Ashton Superannuation Fund

I am responsible for ensuring that the fund complies with the *Superannuation Industry (Supervision) Act 1993* (SISA) and other relevant legislation. The Commissioner of Taxation (the Commissioner) has the authority and responsibility for administering the legislation and enforcing the fund's compliance with the law.

I must keep myself informed of changes to the legislation relevant to the operation of my fund and ensure the trust deed is kept up to date in accordance with the law and the needs of the members.

If I do not comply with the legislation, the Commissioner may take the following actions:

- impose administrative penalties on me

- disqualify me from being a trustee or director of a corporate trustee of any superannuation fund in the future
- remove the fund's complying status, which may result in a significant tax penalty on the fund
- prosecute me under the law, which may result in fines or imprisonment.

SOLE PURPOSE

I understand it is my responsibility to ensure the fund is maintained for the purpose of providing benefits to its members upon their retirement (or attainment of a certain age) or their beneficiaries if a member dies.

TRUSTEE DUTIES

I understand that by law I must:

- act honestly in all matters concerning the fund
- exercise skill, care and diligence in managing the fund
- act in the best interests of all the members of the fund
- ensure that retirement benefits are only accessed by members upon a legitimate condition of release being met
- not enter into transactions that circumvent restrictions on the payment of benefits
- ensure that my money and other assets are kept separate from the money and other assets of the fund
- take appropriate action to protect the fund's assets (for example, have sufficient evidence of the ownership of fund assets)
- not enter into any contract or do anything that would prevent me from, or hinder me in, properly performing or exercising my functions or powers as a trustee or director of the corporate trustee of the fund
- prepare and implement an investment strategy that takes the whole of the fund's circumstances into account, which includes, but is not limited to
 - the risks associated with the fund's investments
 - the likely return from investments, taking into account the fund's objectives and expected cash flow requirements
 - investment diversity and the fund's exposure to risk due to inadequate diversification
 - the liquidity of the fund's investments having regard to the fund's expected cash flow requirements in discharging its existing and prospective liabilities
- allow all members of the fund to have access to information and documents as required, including details about
 - the financial situation of the fund
 - the investments of the fund
 - the members' benefit entitlements.

Investment restrictions

I understand that, as a trustee or director of the corporate trustee of the fund, subject to certain limited exceptions specified in the law, I am prohibited from the following:

- lending money of the fund to, or providing financial assistance to, a member of the fund or a member's relative (financial assistance means any assistance that improves the financial position of a person directly or indirectly, including the provision of credit)
- acquiring assets (other than business real property, listed securities, certain in-house assets and acquisitions made under mergers allowed by special determinations or acquisitions as a result of a breakdown of a relationship) for the fund from members or other related parties of the fund
- borrowing money (or maintaining an existing borrowing) on behalf of the fund except in certain limited circumstances
- having more than 5% of the market value of the fund's total assets at the end of the income year as in-house assets (these are loans to, or investments in, related parties of the fund – including trusts – or assets subject to a lease or lease arrangement between the trustee and a member, relative or other related party)
- entering into investments on behalf of the fund that are not made or maintained on an arm's length (commercial) basis (this ensures the purchase or sale price of the fund's assets reflects their market value).

Accepting contributions and paying a benefit

I understand that I can only accept contributions and pay benefits (pensions or lump sums) to members or their beneficiaries when the conditions specified in the law and the fund's trust deed have been met.

Administration

I understand that the trustees of the fund must:
