

Thank you for engaging us to attend to the administration and taxation requirements for your Self-managed Super Fund.

These are the Terms of Engagement ("Terms"). This Agreement is constituted by these Terms and any other later document that we advise you becomes part of or varies this Agreement. These Terms confirm our understanding of the nature and the limitations of the services we will provide.

# PURPOSE, SCOPE AND OUTPUT OF ENGAGEMENT

Our firm will provide Accounting and other professional services, which will be conducted in accordance with the relevant professional and ethical standards issued by the Accounting Professional & Ethical Standards Board Limited (APESB). The extent of our procedures and services will be limited exclusively for this purpose only. As a result, no audit or review will be performed and, accordingly, no assurance will be expressed. Our engagement cannot be relied upon to disclose irregularities including fraud, other illegal acts and errors that may exist. However, we will inform you of any such matters that come to our attention.

#### **RESPONSIBILITY FOR YOUR WORK**

Over the years our firm has established a cost-effective structure, incorporating a Team of Professional Accountants and Assistants to provide you with an economical service.

When dealing with your affairs many general administration and basic accounting problems may be handled by our team, which will allow Directors to be available for telephone advice, consulting, and other more complex issues.

The Directors oversee your affairs and are ultimately responsible for all the matters relating to your file.

Team members attend to certain functions relating to your affairs. This is done to afford you the most costeffective service possible.

Of course, all work attended to by the team is supervised and reviewed by Directors and Senior Managers.

# RELATIVE RESPONSIBILITIES AND CONFIDENTIALITY

The conduct of this engagement will be carried out in accordance with the standards and ethical requirements of The Institute of Chartered Accountants Australia, and The Institute for Public Accountants (hereafter 'The Institute'), which means that information acquired by us in the course of the engagement is subject to strict confidentiality requirements. We will not disclose any information relating to your affairs to any third party without your consent, unless required by law.

You may provide us with permission to disclose your confidential information in certain circumstances, or place conditions on the disclosure of certain confidential information. If you do so, we will have permission to disclose the relevant information accordingly, in the performance of our services, unless you instruct us otherwise in writing.

Our files may, however, be subject to review as part of the quality control review program of The Institute, who monitor compliance with professional standards by its members. We advise that by signing this agreement you acknowledge that, if requested, our files relating to this engagement may be made available under this program. Should this occur, we will advise you prior to releasing any files.

We may on occasion use external contractors and/or third parties to undertake some of the work on your file and they may have access to our information. This will only be done if strict confidentiality agreements are entered into between us and the associated entities to prevent any unauthorised use of this information.

The indicative charge rates and levels of experience of the team providing you with your Professional Accounting Service are set out on the last page of this agreement.

We may also provide your information to our associated entities for services that we believe will be of value to you.

Once again, this will only be done if strict confidentiality agreements are entered into between us and the associated entities to prevent any unauthorised use of this information.

#### **OTHER INSTITUTE RECOMMENDATIONS**

The Institute has determined minimum standards with regards to service and, in accordance with those recommendations, our practice:

- a) uses properly trained and supervised staff to maintain quality standards and ensures that all qualified staff undertake a minimum of 40 hours of continuing professional education each year;
- b) maintains professional independence at all times;
- c) establishes and operates satisfactory quality control procedures;
- d) bases our fees on the chargeable time of each staff member;
- e) records all time to enable you to be aware of the extent of the work performed for you; and

# HFB GROUP

# Terms of Engagement

f) will, if requested, provide an estimate of our billing prior to the commencement of an engagement.

#### YOUR OBLIGATIONS AND RIGHTS

We are required to advise you of your rights and obligations where we are acting for you on taxation matters. In relation to the taxation services provided:

- It is your obligation to provide us with all information that you reasonably expect will be necessary to allow us to perform work contemplated under this engagement within a timely manner or as requested. This includes providing accurate and complete responses to questions asked of you by us within a reasonable timeframe. Inaccurate, incomplete or late information could have a material effect on our services and/or our conclusions and may result in additional fees. We will not verify the underlying accuracy or completeness of information you provide to us.
- You are also required to advise us on a timely basis if there are any changes to your circumstances that may be relevant to the performance of our services. Specifically, if any subsequent event results in the information you provided to us being inaccurate, incomplete or misleading, then you are obliged to advise us as soon as possible. We take no responsibility to the extent that our advice is inaccurate, incomplete or misleading because it is based on inaccurate, incomplete or misleading information being provided to us.
- By accepting the terms of this agreement, you will be taken to have agreed that the performance of our services is dependent on the performance of your obligations relating to disclosure and record-keeping.
- The Taxation Administration Act 1953 contains specific provisions that may provide you with 'safe harbours' from administrative penalties for incorrect or late lodgement of Returns if, amongst other things, you give us 'all relevant taxation information' in a timely manner (the safe harbour provisions apply from 1 March 2010). Accordingly, it is to your advantage that all relevant information is disclosed to us as any failure by you to provide this information may affect your ability to rely on the 'safe harbour' provisions and will be taken into account in determining the extent to which we have discharged our obligations to you.
- You are also required to advise us if you become aware of any conflict of interest or potential conflict of interest. Generally, a conflict of interest is any event which may result in us becoming unable to remain objective in the performance of our services to you. Some examples of events which could give rise to a conflict of interest or potential conflict of interest

during this engagement are changes to your business circumstances, events affecting your family (e.g. death and/or marriage breakdown) or a legal action commencing against you.

- You are subject to the self-assessment system in relation to any of your Income Tax Returns. The Commissioner is entitled to rely on any statements made in your Income Tax Returns. If an answer or any statement made on a Return or attached schedule appears to be incorrect, incomplete or misleading, and where those statements are later found to be incorrect (even if the error was made unintentionally), the Commissioner may amend your Income Tax Assessment and, in addition to any tax assessed, you may also be liable for penalties and interest charges.
- You have an obligation to keep records that will substantiate the Taxation Returns prepared and which will satisfy the substantiation requirements of the Income Tax Assessment Act. This documentation must be retained for a minimum of 5 years and you must ensure you retain all the documentation in a safe and secure place in case the Australian Taxation Office wishes to review these documents. Failure to keep such records could result in claims being disallowed, additional tax being imposed, and the imposition of penalty and/or general interest charges. In more serious cases, prosecution may be instituted under the Taxation Administration Act 1953 and fines imposed by Courts, if convicted.
- You are responsible for the accuracy and completeness of the information required to comply with the various Taxation Laws. We will use this information supplied in the preparation of your Returns. The following needs to be considered to ensure correctness of each Income Tax Return:
  - that income from all sources has been disclosed;
  - that all deductions claimed can be justified;
  - that all deductions claimed for work, car and travel expenses can be substantiated;
  - that all statements are correct and complete.
  - that every sale of property, of any description, should be considered for the possible application of both income tax and capital gains tax. The worldwide income of Australian resident taxpayers is now taxable in Australia with a credit allowed for income tax paid in a foreign country on that income.
- Your rights as a taxpayer include:
  - The right to seek a Private Ruling;
  - The right to object to an assessment by the Commissioner;

- The right to appeal against an adverse decision by the Commissioner.

Certain time limitations may exist for you to exercise these rights. Should you wish to exercise these rights at any time, you should contact us so that we can provide you with the relevant timeframes and to discuss any additional requirements which may exist.

#### **OUR OBLIGATION**

We have a duty to act in your best interests. However, the duty to act in your best interests is subject to an overriding obligation to comply with the law, even if that may require us to act in a manner that may be contrary to your interests. For example, we could not lodge an income tax return for you that we knew to be false in a material respect.

We also have an obligation to ensure that we manage conflicts of interest as they arise. In this regard, we have arrangements in place to ensure that we manage potential or actual conflicts of interest. The effective operation of these arrangements depends, in part, on you complying with your obligation to disclose any potential conflicts of interest to us.

Unless otherwise stated, this opinion is based on the Australian Tax Law in force at the date of the provision of the advice and/or services. It is your responsibility to seek updated advice if you intend to rely on our advice at a later stage, due to frequent changes made to Australian Tax Law.

#### **OWNERSHIP OF DOCUMENTS**

All original documents obtained from you arising from this engagement will remain your property. However, we reserve the right to make a reasonable number of copies of the original documents for our records.

Our engagement will result in the production of Income Tax Returns and Financial Statements. Ownership of these documents will vest in you.

All other documents produced by us in respect of this engagement will remain our property.

