super/superstream/self-managed-super-funds/electronic-serviceaddress/register-of-smsf-messaging-providers/). (ESA) or not.

## If your SMSF:

- has an ESA, we will send the release authority to your ESA and your fund will receive a notification either from your SMSF messaging provider or your fund administrator
- does not have an ESA, we will send a release authority letter and a release authority statement form, which as trustee you will need to complete.

The due date of the release authority will depend on the type of release authority.

## Responding to a release authority

anchor = CommissionersreleaseauthorityforDivision # CommissionersreleaseauthorityforDivi Before responding to a release authority, see tax treatment of release authorities <u>(/super/apra-regulated-funds/managing-member-benefits/release-authorities/?</u>

Sion).

## Step 1: Send us the release authority statement (RAS)

How you respond to a release authority will depend on how we issued it to you. If the release authority was issued:

- to your ESA, you must send us the RAS message through your software, SMSF messaging provider or fund administrator
- by paper, you must action the release authority and return the paper RAS to us.

Your RAS should advise:

- the amount to be released to us
- for partial releases, whether any super benefits remain in the account
- where the amount released is less than the authority, why the full amount could not be released.

After you action a release authority and send a RAS using your software, you will either be:

- provided with a payment reference number (PRN) by your software, SMSF administrator or messaging provider
- advised to generate your own PRN.

You will need to include this PRN when paying the release amount. Make sure it matches the one provided in the data message.

If you received a paper release authority, your PRN will be included on the payment slip of the form.

If you are unable to action the release authority, send us either:

- a release authority error message through your ESA, or
- the completed paper RAS.

## Step 2: Make the payment

You will need to electronically pay the lesser of either:

Remember to include the PRN when making the payment. If you receive multiple release authorities, do **not** send one bulk payment. The amount you advise is being paid in the RAS must match the amount paid and the corresponding PRN.

## Types of release authorities

There are several types of release authorities that we might send you, including:

- excess concessional contributions
- excess non-concessional contributions
- excess non-concessional contributions tax

Division 293 due and payable

- Division 293 deferred debt
- first home super saver scheme

## Excess concessional contributions release authority

Your SMSF will receive an excess concessional contributions release authority when a member:

- exceeds their concessional contributions cap in 2013–14 and later financial years and
- elects to release up to 85% of the excess concessional contributions.

The full amount of excess contributions will be included in your member's taxable income. It will be assessed at the individual's marginal rate of tax and a 15% tax offset will be applied.

Amounts of excess concessional contributions that are not released will be treated as non-concessional contributions.

The released amount must be paid directly to us and is to be treated as a non-assessable, non-exempt benefit payment to your member.

When your fund releases an amount to us, we will:

- offset the balance against any outstanding tax or other Australian Government debts
- pay the remaining amount to your member.

## Excess non-concessional contributions release authority

Your SMSF will receive an excess non-concessional contributions release authority when a member exceeds their non-concessional contributions cap and has:

- elected to release the excess non-concessional contributions and 85% of associated earnings from that fund, or
- not made such an election after 60 days and we initiate the process on their behalf.

The released amount must be paid directly to us and is to be treated as a non-assessable, non-exempt benefit payment to your member.

When your fund releases the amount to us, it will be offset against any outstanding tax or other Australian Government debts before any remaining balance is refunded to your member.

You don't need to amend the contributions report you provided for this member in your SMSF annual return for 2017–18 and earlier financial years. Releasing this benefit doesn't change the contributions that led to the excess.

# Excess non-concessional contributions tax release authority

Your SMSF will receive this release authority if your member elects to have their excess non-concessional contributions assessed as excess non-concessional contributions tax in order to pay their tax liability.

When your fund releases an amount to us, we will:

- offset the balance against any outstanding tax or other Australian Government debts
- pay the remaining amount to your member.

## Division 293 tax - due and payable release authority

When an individual has a Division 293 tax due and payable debt associated with contributions made to accumulation super accounts, the debt must be paid within 21 days of receiving the notice of assessment.

The individual can elect to release an amount from their fund within 60 days of the issue date to pay the debt. We will issue a release authority to their nominated fund. If your SMSF receives a release authority, you must pay us directly.

When your fund releases an amount to us, we:

- offset the balance against any outstanding tax or other Australian Government debts
- pay the remaining amount to the member.

# Division 293 tax - deferred debt account release authority

When an individual has a Division 293 tax debt associated with contributions made to a defined benefit account, the debt is deferred until they take their end benefit from their defined benefit account. It can be pre-paid before that time.

The individual can elect to release an amount from their fund within 60 days of the issue date to pay the debt. We will issue a release authority to their nominated fund. A defined benefit fund may voluntarily comply with this version of the release authority. The super fund must pay us directly.

When your fund releases an amount to us, we will allocate the amount to your member's deferred debt account held by us.

# First home super saver (FHSS) scheme release authority

Your SMSF will receive an FHSS release authority when one of your members successfully requests us to issue one under the scheme.

The amount released by your fund must be paid directly to us.

When your fund releases an amount to us, we:

- withhold the appropriate amount of tax
- may offset the balance against any outstanding tax or other Commonwealth debts

4

pay any remaining amount to your member.

## Tax treatment of release authorities

The payment of a release authority is a super benefit. The amount paid is to be treated as a non-assessable, non-exempt benefit payment to your member.

