- Please keep this statement for your records

This final statement covers your risk only superannuation interest in ClearView LifeSolutions Super. If you were funding the insurance premiums via rollover, this final statement includes information on your interest in ClearView LifeSolutions Super Rollover.

Value of your Investment

Opening balance of your investment as at 1 July 2022	\$446.05
Closing balance of your investment as at 7 September 2022	\$446.05
Net Earnings during the period*	\$0.00

*Net earnings represent the total return on your investment during the statement period.

The withdrawal benefit is a notional amount based on the value which would have been available (before any applicable taxes and after the deduction of management costs, as reflected in the unit price) had you voluntarily closed on that date. As there are currently no fees applying to withdrawals from your account, the withdrawal benefit above is the number of units held multiplied by the unit price for that investment option. Unit prices may change each day. You can call the Unit Price Hotline on 1800 043 367 or go to clearview.com.au to find out the most recent unit price.

Please Note

Certain Government taxes may be directly payable from your account (such as contribution tax for example). Such taxes may be applied in future periods, if so they will appear in future statements.

Your fee summary

Please see overpage...

Indirect costs of your investment \$0.91

This approximate amount has been deducted from your investment and covers amounts that have reduced the return on your investments but are not charged as a fee.

Other fees of your investment \$0.00

This approximate amount or amounts have been deducted from your investment and covers fees that are not reflected as transactions on this statement.

Total fees you paid* \$0.91

This approximate amount includes all the fees and costs which affected your investment during this period. This includes the indirect costs of your investment as mentioned above.

*The costs shown above are based on the standard ongoing indirect cost applied to the investment option you were invested in.

Additional explanation of fees and costs

If your account balance is less than \$6,000 at the end of the HUB24 Super Fund (which includes LifeSolutions Super and LifeSolutions Super Rollover) income year the total combined amount of administration fees, investment fees and indirect costs charged to you is capped at 3% of your account balance. Any amount charged in excess of that cap will be refunded.

Access to your investment

Retaining benefits in superannuation until retirement is called "preservation". People usually have a portion, if not all, of their superannuation benefit being preserved. If you meet a 'condition of release' your funds can be withdrawn and released to you.

Your account at 7 September 2022 is made up of the following components:

Preserved	\$446.05
Restricted non-preserved	\$0.00
Unrestricted non-preserved	\$0.00
Total	<hr/> \$446.05 <hr/>

Non-preserved benefits are divided into two types:

- Restricted non-preserved – which can be accessed on retirement and upon meeting certain other conditions of release, and
- Unrestricted non-preserved – which you can access at any time.

Termination of your membership

This information confirms the termination of your membership in ClearView LifeSolutions Super Rollover and ClearView LifeSolutions products.

Any beneficiary nomination(s) on this account ceased when you closed your account. If you wish to nominate a beneficiary for a new fund you must contact the new fund directly.