We have a policy of exploring a legal right of lien over any of your documents in our possession in the event of a dispute between us. We have also established dispute resolution processes, details of which are available on request.

#### LIMITATION OF LIABILITY

Our liability may be limited by a scheme approved under Professional Standards Legislation. Further information on the scheme is available from the Professional Standards Council at

http://www.professionalstandardscouncil.gov.au/

### REVIEW AND PREPARATION OF FINANCIAL STATEMENTS

As and when required throughout the year we will review your records and where applicable process certain data to enable the preparation of Interim and End of Year Financial Statements. The Financial Statements will be based on the information you provide to us and other information that our office accesses. As a result:

- You and your employees are responsible for the maintenance of the accounting systems and internal controls for your business entities. That includes the keeping and maintenance of all required books of account.
- Our firm is not being engaged to conduct a statutory audit of the financial records of any of your business entities and we will not express an Auditor's opinion as to the truth and fairness of the Financial Statements (unless otherwise specifically requested to do so).
- Our reports will be prepared for distribution to proprietors for the purpose noted above. We disclaim any assumption of responsibility for any reliance on our report to any person other than the proprietor and for any purpose other than for which it was prepared. Our reports will contain a "Compilation Report" to this effect.

# PREPARATION & LODGEMENT OF INCOME TAX RETURNS

We will prepare and lodge all Income Tax Returns based on the Financial Statements prepared, as well as information you provide to us in relation to your business and personal tax affairs. We are required to prepare detailed workpapers which must be retained on our files for producing to the ATO if required at a future date for client audit or review purposes.

We are required by the *Tax Agents Services Act 2009* to satisfy ourselves as to the reasonableness of the information and claims being made in your Income Tax Returns. The Legislation provides the basis for this and may require us to make further enquiries with you from time to time in relation to your Taxation Returns. Where possible, we will endeavour to identify the information that will be required in advance.

We are entitled to rely on the records provided as being both accurate and complete.

We will have your Income Tax Returns lodged on time, as required by the Australian Taxation Office, provided we are in receipt of all information to prepare your Returns no later than two months prior to the due date for lodgement. This avoids the delays that generally occur in our Firm just prior to lodgement dates.

We will take all possible steps to have your Returns lodged on time, however we offer no guarantee unless

# **Terms of Engagement**

we have received the information within the abovementioned timeframe.

We also advise that we are legally prevented from electronically lodging your Income Tax Returns until such time as we receive a signed Declaration back in our office to do so.

When Returns are left to the last minute, due to time constraints it may not be possible to have them forwarded to you for signature and a signed Declaration back in our office to enable lodgement by the due date.

Whilst we exercise due care in preparing your Returns from information supplied to us, the provisions of the *Income Tax Assessment Act* place the responsibility for the contents of the Returns (including the necessary substantiation records provided to us) with the taxpayer.

#### **CORPORATE AFFAIRS MATTERS**

There are various requirements of the Australian Securities & Investments Commission (ASIC) that must be adhered to in relation to Companies that you may be involved with. This includes notifying ASIC of various changes to the details of Directors and Shareholders, preparation, and lodgement of Annual Company Statements etc.

We will prepare and lodge the appropriate documents in relation to matters that affect your company as soon as practical after being provided with the information. These will be forwarded to you for signature prior to lodgement. Many of these documents must be lodged within a short period of time after the change occurs.

In this regard, documents not returned to our office by the due date will incur additional lodgement fees and/or additional processing fees. You will be advised of relevant due dates for lodgement.

The Corporate Affairs Division of our practice utilises an electronic recording system to keep track of all company data. It is not possible to maintain the integrity of this system if documents are lodged by other means. We are still required to input the details of a change into our electronic system. In this regard, we must be informed of any changes or matters that may affect your companies.

#### BUSINESS ACTIVITY STATEMENTS AND INSTALMENT ACTIVITY STATEMENTS

Should we be instructed by you, we will prepare and lodge the appropriate BAS and IAS as and when required on a quarterly or monthly basis as soon as practical after being provided with the information to do so. At present, the deadline for lodgement of these documents is the 28th day after the end of each quarter (for quarterly lodgers). However, as Tax Agents, we are

given a further four (4) week extension, but this must be lodged through our Tax Agent system.

If we are not provided with the information by the 14th day of the particular lodgement month, we will not be able to guarantee that we will have the above Statements lodged on time. This is due to the extraordinary level of work imposed by the Australian Taxation Office on our Firm during the two weeks prior to lodgement dates.

If the information is provided later than the 14th day of the said month, we will endeavour to have the documents lodged by the due date, however we offer no guarantees, and penalties for late lodgement may be imposed (subject to extensions that may be provided by the Australian Taxation Office from time to time).

#### SPECIFIC MATTERS TO BE RESEARCHED

From time to time you may request advice from us which may not be able to be provided immediately, due to the issues and facts to be considered.

With the complexity of the superannuation legislation and regulations, the magnitude of the Taxation Laws which we must consider, as well as other non-taxation issues, it may not be possible to provide you with an immediate answer.

We will endeavour to provide you with an immediate and quick answer where appropriate, however to ensure that you receive a professional service and accurate advice a more detailed investigation into the facts may be required.

# AUTHORITY TO ACT ON YOUR BEHALF WITH THE ATO

There are a number of functions we are required to carry out on your behalf with the Australian Taxation Office and in particular the following accounts for you and your associated entities:

- Income Tax Account
- Integrated Client Account
- BAS Roles

This Agreement allows us to act on your behalf – to make various changes as they arise, update communication preferences, and lodge documents which have been appropriately signed by an authorised signatory.

#### **USE OF SOFTWARE**

We may use software and other electronic tools in providing our services. If we provide you with access to these programs, you acknowledge that they are not your property, were developed for our purposes and without consideration of any purpose for which you might use them. We make no representations or

# **Terms of Engagement**

warranties as to the sufficiency or appropriateness of the information contained therein.

#### **TELEPHONE & EMAIL ADVICE**

Telephone and email communications and advice are recorded in writing on your file for quality assurance and professional indemnity insurance purposes. We encourage you to telephone or email us for advice on matters of concern. However simple, the advice may save you significant time and money.

Our fees are based on time, which includes telephone calls and email correspondence. Time spent by our team in relation to these matters will be recorded on your WIP and may be billed to you at the discretion of the partner in charge.

#### PRINCIPLES OF DETERMINING FEE LEVELS

The Institute recommends that its members conform to prescribed guidelines in determining fee levels. The Institute does not issue a standard scale of professional fees due to the diversity of services offered by Accountants and the degree of skill attached to those services. Additionally, the Institute does not intervene between an Accountant and client on the question of professional fees charged. However, the Institute has issued guidelines for establishing fee levels to ensure that, on the one hand you are fairly charged and, on the other, that our firm is remunerated appropriately for the services we perform for you.

The charge-out rates applied to the time incurred take account of staff salaries, direct costs associated with providing the service, and indirect costs associated with operating our practice. These rates are reviewed on a periodic basis.

Special services, such as unusual audit and investigation assignments, management advisory services, and the need to provide these services at little or no prior notice, requires us to ensure we have the available staff with the necessary qualifications to handle all challenges that we may face.

With ever changing taxation and other laws, we are required to undertake significant education and training programs to ensure that we have the ability to provide you with the right advice. On many occasions (due to the ever changing laws), it is a necessity that specialist research will be undertaken on particular matters that pertain to your file. A clear record of this time is maintained.

The manner in which we monitor the work carried out for you is based on the time we spend in relation to your affairs. This is the same as many other professionals charge for the services they provide. The time is recorded in 'Time Records' we keep for you and when the job is completed, we use this as a guide to determine your fees. While we are required to record all time, it does not mean we will bill you for that time.

The only commodity we have to sell is our knowledge and ability to perform accounting functions on your behalf. Therefore, to ensure an equitable remuneration to our Firm for the services we provide, an efficient record is maintained of time spent on your file.

We do not necessarily bill you for all the time that is allocated to your file, but the recording system does provide us with a guide as to the amount of time we have utilised in providing you with the highest quality service possible.

#### FEES

HFB Super Pty Ltd processes super funds on a daily basis, with interim invoices issued on a quarterly basis, for work completed the previous quarter.

For additional compliance work, outside the scope of end of financial year processing, we issue invoices to you for the work that is carried out. The interim invoices also exclude any outlays paid on your behalf to suppliers, such as Audit, Actuarial and Title Searches.

