9.589.21

\* 3 Forms part of the Foreign Credits calculation for Tax Label 11D, D1, 13C1.

\*4 Taxable Income is designed to match Tax Statement provided by Fund Manager.

Taxable Income in the SMSF Annual Return will be different due to application of Capital Losses in Net Capital Gain calculation and application of different discount method.

\* 5 This is the discount rate selected for the transaction. "S" being Super Funds at 1/3 and "I" being Individual at 50%.

19.327.94

\* 6 AMIT cost base net increase is reflected as negative amount i.e. negative tax deferred and AMIT cost base net decrease is reflected as positive amount i.e. positive tax deferred.

\*7 Sum of Income Before Credits reconciles with Taxable Trust Distributions in Statement of Taxable Income.

<sup>\*</sup> Variance between Payment Received and Net Cash Distribution.

# Tax statement for the year ended 30 June 2023

Incorporating an AMMA statement required under the Income Tax Assessment Act 1997

## Part B - Information for resident investors to complete their tax return

The tables on page 2 contain the information to be inserted into your tax return.

If you use a tax agent to prepare your income tax return, advise them to rely on the information in this statement rather than information that may be displayed in the tax agent's pre-filling service.

If you use myTax to prepare your income tax return, check the pre-filled amounts against this statement and correct them if necessary.

The information provided below assumes you were a resident of Australia for income tax purposes for the whole of the financial year. Additional information provided in Part C may be required by some taxpayers when completing their tax return. Information in Parts C and D may be relevant to capital gains tax calculations on disposal of your units.

We are required to report the information shown on this statement to the Australian Taxation Office. Please retain this statement for income tax purposes.

### Part B - Information for resident investors to complete their tax return

The four tables contain the information to be inserted into your tax return. They follow the structure of the *Tax Return for individuals (supplementary section) 2023.* Each line identifies a *Tax return label* to indicate where in the tax return the numbers below are to be inserted. On the tax return these labels are the white letters inside coloured boxes.

Partnerships and trusts – Non-primary production

Item	Amount	Tax return label
Share of net income from trusts	\$0.00	13U
Franked distributions from trusts	\$2.22	13C

### Share of credits from income and tax offsets

Item	Amount	Tax return label
Share of franking credit from franked dividends	\$2.22	13Q
Share of credit for tax file number amounts withheld	\$0.00	13R

### Capital Gains

Item	Amount	Tax return label
Net capital gain*	\$448.46	18A
Total current year capital gains	\$747.40	18H

### Foreign Source Income and foreign assets or property

Item	Amount	Tax return label
Assessable foreign source income	\$0.00	20E
Other net foreign source income	\$0.00	20M
Foreign income tax offset**	\$0.00	200

\*You may have capital losses from the sale of your units or from other sources to offset against this amount.

\*\*Where the foreign income tax offset amount shown is more than \$1,000 you should consult the Australian Taxation Office's Guide to foreign income tax offset rules 2023 to determine whether you are entitled to claim the full amount.

Enquiries about this statement can be made to <u>enquiries@vaneck.com.au</u>.

This guide provides general information and has been prepared to assist you in understanding the various components of the Attribution Managed Investment Trust Member Annual (AMMA) Statement which you have received from the Fund in relation to the year ended 30 June 2023. This guide has been prepared to assist you in completing your income tax return for the year ending 30 June 2023.

Australian tax laws are complex and each unitholder's particular circumstances will be different. You should seek your own tax advice before taking any action based on this guide and consult your professional tax advisor for advice specific to your circumstances. This guide should be read in conjunction with the Australian Taxation Office's (ATO's) instructions and publications. The comments contained in this guide do not constitute legal, tax or financial planning advice. They are general in nature, offered on an informative basis only and are not intended to cover all of the potential tax consequences in relation to a particular unitholder. Certain items discussed in this guide may not apply to certain unitholders (for example, due to the unitholder's residency, entity type or some other factor).

The Fund is an Attribution Managed Investment Trust (AMIT) for the year ended 30 June 2023. Your AMMA Statement includes amounts attributed to you from the Fund relating to the year ended 30 June 2023. You may be required to include these amounts in your tax return for the 2023 financial year.

This AMMA Statement is prepared for an Australian resident individual investor who holds units in the Fund on a capital account. Unitholders should seek professional taxation advice in relation to this AMMA statement.

#### Part A - Your details

Part A are the details you provided and reported at the time this statement was generated.

#### Part B - Tax return information

Part B is a summary of the amounts attributed to you from the Fund that are relevant for the completion of your 2023 tax return. Depending on your circumstances, you may be able to copy the amounts from Part B of this AMMA statement to your corresponding labels of the Tax Return (Supplementary Section) 2023. The breakdown of the components is shown in Part C of your AMMA statement.

#### Part C - Component of attribution

This section of your AMMA Statement gives you a detailed breakdown of the cash paid to you and the amounts attributed to you. The information in Part C of your AMMA Statement may be required for you to complete other parts of your income tax return.

#### 1. Australian income

The details provide a breakdown of Label 13U Non-primary production income and Label 13C Franked distributions from trusts. This information may be necessary for those investors who use the Application for refund of franking credits for individuals during 2023.

#### 2. Capital gains

Capital gains discount - Taxable Australian Property (TAP) and Non-Taxable Australian Property (NTAP) The capital gains tax (CGT) discount is generally available for gains on the disposal of investments that have been held for at least 12 months. These items are that part of the Fund's net capital gain that represents discount capital gains paid and attributed to you. Resident individuals and trusts (conditions apply) may be eligible for a 50% CGT discount and resident complying superannuation funds may be eligible for a 33.33% CGT discount. Companies are not eligible for the CGT discount.

Capital gains other - Taxable Australian Property (TAP) and Non-Taxable Australian Property (NTAP) These items are capital gains paid and attributed to you in relation to the disposal of investments held by the Fund which are held for less than 12 months. The CGT discount is not available in relation to such gains.

#### Net capital gains

This amount represents the taxable capital gains which is the sum of the capital gains (discounted and other methods) and any foreign tax paid on capital gains.

#### AMIT CGT gross up amount

This item shows the additional amount treated as capital gains of a unitholder under ss 276-85(3) and (4) of the Income Tax Assessment Act1997 (ITAA 1997), and is included in the AMIT cost base increase amount under s104-107E of the ITAA 1997. This amount is equal to the sum of the attribution column for Capital gains discount - Taxable Australian Property (TAP) and Capital gains discount - Non-Taxable Australian Property (NTAP).

#### Other capital gains distribution

Other capital gains distributions are shown in the Cash distribution column to represent the total amount of cash distributed in relation to all capital gains, other than the amounts already shown in the Cash distribution columns for Capital gains discount - NTAP & TAP and Capital gains other - NTAP & TAP.

#### 3. Foreign income

The Foreign income section includes all foreign income except foreign capital gains. Foreign tax paid on foreign income (other than foreign capital gains) is also shown here.

4. Other non-assessable amounts and cost base details

Other non-assessable amounts have been divided into three categories depending on the nature of the amount. These amounts may not be immediately assessable for income tax purposes and may not be required to be included in your tax return. However, they may be relevant when determining any adjustment to the cost base of your unit holding and may be relevant in working out your gain/loss at the time you dispose of your units in the Fund.

#### Other non-attributable amounts

Other non-attributable amounts are cash distributions paid to you that exceed the attribution amount, to the extent they are not already shown in other components. These amounts are reflected in the calculation of the AMIT cost base net amount - excess or shortfall. It does not include Other capital gains distributions which are shown at the capital gains section.

#### AMIT cost base net amounts

Under the AMIT regime you are required to adjust your cost base of your units as follows:

AMIT cost base net amount - excess (decrease). You must reduce the cost base and reduced cost base of your units in the Fund by the AMIT cost base net amount - excess. A capital gain may also arise if your AMIT cost base net amount - excess is greater than your cost base of your units in the Fund. AMIT cost base net amount - shortfall (increase). You must increase the cost base and reduced cost base of your units in the Fund by the AMIT cost base net amount - shortfall.

The responsible entity or the Trustee of the Magellan Global Fund (Open Class Units) ("Fund") considers that the Fund is a withholding Managed Investment Trust ("MIT") for the purposes of subdivision 12-H of Schedule 1 to the Taxation Administration Act 1953 ("TAA") for the year ended 30 June 2023. The Fund is an Attribution Managed Investment Trust ("AMIT") in relation to the year ended 30 June 2023.

The fund payment information below is provided solely for the purposes of Subdivisions 12A-B, 12A-C of Schedule 1 to the TAA in order to determine withholding MIT non-resident withholding tax and to assist entities with withholding obligations that may arise in respect of amounts paid to non-residents and should not be used for any other purpose.

Components	Cents per unit
Australian-sourced interest	0.00017612
Unfranked Australian dividends	0.0000000
Managed investment trust fund payment (exclusive of NCMI and Excluded NCMI)	0.0000000
Non-concessional managed investment trust income (NCMI)	0.0000000
Excluded non-concessional managed investment trust income (Excluded NCMI)	0.0000000

Australian resident unitholders should not rely on this information for the purposes of completing their income tax returns. Details of the full year AMIT determined components will be provided in the 2023 AMIT Member Annual ("AMMA") Statement for the Fund. The AMMA Statement for the Fund will be sent to unitholders after 30 June 2023.