Your SMSF is not required to work out any tax-free or taxable components when the benefit is paid.

The cashing order for benefits paid to satisfy a release authority is:

- unrestricted non-preserved benefits
- restricted non-preserved benefits
- preserved benefits.

For more information about these types of benefits refer to <u>Preservation of super |</u>

<u>Australian Taxation Office (ato.gov.au) ((super/self-managed-super-funds/paying-benefits/preservation-of-super/)</u>

## Important Safety Notice: Keeping Your Accounts Safe.

Contact us immediately, anytime, on **13 2221** if you notice any suspicious activity on your account or if you need to report a lost or stolen card.

### What to look out for

Other people may make unauthorised transactions on your account by gaining access to your personal information. They commonly gain your personal information by posing as another person or business, or by stealing your passwords. This is usually done by SMS or email phishing, and via telephone scams. This information is then often used to make unauthorised transactions on your accounts.

## How can I keep my accounts safe?

Keep your devices, PIN and passwords secure so that nobody can gain access or discover this information.

- Memorise your codes and delete or destroy any record of them.
- If you are waiting for your card in the mail, secure your letterbox at all times.
- Don't tell anyone your passwords or PINs including family, friends and anyone who claims they are from the bank.
- Don't choose any passwords or PINs which are easily guessed, such as your birthday, name, phone number, or numbers which form a pattern.

Keep your cards and devices safe, take extra care of your online wallets and mobile banking applications.

- Activate and set a PIN on your card as soon as you receive it.
- Regularly check your card is still in your possession.
- Cancel, cut up and securely dispose of any card you no longer use.
- Don't let anyone else register their own thumbprint or other biometrics on your device.
- Don't leave your card unattended when you are in public, including at work.

Anniversary notice for Accelerated Protection
Policy Number: 1826815

We are writing to let you know that your **policy is approaching its anniversary.** In this letter, you'll find important information that explains any updates to your policy and premium changes. To assist with your understanding of some important Life Insurance terminology, we have included a more detailed explanation in the Glossary at the end of this letter.

The below table includes a summary of your cover, including your new Benefit Amounts and Premiums, applicable from **5 February 2023**.

#### **Policy Summary**

Life Insured: Babu Thomas

Your Plan	Premium Type Inflation Protectio		Benefit Amount	Premium (yearly)	
Life Insurance Plan	Level Premium to Age 65	1	\$1,774,473	\$9,471.22	
TPD Insurance (Attached) - Superlink	Level Premium to Age 65	1	\$828,087	\$6,753.45	

### Your new total yearly premium is \$16,224.67\*

\*includes Policy Fee and Stamp Duty (if applicable)

Your next payment amount may differ from your new premium if you have a credit or outstanding amount due on your policy.

#### How is your premium calculated?

When you first purchased your policy, we used the information you provided, including your health, lifestyle and product choices, to set your initial premium. Each year we recalculate your premiums based on premium type (such as Stepped or Level) and whether Inflation Protection applies (which increases your Benefit Amount with inflation). This affects how your premium may rise. Finally, we look at any fees or discounts that may need to be applied.

More information about Stepped & Level premiums and Inflation Protection can be found in the Glossary at the end of this letter and the original Product Disclosure Statement (PDS) and Policy Document issued to you. You can also find details of your cover and your chosen options in the last Policy Schedule issued to you.

#### Changes to premiums

We have reviewed our premium rates and as a result, premiums for certain Plans will be increasing soon. Please note, if you hold Life Insurance, or Child Critical Illness and/or short-term Income Protection (1, 2 or 5 year Benefit Periods without the Accident Benefit Option), the premium rates for these Plans will not increase.

### Resolution Life

### Insurance schedule

This schedule was issued on 2 August 2022. It provides information about your policy and is valid unless we give you another schedule to replace it.

### Policy & personal details

Policy number	P600619108
Policy commencement date	2 August 2012
Policy owner	Mr B Thomas Mrs M Zachariah ATF Thomas & Zachariah
Insured person	Minimol Zachariah
Insured person's month and year of birth	May 1967
Annual review date	2 August each year
Payment method	Direct debit

### Insurance details

### Life Insurance Plan

Sum insured	\$2,280,452.49
Commencement date	02/08/2012
Expiry date	25/05/2066
Premium structure	Stepped
Automatic inflation	Active

- Stepped premiums change each year according to the insured person's age. Generally, they increase as the insured person gets older.
- For further details about this plan, see your policy document and any other updates we've provided to you.

#### Life Insurance Plan

Sum insured	\$1,628,894.62
Commencement date	02/08/2012
Expiry date	25/05/2066
Premium structure	Level to age 65
Automatic inflation	Active

- Level premiums don't increase each year as the insured person gets older and generally stay the same for each layer of cover
  during the term of your plan. However, they're not guaranteed. For example, level premiums will increase if you increase the sum
  insured or you've selected automatic inflation increases for your plan or if we review the premium rates. A layer of cover is made
  up of your initial sum insured plus any automatic inflation increases or increases you apply for.
- For further details about this plan, see your policy document and any other updates we've provided to you.

### Premium details

Your insurance premium is the cost you pay for your insurance cover and depends on many factors. You need to pay your insurance premium from when your cover starts until it stops.

Plan/Option	Sum insured \$	Yearly instalment \$
Life Insurance Plan	2,280,452.49	9,063.66