Our Fees are based on the nature and complexity of the work involved, level of experience and expertise required, degree of responsibility applicable to the work, inherent risks associated with the service and the expected time required.

#### **CREDIT TERMS**

Our credit terms are strictly 14 days from invoice.

We issue statements on a monthly basis for amounts outstanding at the end of the month.

#### **DESTRUCTION OF RECORDS**

Under the current Corporations Law, you are required to retain your records (in a safe and secure place) for a minimum of five years. This includes keeping original documentation to verify expenditure claimed.

After this five year period our office will confidentially dispose of these old files, being workpapers and correspondence files.

If you would like your records returned to you in this regard, please notify our office when returning your acceptance.

#### AUTHORITY TO RELEASE INFORMATION

By acknowledging this Engagement Agreement, you authorise any third party to release information relating to the financial affairs of your SMSF to HFB Group. This may include (but is not limited to) bank,

investment, insurance, superannuation and property information and statements.

#### REFERRALS

Our firm may refer you to an external service provider where we believe them to be a good fit for you and in no way do we do this with the expectation of the referral of clients or work from the said provider in return.

Some service providers may in return refer clients to our firm – we do not however accept any referral fees or commission.

Please note that it is up to you to determine if the provider is suitable for your needs.

D & M Brake Superannuation Fund

To the trustee of the D & M BRAKE SUPERANNUATION FUND 125 Boswell Terrace, Manly Queensland 4179

Dear Trustees

#### Audit Engagement Letter

#### **Objectives and Scope of the Audit**

You have requested that we audit the financial statements of the D & M BRAKE SUPERANNUATION FUND for the year ended 30/06/2020. We are pleased to confirm our acceptance and understanding of this engagement by means of this letter.

Our audit will be performed in accordance with Australian Auditing Standards, the *Superannuation Industry* (*Supervision*) *Act* 1993 (SISA) and the *Superannuation Industry* (*Supervision*) *Regulations* (SISR) with the objective of expressing an opinion on the financial report and the fund's compliance with the specified requirements of the SISA and the SISR.

#### **Our Responsibilities**

We will conduct our audit in accordance with Australian Auditing Standards. Those Auditing Standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance as to whether the financial report is free from material misstatement.

An audit involves performing audit procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. An audit also includes evaluating the appropriateness of the financial reporting framework, accounting policies used and the implementation and operation of accounting and internal control systems that are designed to prevent and detect fraud and error, as well as evaluating the overall presentation of the financial report.

Because of the inherent limitations of an audit, together with the inherent limitations of internal control, there is an unavoidable risk that some material misstatement may not be detected, even though the audit is properly planned and performed in accordance with Australian Auditing Standards.

In making our risk assessments, we consider internal control relevant to the entity's preparation of the financial report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. We will, however, communicate to you in writing any significant deficiencies in internal control relevant to the audit of the financial report that we have identified during the audit.

#### **Trustees' Responsibilities**

Our audit will be conducted on the basis that the Trustee(s) acknowledge and understand that they have responsibilities:

- For the preparation of the financial report that gives a true and fair view in accordance with the Australian Auditing Standards, other mandatory reporting requirements and the SIS Act and SIS Regulations is that of the Trustee(s);
- For such internal control as the Trustee(s) determine is necessary to enable the preparation of the financial report that is free from material misstatement, whether due to fraud or error; and

- To provide us with:
  - Access to all information of which the Trustees are aware that is relevant to the preparation of the financial report such as records, documentation and other matters;
  - Additional information that we may request from the Trustees for the purpose of the audit; and
  - Unrestricted access to persons within the entity from whom we determine it necessary to obtain audit evidence.

As part of our audit process, we will request from Trustees written confirmation concerning representations made to us in connection with the audit.

Australian Auditing Standards require that we determine whether the financial reporting framework applied in the preparation of this special purpose of financial report is acceptable. If we determine the financial reporting framework to be unacceptable, we will not be able to undertake the audit engagement unless the framework is amended and then determined to be acceptable.

If a qualified audit report is to be issued following the completion of our audit, we will advise the details to you in a timely manner and prior to the issue of our report.