Please note information contained in this document is a reference guide ("Guide") only. This Guide is suited for use by non-resident unitholders invested into the Fund. This Guide is a summary only and is not intended to provide a detailed analysis of each aspect of the relevant Australian Taxation laws. The effects of the Australian taxation laws are very complex, we therefore recommend that you consult your financial adviser, accountant or obtain specialised taxation advice.

This guide provides general information and has been prepared to assist you in understanding the various components of the Attribution Managed Investment Trust Member Annual (AMMA) Statement which you have received from the Fund in relation to the year ended 30 June 2023. This guide has been prepared to assist you in completing your income tax return for the year ending 30 June 2023.

Australian tax laws are complex and each unitholder's particular circumstances will be different. You should seek your own tax advice before taking any action based on this guide and consult your professional tax advisor for advice specific to your circumstances. This guide should be read in conjunction with the Australian Taxation Office's (ATO's) instructions and publications. The comments contained in this guide do not constitute legal, tax or financial planning advice. They are general in nature, offered on an informative basis only and are not intended to cover all of the potential tax consequences in relation to a particular unitholder. Certain items discussed in this guide may not apply to certain unitholders (for example, due to the unitholder's residency, entity type or some other factor).

The Fund is an Attribution Managed Investment Trust (AMIT) for the year ended 30 June 2023. Your AMMA Statement includes amounts attributed to you from the Fund relating to the year ended 30 June 2023. You may be required to include these amounts in your tax return for the 2023 financial year.

This AMMA Statement is prepared for an Australian resident individual investor who holds units in the Fund on a capital account. Unitholders should seek professional taxation advice in relation to this AMMA statement.

#### Part A - Your details

Part A are the details you provided and reported at the time this statement was generated.

#### Part B - Tax return information

Part B is a summary of the amounts attributed to you from the Fund that are relevant for the completion of your 2023 tax return. Depending on your circumstances, you may be able to copy the amounts from Part B of this AMMA statement to your corresponding labels of the Tax Return (Supplementary Section) 2023. The breakdown of the components is shown in Part C of your AMMA statement.

#### Part C - Component of attribution

This section of your AMMA Statement gives you a detailed breakdown of the cash paid to you and the amounts attributed to you. The information in Part C of your AMMA Statement may be required for you to complete other parts of your income tax return.

#### 1. Australian income

The details provide a breakdown of Label 13U Non-primary production income and Label 13C Franked distributions from trusts. This information may be necessary for those investors who use the Application for refund of franking credits for individuals during 2023.

#### 2. Capital gains

Capital gains discount - Taxable Australian Property (TAP) and Non-Taxable Australian Property (NTAP) The capital gains tax (CGT) discount is generally available for gains on the disposal of investments that have been held for at least 12 months. These items are that part of the Fund's net capital gain that represents discount capital gains paid and attributed to you. Resident individuals and trusts (conditions apply) may be eligible for a 50% CGT discount and resident complying superannuation funds may be eligible for a 33.33% CGT discount. Companies are not eligible for the CGT discount.

Capital gains other - Taxable Australian Property (TAP) and Non-Taxable Australian Property (NTAP) These items are capital gains paid and attributed to you in relation to the disposal of investments held by the Fund which are held for less than 12 months. The CGT discount is not available in relation to such gains.

#### Net capital gains

This amount represents the taxable capital gains which is the sum of the capital gains (discounted and other methods) and any foreign tax paid on capital gains.

#### AMIT CGT gross up amount

This item shows the additional amount treated as capital gains of a unitholder under ss 276-85(3) and (4) of the Income Tax Assessment Act1997 (ITAA 1997), and is included in the AMIT cost base increase amount under s104-107E of the ITAA 1997. This amount is equal to the sum of the attribution column for Capital gains discount - Taxable Australian Property (TAP) and Capital gains discount - Non-Taxable Australian Property (NTAP).

#### Other capital gains distribution

Other capital gains distributions are shown in the Cash distribution column to represent the total amount of cash distributed in relation to all capital gains, other than the amounts already shown in the Cash distribution columns for Capital gains discount - NTAP & TAP and Capital gains other - NTAP & TAP.

#### 3. Foreign income

The Foreign income section includes all foreign income except foreign capital gains. Foreign tax paid on foreign income (other than foreign capital gains) is also shown here.

