CORPORATE ACTIONS – PROCESSED DURING THE 2020/2021 FINANCIAL YEAR

Magellan Global Trust (MGG)

Scheme of arrangement whereby Magellan Global Trust (MGG) underwent a restructure. As per the terms of the scheme, all MGG units were acquired by Magellan Global Fund - Closed Class (MGF). MGG unitholders received one MGF unit for every MGG Unit held.

A unitholder made a capital gain to the extent that the capital proceeds exceeded the cost base of the units disposed of under the scheme. Similarly, a unitholder made a capital loss if the capital proceeds were less than the reduced cost base of those units.

Capital proceeds were equal to the market value of the MGF units received. The market value was determined by the VWAP of the MGF units on implementation date of 8 December 2020.

Scrip for scrip rollover relief was available for eligible MGG unitholders. The consequences of choosing rollover relief was that any capital gain was disregarded. The cost base of the replacement MGF was equal to the cost base of their original MGG units.

Where scrip for scrip rollover relief was not available or taken, the cost base of the MGF units was equal to the market value received. This was calculated using the VWAP from 8 December 2020.
