### When referring to an amount from 'last year' on this notice

If you have made a change to your policy in the last 12 months, when we refer to an amount from last year, it may not be the amount you paid. To provide a more useful comparison, we are showing you an amount for your cover as of your most recent change.

### \*Why your premium may change

Each year your premium is likely to change even if your personal circumstances haven't. Factors like the number of claims we experience, improved data and changes to the cost of running our business can impact your premium. Your premium may also be impacted by changes to discounts.