4. Other non-assessable amounts and cost base details

Other non-assessable amounts have been divided into three categories depending on the nature of the amount. These amounts may not be immediately assessable for income tax purposes and may not be required to be included in your tax return. However, they may be relevant when determining any adjustment to the cost base of your unit holding and may be relevant in working out your gain/loss at the time you dispose of your units in the Fund.

#### Other non-attributable amounts

Other non-attributable amounts are cash distributions paid to you that exceed the attribution amount, to the extent they are not already shown in other components. These amounts are reflected in the calculation of the AMIT cost base net amount - excess or shortfall. It does not include Other capital gains distributions which are shown at the capital gains section.

#### AMIT cost base net amounts

Under the AMIT regime you are required to adjust your cost base of your units as follows:

AMIT cost base net amount - excess (decrease). You must reduce the cost base and reduced cost base of your units in the Fund by the AMIT cost base net amount - excess. A capital gain may also arise if your AMIT cost base net amount - excess is greater than your cost base of your units in the Fund. AMIT cost base net amount - shortfall (increase). You must increase the cost base and reduced cost base of your units in the Fund by the AMIT cost base net amount - shortfall.

1. This dividend is 100% franked

2. The franking credit has been calculated at the tax rate of 30%.

### LIC Capital Gain Tax Deduction Information

The Company qualifies as a Listed Investment Company (LIC) for income tax purposes. Certain Australian resident shareholders are entitled to claim a deduction for a percentage of the attributable part of a dividend paid by an LIC. The attributable part is sourced from net capital gains on portfolio investments held for more than 12 months at the time of the disposal of the asset.

This dividend includes a LIC Capital Gain component of 15 cents per share.

The attributable part of the above dividend is \$295.71

The tax deduction is available as follows:

- 1. If you are an individual, trust or partnership; 50% of the attributable part. \$147.86
- 2. If you are a complying superannuation entity; 33 1/3% of the attributable part. \$98.57

However, if you are a trust or a partnership, and a beneficiary of the trust or a partner in the partnership is not an individual, all or part of that entity's share of the deduction may be required to be included in their assessable income

1	Bank account details Dividends will only be paid directly into an Australian dollar bank account. A dividend payment statement will be provided for each payment.
2	<b>Email address</b> Communication by email means you can be promptly notified of key announcements, when dividend payments are made and when statements can be accessed online.
3	<b>TFN, TFN exemption or ABN</b> Providing your Tax File Number (TFN), TFN exemption code or Australian Business Number (ABN) is optional. However, without these details Westpac may be required to withhold Australian tax, from any dividend that is not 100% franked, at the highest marginal tax rate plus the Medicare levy.

# How to update your details/preferences online

1. Log into your Link Portfolio at linkmarketservices.com.au

Click **Payments & Tax** (at the top of the page) and select from the drop-down menu. Select: **Payment instructions**, to update your bank account details; **Tax details**, to update your TFN/ABN; and **Reinvestment Plans**, for Dividend Reinvestment Plan instructions (if applicable).

**2.** Click **Communications** (at the top of the page) and select from the drop-down menu.

Select: **Preferences**, to update how you would like to receive your information; and **Address details** to update your address.

It is important to note that your Link Portfolio contains a range of other information on your holding including payment history, tax history, forms for updating your details if required and the ability to vote at company meetings. You may also grant read only access to your portfolio to a third party (such as your accountant or tax advisor) which may help in managing your affairs.

If you do not have access to the internet, you can call Link for the relevant forms to update your details. Instructions on where to send the forms is on each form.

# Update your details online

- Go to Link's Investor Centre at linkmarketservices.com.au and select Investor Login or scan the QR Code (above).
- 2. Enter your email address and password in **Portfolio Login**\*.
- **3.** If you do not have a Portfolio\*, please set one up by following the instructions below.

\*Authentication will be required. Setting up a Portfolio allows you to manage your holdings across issuers who use Link as their registrar. For security reasons, if your holding is large, you may not be able to update your bank account details, address or other elections online. After logging in to Link's Investor Centre, if you do not have the option to update your details, please complete the relevant forms (available on Link's website or by calling Link) and return them to Link.

### How to register a Portfolio

- Go to Link's Investor Centre at linkmarketservices.com.au and select Investor Login or scan the QR Code (above).
- 2. Select Register Now.
- Verify your email address and register with your personal details & set-up multi-factor authentication.
- Add holding You will need your HIN/ SRN. This information is available on your holding statement.
- Enter your postcode. If your registered address is overseas, select Outside Australia and highlight your country of residence from the drop-down list. Follow the prompts from there.

