Important Information

Under the relevant law, ETF issuers are required to provide investors with periodic statements, setting out the performance of their investment and to include details of their transactions and other information, which takes place on an annual basis, or where investors exit the fund. The information set out in this statement should be considered together with any statements or other information you have received from your broker and advisors.

The information includes the opening and closing balances of your investment (where possible), the details of management costs and other information in relation to your investment.

Given the nature of your investment and the fact that any transactions in which you take part occur on market, we will not have the details of the prices at which you transacted and therefore may also not be able to calculate the return on your investment. Where that is the case, we encourage you to refer to any statements you may have received from your broker, which may set out the relevant details.
