Dear Tony,

Re: Valuation of Brisbane Taxi Service Licence

Thank you for your inquiry regarding the estimated value of a Brisbane taxi service licence.

The average sale prices registered by Department of Transport and Main Road for Brisbane taxi service licences sold in the past 12 months is \$35,233

Black & White Cabs does not issue valuations for a taxi service licence and is not a valuer nor has expertise in this area.

Should you require further clarification of the above or have any questions, please do not hesitate to contact me.

Kind regards

N. Morris
