About your water and sewerage charges

The standard charges explained:

Sewerage access charge

This charge is in arrears. It is for ongoing connection and/or access to the City's sewerage transportation and treatment system.

Sewage volume charge (multi-unit residential and non-residential property only)

A volumetric charge per kilolitre of sewage deemed to have been discharged from the property into the City's sewerage transportation and treatment system.

Water access charge

This charge is in arrears. It is for ongoing connection and/or access to the City's water distribution system.

Water usage charge

Water usage, as measured by your water meter, is charged per kilolitre (1000 litres). Water usage is divided into retail water and bulk water charges. If access to read your water meter was not available, water usage may have been estimated for this account based on previous use. This will be indicated on your account.

Non-drinking water usage charge (select Pimpama-Coomera customers only)

This is a charge applicable to select Pimpama-Coomera customers only or non-drinking water usage, as measured by your purple non-drinking water meter and charged per kilolitre (1000 litres).

Visit cityofgoldcoast.com.au/nondrinkingwater for further information.

Visit cityofgoldcoast.com.au/mywaterbill to understand more about your water bill.

How to read your water meter

Your water meter is normally located at the front of your property.

Black numbers represent kilolitres and are used for billing.

The red numbers on your water meter represent litres. To calculate your daily water use, please follow the instructions below.

Numbers only meter

- 1 Day one, record all numbers that you see here. Note the time of day.
- 2 Day two, repeat step 1. Conduct this reading at the same time as you did the reading on day one.
- 3 Subtract the numbers recorded on day one from day two. This is your household's daily water usage.

Please note, if there are four red digits on the water meter, the last digit (on the far right) is a tenth of a litre. In these instances, do not record the last red digit.

or

Numbers and clock meter

- 1 Day one, record all numbers that you see here. Secondly, record numbers found here. Record the first three red dial numbers in a clockwise direction, that is, right to left. Note the time of day. **Both steps should provide you with a number similar to the diagram example 00030509.**
- 2 Day two, repeat step one. Conduct this reading at the same time as you did the reading on day one.
- 3 Subtract the numbers recorded on day one from day two. This is your household's daily water usage.

Day one: Record numbers from your water meter as per instructions above.

Day two: At the same time as day one, record numbers from your water meter as per instructions above.

____ _ ____ _ ____ _ L ____ _ ____ _ ____ _ L

Subtract the number found on day one from the number found on day two.

This is your household's daily water usage.

____ _ ____ _ ____ _ L

Frequently asked questions

What is a Drop and Go?

To make recycling green organics easier we've created Green Waste Drop and Go zones, which eliminate the need for lifting and loading into bins and provide a faster trip and reduced waiting times. You now have the flexibility to dispose of large quantities of green waste at your convenience at our Green Waste Drop and Go zones located at Reedy Creek, Molendinar, Merrimac, Staplyton and the green waste centre at Pimpama. Visit cityofgoldcoast.com.au/greenwaste

What day will my bin be collected?

Use the online bin day finder form (residential properties only) on our City website and simply enter your street name and suburb to find out your bin collection day and which week is your recycling week. Waste collection services operate as usual on public holidays, but it's recommended you put your bins out the night before as collection times may differ. For information visit cityofgoldcoast.com.au/mybinday

Am I responsible for my water meter?

City of Gold Coast owns the water meter (including the first nut and tail on the property side of the water meter). The property owner is responsible for ensuring it is accessible for reading, and for the pipes and fittings connected to the meter tail on the property side of the water meter. If there is water leaking from any fitting connected to the meter tail, please fix it fast! For information visit cityofgoldcoast.com.au/watermeters

WATER METER READINGS

Meter Number	Current Read Date	Current Reading	Previous Read Date	Previous Reading	#Days Charged	Cons (kL)
ABE35800	16 MAR 21	417	8 DEC 20	401	98	16
TOTAL(kL)						16

Your average daily water usage = 163 litres (or 0.163 kL)

Your total average daily cost = \$3.25

The city's average daily residential water usage = 458 litres (or 0.458 kL) per property.

The property's water usage may be influenced by a number of factors including number of occupants, property type, property size and own water use behaviours. If you're concerned about your usage, visit cityofgoldcoast.com.au/waterleaks for instructions on how to check for concealed leaks.

In accordance with the *Local Government Act 2009*, *Local Government Regulation 2012*, *South East Queensland Water (Distribution and Retail Restructuring) Act 2009*, *Water and Wastewater Services Code for small customers in South East Queensland* and Council of the City of Gold Coast's (Council) adopted budget resolutions, all water and sewerage charges are due and payable within 31 days of the issue of the water and sewerage rate notice on which the charges are levied. Any overdue amounts will attract penalty interest at the appropriate rate until either full payment (including the interest) is made or a satisfactory payment arrangement is approved by Council.

Let's save water together

Our drinking water is moved within the SEQ region depending on where it's needed most. Whatever the weather, everyone and every drop counts.

Support for customers

The City is offering extra support and flexibility to ratepayers who might be experiencing difficulty paying in full by the due date resulting from the impacts of COVID-19.

A number of flexible payment plan options may be available on application, giving you extra time to pay. Depending on your situation we can extend your due date for a short time, or set up a longer term payment plan for regular weekly or fortnightly payments.

Our team will identify customers who may benefit from our Plumbing Assist program to help them reduce water loss which impacts their water bill. Terms and conditions apply.

For more information visit cityofgoldcoast.com.au/waterassist