#### Audit of SIS Compliance

For the year ended 30/06/2020, we are required to form an opinion in respect of compliance with certain aspects of SIS. Our report must refer to the following sections and regulations:

Sections: 17A, 35AE, 35B, 35C(2), 52, 62, 65, 66, 67, 67A, 67B, 82-85, 103, 104, 104A, 105, 109, 126K

Regulations: 1.06(9A), 4.09, 4.09A, 5.03, 5.08, 6.17, 7.04, 8.02B, 13.12, 13.13, 13.14, 13.18AA, 13.22C

#### **Report on Significant Matters**

Under section 129 of the SISA we are required to report to you in writing if during the course of, or in connection with, our audit, we become aware of any contravention of the Act or Regulations which we believe has occurred, is occurring or may occur.

We are also required to report to the ATO, as regulator, any contravention of the SISA and the SISR, where we believe the contravention may affect the interests of the members of beneficiaries of the fund.

In addition, we are also required under section 130 to report to you if we believe the superannuation fund may be, or may be about to become, in an unsatisfactory financial position. If we are not satisfied with your response as Trustee(s) as to the action taken to rectify the situation or we receive no response, we are obliged to report the matter to the ATO.

A failure on the part of the Trustee to rectify these breaches to the satisfaction of the ATO may result in significant penalties to the Trustee and the fund itself.

In addition to our report on the financial statements, we will also report to you any material weaknesses in the fund's system of accounting and internal control which come to our notice during the course of our audit.

#### **Quality Control**

The conduct of our audit in accordance Australian Auditing Standards means that information acquired by us in the course of our audit is subject to strict confidentiality requirements. Information will not be disclosed by us to other parties except as required or allowed for by law or professional standards, or with your expressed consent. Our audit files may, however, be subject to review as part of the quality control review program of Regulators and or Professional Bodies which monitors compliance with professional standards by its members.

We advise you that by signing this letter you acknowledge that, if requested, our audit files relating to this audit will be made available under this program. Should this occur, we will advise you. The same strict confidentiality requirements apply under this program as apply to us as your auditor.

#### Independence/Conflict of Interest

We have established policies and procedures designed to ensure our independence, including policies on holding financial interests in the superannuation fund and other related parties, rotation of audit partners, business relationships, employment relationships, and the provision of non-audit services in accordance with professional statement APES 110 - Code of Ethics for Professional Accountants.

#### **Outsourced Services**

We do not use any outsourced services in overseas locations when conducting client assignments.

#### Data Storage

We use data storage located in the office but it may be replicated to other locations.

Accepting our services as part of this engagement agreement indicates your acceptance of the use of outsourced services, cloud hosted software and outsourced data storage under the conditions outlined above.

#### **Limitation of Liability**

Our firm's liability to you or any other user of the audit report is limited by a Scheme approved under Professional Standards Legislation.

#### Other

We would appreciate acknowledgement of terms and conditions set out in this letter. Please note that this letter will be effective for future years unless the terms of the engagement are altered by future correspondence.

Please sign and return the attached copy of this letter to indicate that it is in accordance with your understanding of the arrangements for our audit of the financial report.

If you have any queries in relation to this please contact me.

Yours sincerely ANTHONY BOYS - REGISTERED COMPANY AUDITOR

### **Projected Investment Strategy**

For the year ended 30 June 2021

#### Background

The Trustees of the Fund have devised this Investment strategy for the Fund considering the objective of the Fund and in line with the governing rules of the Fund and superannuation law. Through this investment strategy the Trustees are seeking to maximise the superannuation benefits for all its members of the Fund having regard to risk and reward of each type of investment.

Among other things, the Trustees have considered and determined that the Fund's current asset mix of assets are appropriate for its members for the financial year. Trustees have given regard to the members age and their in-ability to withdraw from the Fund their superannuation interests for retirement purposes in devising a strategy for the next financial year.

There are two members in the Fund.

David Brake is 65 years of age and has retired. His member balance as at 30 June 2020 was \$1,898,852.61.

Melissa Brake is 59 years of age and has retired, she intends to commence a pension in the 2021FY. Her member balance as at 30 June 2020 was \$1,834,907.57.

#### **Investment Objective**

To maximise returns and minimise the risks of investment of the Fund's assets in managing and providing superannuation benefits to members and their dependants in meeting their retirement needs.

To ensure all investments are consistent with the governing rules of the Fund and appropriate Superannuation Legislations and the Fund's investment strategy.

The Fund has invested in the following real estate properties in order to earn regular rental income.

