### IMPORTANT INFORMATION

The rate quoted is an indication/estimate only, not the confirmed rate you will actually receive.

Rates are confirmed by the Commonwealth Bank each business day between 11am and 12pm (Sydney time) and will be displayed in the 'History' section below once the transaction is completed. A foreign exchange conversion fee will be applied to each FX transfer request processed, refer to CommSec's Financial Services Guide for more information on the fees we charge.

Transfer requests submitted prior to 11am (Sydney time) will be processed the same business day, with the funds available for trading within two business days. Requests received after this time will be processed the following business day. If your funds are not yet available, refer to the 'History' section for the status of your transfer, prior to submitting a duplicate request.

An additional rate request will be confirmed by the Commonwealth Bank each business day for USD deposit requests submitted between 11am and 2pm (Sydney time), with the funds available for trading within two business days. Requests received after this time will be processed the following business day.

Fund transfers can be cancelled prior to the 11am (Sydney time) cut off by contacting the International Securities Desk on 1300 361 170.