# Download the Link Investor Centre App to easily manage your investments

You can also manage your Link Portfolio on the go. Simply download the **Link Investor Centre** mobile app from Apple Store or Google Play.

### Declaration

This form has a declaration where you sign to indicate that the information in it is correct and complete. Please review the information before you sign the declaration. If you provide false or misleading information, or fail to take reasonable care, you may be liable to administrative penalties imposed by taxation law.

Complete this declaration if you have already lodged a valid notice with your fund for these contributions and you wish to reduce the amount stated in that notice.

### VARIATION OF PREVIOUS VALID NOTICE OF INTENT

I declare that at the time of lodging this notice:

Name (Print in BLOCK LETTERS)

- I intend to claim the personal contributions stated as a tax deduction
- 📾 I am a current member of the identified super fund
- the identified super fund currently holds these contributions and has not begun to pay a superannuation income stream based in whole or part on these contributions.

I declare that I wish to vary my previous valid notice for these contributions by **reducing** the amount I advised in my previous notice and I confirm that either:

- I have lodged my income tax return for the year in which the contribution was made, prior to the end of the following income year, and this variation notice is being lodged before the end of the day on which the return was lodged, or
- I have not yet lodged my income tax return for the relevant year and this variation notice is being lodged on or before 30 June in the financial year following the year in which the personal contributions were made, or
- the ATO has disallowed my claim for a deduction for the relevant year and this notice reduces the amount stated in my previous valid notice by the amount that has been disallowed.

I declare that the information given on this notice is correct and complete.

Dear shareholder

### **Confirmation of Implementation of the Scheme**

I am pleased to confirm that on 3 January 2023 ANZ implemented the scheme of arrangement to establish a non-operating holding company, ANZ Group Holdings Limited (**ANZ NOHC**) as the new listed parent company of the ANZ Group (**Scheme**). This is the first step in our restructure, and will be shortly followed by the separation of ANZ's banking and certain non-banking businesses within the ANZ Group.

### **Your ANZ Shares**

As part of the Scheme, ANZ shareholders have exchanged their existing ANZ shares for shares in ANZ NOHC.

Enclosed with this letter is a confirmation of your new shareholding in ANZ.

There has been no change to the number of ANZ shares you hold as a result of the Scheme.<sup>1</sup>

Your shares in ANZ NOHC will continue to trade on the ASX and NZX with the familiar 'ANZ' code.

Your shareholder details that were registered on your ANZ shareholding (such as your dividend payment instructions and Tax File Numbers) have been carried across to your new shareholding as outlined in the Explanatory Memorandum announced to the ASX and NZX on 27 October 2022.

### **Further Information**

For further information about the restructure (including the Scheme) please contact the ANZ Shareholder Information Line on 1800 113 399 (within Australia), 0800 174 007 (within New Zealand) or +61 3 9415 4010 (outside Australia & New Zealand) between 8.30am to 5.30pm (Melbourne time) Monday to Friday or visit www.anz.com/shareholder/centre.

Yours faithfully

let

Simon Pordage Company Secretary ANZ Group Holdings Limited

Share Purchase Plan Refund Payment

WARREN NSW 2824

Thank you for participating in the Flight Centre Travel Group Limited (ASX: FLT) Share Purchase Plan (SPP). Given the high level of demand for Flight Centre shares under the SPP, allocation of shares was scaled back in accordance with the policy outlined in Flight Centre's ASX announcement on 13<sup>th</sup> March 2023.

You have received this refund notice either because your application for shares did not comply with the terms of the SPP or your application payment exceeded the cost of new Flight Centre shares allotted to you under the SPP.

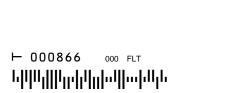

If Flight Centre shares have been allocated to you under the SPP, you should have received a separate confirmation in relation to that allocation. You can view your balance of Flight Centre shares online at www.investorcentre.com/au.

If you have any questions in relation to this refund notice or your allocation of Flight Centre shares under the SPP, please call the information line on 1300 916 982 (within Australia), or +61 3 9415 4875 (outside Australia) between 8.30am and 5.00pm (Sydney time) Monday to Friday.

ESTIMATED INTEREST RECEIVED	
There are no transactions on this account for the given period.	
TOTAL	\$0.00

(1) This is an estimate prepared by AUSIEX based upon units that you hold in accordance with our records. Your actual entitlement will be determined by whether or not a company's share registry shows you as owning shares at the relevant record dates. Amounts that may have been withheld for failing to provide your tax file number to your share registries are not disclosed on this report.