Property	Owner
5/59 Oxford Street, Bulimba	D & M Brake Superannuation Fund
1/6 Palmer Place, Murarrie	Brake Investment Trust – 100% owned by the Fund
17/1029 Manly Road, Tingalpa	D & L Brake Investment Trust – 100% owned by the Fund

#### **Risk & Return on Investments**

Each investment decision will be made with due regard to the associated, risk and expected return. With this in mind, the Trustees will, from time to time, seek professional investment advice in order to assist in the process of determining what investments are suitable for the Fund and also taking into account the concerns of the members.

The overall strategy is to maximise the returns of the Fund's investments and minimise the exposure of risk from any particular investment, the Fund will try to maintain a diversified portfolio.

Considering the low returns on cash & money market and fixed interest investments, the Trustees have decided that they will not invest much of the Fund in this asset class.

Further, considering the current high share market locally in Australia and overseas, the Trustees have decided that they will not invest much of the Fund in this asset class.

In making a decision on the types of investments made by the Fund, the Trustees have consulted with the members in this regard. They have taken into account the members overall risk profile and their concerns about various investment opportunities.

After discussions with the members of the Fund, the Trustees have determined that they will invest most of the Fund in direct & in-direct property (via trust structures).

#### **Risk Associated with Limited Diversification**

The Trustees have given due consideration to the current objectives of the Fund, the current market risks of losing capital and returns of investing & holding one asset or one asset class.

After all considerations, the Trustees have come to the conclusion that the properties purchased by the Fund and in-directly through Trust structures are of good quality and will hold and increase in value in the near future.

The Trustee in deciding to hold most of the Fund assets in one asset class also considered the age of all the current members of the Fund, their wishes, current global investment climate and the Fund's cash requirements to meet its commitments current and next year's expenses.

The Trustees (and members of the Fund) are aware of risks associated with limited diversification of assets, but have decided that holding one asset class is an appropriate investment strategy for this and next financial year.

The Trustees understand that they have the right to make any investment that is permitted under the superannuation rules, the Fund's governing rules and may amend this investment strategy, in the future, to ensure that Fund investments are consistent with the investment strategy of the Fund and meet the investment objectives of the Fund.

Trustees will keep a close eye on the property market and the global share & interest earnings investment market and should there be opportunities available to the Fund, reconsider to amend the current investment mix to meet the objectives of this Fund.

#### Liquidity of Fund's Assets

Each investment decision will be made with due regard to the cash flow requirements of the Fund. The Trustees will consider the liabilities (current and prospective) of the Fund and ensure adequate cash is maintained by the Fund to meet its liabilities as and when they fall due.

The Fund's liquidity needs will be considered at the time of each investment and also during the regular review of the Fund's portfolio and investment strategy.

The Trustees have considered and determined that the current investment provides the Fund with all the necessary expenses of the Fund for the next year.

The Trustees are aware that David currently has an account based pension and that Melissa will commence an account based pension on or after her 60<sup>th</sup> birthday. In the current economic environment, income from the assets are sufficient to meet the minimum pension requirement.

#### Asset Class

The Fund's asset classes as at the beginning of the year (1st July 2019) and as close of the year (30th June 2020) are as below with the Trustees asset allocation for the following year:

Asset Class	Assets 1/07/2019 \$	Assets 30/06/2020 \$		t Range Fund A		Total
Australian Shares				% -		%
International Shares				<u>%</u> -		%
Cash	183,807	203,479	0	% -	30	%
Australian Fixed Interest	423,263	220,116	0	% -	30	%
International Fixed Interest				% -		%
Mortgages				% -		%
Direct Property	3,217,045	3,266,320	60	% -	100	%
Listed Property				% -		%
Other	0	0	0	% -	10	%

#### **Insurance Cover**

The Trustees will assess the need of insurance for all members and will seek financial insurance advice where necessary to ensure all members are adequately insured. Insurance policies may be held by the Fund or by members personally.

Trustees have considered insurance for all the assets of the Fund against fire and other natural perils. Since two of the properties are owned via a Trust, the Trustees have ensured that the properties are insured by the Trust.

#### Review

This Fund's strategy will be reviewed regularly and updated if any modifications are required.

Approved at meeting of Trustees dated: 31 / 01 / 2020
