FIIG strongly recommends that you seek independent accounting, financial, taxation and legal advice, tailored to your specific objectives, financial situation and needs, prior to making any investment decision. FIIG does not provide tax advice and is not a registered tax agent or tax or financial advisor, nor are any of FIIG's employees or authorised representatives. FIIG does not make a market in the securities or products that may be referred to in this document. A copy of FIIG's current Financial Services Guide is available at [www.fiig.com.au/fsg](http://www.fiig.com.au/fsg).

An investment in notes, bonds or securities should not be compared to a bank deposit. Notes, bonds and securities have a greater risk of loss of some or all of an investor's capital when compared to bank deposits. Past performance of any product described in any communication from FIIG is not a reliable indication of future performance. Forecasts contained in this document are predictive in character and based on assumptions, such as a 2.5% p.a. assumed rate of inflation (unless otherwise specified), foreign exchange rates, or forward interest rate curves generally available at the time, and no reliance should be placed on the accuracy of any forecast information. The actual results may differ substantially from the forecasts and are subject to change without further notice. FIIG may quote to you an estimated yield when you purchase a bond. This yield may be calculated by FIIG on either A) a yield to maturity date basis; or B) a yield to early redemption date basis. Some bond issuances include multiple early redemption dates and prices, therefore the realised yield earned by you on the bond may differ from the yield estimated or quoted by FIIG at the time of your purchase. The information in this document is strictly confidential. If you are not the intended recipient of the information contained in this document, you may not disclose or use the information in any way. No liability is accepted for any unauthorised use of the information contained in this document. FIIG is the owner of the copyright material in this document unless otherwise specified.