Dividends are estimated by AUSIEX based on the total registered Units held on the Record Date of the dividend. The following fields are estimated in accordance with the calculations outlined below: (a) Units = Total registered units of security held on the Record Date of the dividend (b) Est. Unfranked Amount = Units X Dividend per security X Unfranked %

- (c) Est. Franked Amount = Units X Dividend per security X Franked %
   (d) Est. Franking Credit = (Est. Franked Amount X company tax rate)/(100 company tax rate)
   (e) Est. Total Dividend = Units x Dividend per security

(2) If you have total franking credit amounts greater than \$5,000, in order to be eligible to claim the benefit of the franking credit, you must have held the security for at least 45 consecutive days, not including date of purchase and date of sale. Where the 45 day holding requirement has not been satisfied, the holding period rule (also known as the 45 day rule) may apply to deny the franking credits attached to the dividend received in respect of the particular security. If that situation applies to you please speak to your tax adviser.

Please refer to your dividend statement provided by the Share Registry for any foreign tax credits you may be entitled to and breakdown of any trust distribution you may have received.

For details of the components of your ASX listed trust distributions you will need to refer to the Annual Tax Statement issued by the trust manager.

#### GLOSSARY Units The number of registered securities that you own. Unit Price The Portfolio Valuation 'Unit Price' is calculated using a 'Reference' Price provided by the ASX which takes into account an adjustment to determine value at Close of Market if the Security does not trade in the Closing Single Price Auction on the Valuation Date. The Unit Price in the Transaction Summary is the average price paid for each unit of stock as detailed in your contract note. Brokerage The fee or charge that is paid by you when transacting a buy or sell. Brokerage and costs may include advice and/or service fees charged to you by your adviser (where applicable). Refer to your adviser for further details. Holder Identification Number (HIN) When you are CHESS sponsored with a Broker you will be issued a unique number, called a HIN. Multiple holdings can be registered under the single HIN. A HIN starts with the letter X and usually followed by 10 numbers, e.g. X0001234567. A dividend is a payment made to shareholders from the company. This payment is a portion of the company's profits. ASX listed companies typically pay dividends twice a year, usually as an 'interim' dividend and a 'final dividend'. From time to time, a company may also pay a 'special' dividend. Dividend The ex-dividend date occurs two business days before the company's Record Date. To be entitled to a dividend a shareholder must have purchased the shares before Ex-dividend date the ex-dividend date. If you purchase shares on or after that date, the previous owner of the shares (and not you) is entitled to the dividend Interim dividend A dividend paid during a year representing a return based on the previous six months' financial performance and the outlook for the future. Final dividend A dividend paid during a year representing a return based on the previous twelve months' financial performance. Special dividend A dividend paid by the company outside typical recurring (interim and final) dividend cycle Record date The record date is the date the share registries use in determining who is entitled to a dividend or entitlement associated with a security. Those who held the security in the company and were on the register on the record date are eligible for the entitlement. Payment date The date on which a declared dividend is scheduled to be paid. Unfranked dividend Dividends which do not carry a franking credit. Franked dividends are paid to security holders out of profits on which the company has already paid tax. Franked dividend Franking /Imputation Credit A franking credit is your share of tax paid by a company on the profits from which your dividend are paid. They are also known as Imputation Credits. Total subscriptions Total subscriptions can include, but are not limited to: ViewPoint fees, Morningstar research subscription fees and trading alerts Other fees can include, but are not limited to: Off market transfer fees, conditional trading fees (added as brokerage), rejection fees, early and late settlement fees, fail Other fees fees, SRN guery, rebooking fees, cheque payment fee or cheque dishonour fees and the printing and posting of contract notes Corporate action (CA) Any action initiated by the company or corporation, for the purpose of giving an entitlement to shareholders

Adviser Establishment Fee, Advice Fee, and One-off advice fee are collectively referred to as 'Fees payable for advice and services provided to you' in the Panorama Investor Guide. All expenses include any amount of GST paid less any reduced input tax credits that may have been received.

Insurance premiums have been disclosed as 'not deductible'. However, this depends on your individual circumstances, and you should consult your tax adviser in conjunction with the information in the Product Disclosure Document relevant to your insurance.

"Accrued interest" includes interest due to settle post 30 June. Any term deposit interest reported as accrued interest on your statement last year has also been included in your opening balance this year, and as such, total term deposit interest income reported this year might be different from the cash interest received as the total interest has taken into account any accrued interest reported in last year's statement.

Changes in market value exclude any gains or losses arising from assets held outside the service. This statement does not provide the gain or loss on disposal for tax purposes and should not be relied upon in making decisions about your tax position. You should seek professional advice regarding your tax position.

"Total expenses" shown above may not include all the fees and costs in relation to your investments (for example it does not include any information on the fees and costs relating to any underlying managed investment (other than BT Managed Portfolios) that you access through Panorama Investments).

## Fees and costs summary

Description	Amount
Fees deducted directly from your account	\$3,417.37
This amount has been deducted directly from your account (reflected in the transactions listed on this statement). It includes the insurance premiums you paid.	
Fees and costs deducted from your investment	\$0.00
This approximate amount has been deducted from your investment. It covers amounts that have reduced the return on your investment and are not reflected as transactions listed on this statement or in the Additional explanation of fees and costs. This amount is the Transaction Account fee only. This amount does not include the Other Fees and Costs below related to your selected investment options.	
Total fees and costs you paid	\$3,417.37
This approximate amount includes all the fees and costs that affected your investment during the period.	
Other fees and costs (investment options)	\$0.00
This approximate amount has been deducted from the investment options you have chosen and has reduced the return on these investments but is not charged to you directly as a fee.	
These fees and costs include management fees and costs, performance fees, transaction costs and buy/sell spreads associated with your selected investment options.	
Total fees and costs you paid - with investment options fees and costs	\$3,417.37

This approximate amount includes the total fees and costs you paid and the other fees and costs associated with your selected investment options during the reporting period.

#### Additional explanation of fees and costs

The fees and costs information shown above may not include all the fees and costs in relation to your underlying investments. For more information regarding the fees and costs of the underlying investment options available through the Product, refer to the product disclosure statement or other disclosure document for the relevant investment option, which may be obtained free of charge online by logging in to your account, on request from your adviser (if you have one) or by contacting us.

#### DERIVATIVES RISK STATEMENT

#### **HEUSTON SUPERANNUATION FUND**

The trustees have resolved that the following Derivatives Risk Statement be adopted and implemented for **Heuston Superannuation Fund**.

#### Introduction

The Superannuation Industry Supervision Act (SISA) requires a Derivatives Risk Statement (DRS) to be in effect for a Superannuation Fund where a charge is given, in relation to the use of derivatives by the trustee of the Fund.

#### Overview

The Trustees of the Fund confirm that when using derivatives the following objectives will be considered:

-A derivative investment must be intended to support the fund's overall investment strategy.

-The purpose of making a specific derivative investment must be consistent with the investment objectives of the fund.

-All investment guidelines in respect of each member must be complied with.

#### **Reasons for using Derivatives**

The Trustees of the Fund confirm that the reasons for using derivatives in the Fund are as follows:

-Writing (selling) covered options to produce extra income for the fund.

-Hedging the portfolio against the risk of adverse movements in market prices and thereby reducing volatility.

-Achieving diversified exposure to an entire market through market indices.

-Achieving transactional efficiency through reducing the cost of achieving a required exposure.

#### **Risk analysis**

The trustees are responsible for the risk management and investment decisions of the fund, including those relating to derivatives. Although professional advice may be sought, the ultimate responsibility remains with the trustees. There are various types of risks associated with derivatives. These can be broadly categorized under the headings of market risk, basis risk, liquidity risk, credit risk, and legal risk. These risks are described below.

#### Market Risk

Market risk is the risk of adverse movements in markets. It arises through the holding of any financial instrument, physical or derivative, which creates exposure to movements in prices of a security or market. The market risk associated with the use of derivatives is assessed in the context of the risk profile of the total portfolio.

The predominant market risks involved with derivatives include:

For "buy to open" options positions the inherent higher volatility of derivatives compared to physical positions and the time decay, which reduces the market value of the position over time.

For "sell to open" options positions if not covered by physical stock, losses are potentially unlimited. If exercised, the fund may not be able to fulfill the contract's obligation.

For futures contracts the inherent higher volatility of derivatives compared to physical positions and the internal leverage involved can lead to higher than normal losses. Losses can be potentially unlimited

#### Basis Risk

Basis risk is the risk that the value of a derivative will not move in line with the related physical position.

#### Liquidity Risk

There are two types of liquidity risk that arise from investing in derivatives. These are:

Market Liquidity Risk - the risk that the trustees may not be able to, or cannot easily, unwind or offset a particular position due to inadequate market depth or disruptions in the market place.

Funding Liquidity Risk - the risk that the trustees may not be able to meet the future cash flow obligations from the derivative activities such as meeting margin calls on futures contracts.

#### Counter-party (Credit) Risk

Counter-party risk is the risk that a counter-party will fail to perform contractual obligations, that is default either in whole or part, under a contract.

#### Legal Risk

Legal risk is the risk that a derivative contract will not be legally enforceable.

#### Managing Risks

In order to manage & control the risks inherent with Derivatives, the Trustees undertake to consider and where appropriate implement the following restrictions, controls, and processes:

-All open derivative positions are monitored closely on a daily basis.

-Ensuring prior to and during all derivative contracts that any and all potential expiry exercise obligations can be fulfilled by the fund, and that the exercise event is still consistent with the fund's overall investment strategy.

-Ensuring that positions in derivatives are covered. For the purposes of this DRS, cover consists of cash, or assets that are equivalent to cash and can be converted to cash within the settlement period. They must be sufficient to meet all potential obligations arising from the underlying asset exposure represented by the derivative position. Cover may also consist of securities in the case of options contracts.

-The setting and execution of a "stop loss" level for all futures and open "sold" option positions, to reduce "unlimited loss" risk on 'cash settled' contracts.

-Asset allocation targets and exposure limits specified in the investment strategy(s) of the fund include both physical and derivative exposures of the portfolio. The trustees must manage portfolios to these target allocations.

-When a derivative contract is entered into, the trustee takes into consideration the likelihood that the price of a derivative will move in line with the underlying physical position and assesses whether the level of basis risk is acceptable.

-The market depth of the derivative will be assessed to control liquidity risk.

-Sufficient cash reserves are maintained in the fund to fund deposits and margin calls equal to the impact of a considered maximum movement of the net (short plus long) derivative position.

-In order to minimize both counter-party and legal risk, the trustees will use exchange traded options and futures, which are subject to market standard documentation and settlement procedures. Participants in the exchange are subject to regulation.

#### **Compliance Processes**

The compliance process for the fund includes ongoing monitoring by the trustees to ensure that the above controls and procedures are effective in controlling and managing the identified risks in the use of derivatives. If deficiencies are identified, the trustees will take corrective action. The trustees will review its policies and procedures in an effort to keep current with the evolving derivatives markets and to ensure that they use derivative instruments appropriately and in the best interests of fund members. The trustees will seek advice from an expert investment professional when required to assist with this process.

WARREN NSW 2824

Thank you for participating in the Flight Centre Travel Group Limited (ASX: FLT) Share Purchase Plan (SPP). Given the high level of demand for Flight Centre shares under the SPP, allocation of shares was scaled back in accordance with the policy outlined in Flight Centre's ASX announcement on 13<sup>th</sup> March 2023.

You have received this refund notice either because your application for shares did not comply with the terms of the SPP or your application payment exceeded the cost of new Flight Centre shares allotted to you under the SPP.

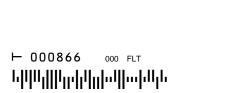

If Flight Centre shares have been allocated to you under the SPP, you should have received a separate confirmation in relation to that allocation. You can view your balance of Flight Centre shares online at www.investorcentre.com/au.

If you have any questions in relation to this refund notice or your allocation of Flight Centre shares under the SPP, please call the information line on 1300 916 982 (within Australia), or +61 3 9415 4875 (outside Australia) between 8.30am and 5.00pm (Sydney time) Monday to Friday.

#### DIRECTORS' REPORT

The directors of Delta Agribusiness Pty Limited submit herewith the annual report of the company and its controlled entities ("Group") for the financial year ended 30 June 2023. In order to comply with the provisions of the Corporations Act 2001, the directors report as follows:

The names of the directors in office at any time during or since the end of the year are:

Douglas Rathbone (Chairman) Gerard Hines Christopher Duff George Penklis Gareth Banks Stephen Cameron

Directors have been in office since the start of the financial year to the date of this report unless otherwise stated.

#### **Principal activity**

The principal activities of the group during the financial year were the supply of retail and wholesale products and services and to the rural sector. There was no significant change in the nature of our activities during the year.

#### **Review of Operations and Financial Results**

Despite some challenging seasonal conditions through large parts of Eastern Australia with excessive wet weather, and softening livestock and grain prices, the business delivered strong revenue growth resulting in the Group achieving record sales of \$843.5m (2022: \$750.0m) and an underlying EBITDA of \$54.3m (2022: \$61.2m). Delta continued its geographic and earnings diversity via expansion through the acquisition of Cox Rural Holdings, EP Ag n Fert & Growers Supplies (SA) all based in SA. Significant market devaluation across key Ag Chem molecules and mainline fertilisers resulted in underlying gross margin dropping by over 1%. Despite the sharp devaluation, market share grew strongly "like for like" when excluding income generated from new acquisitions. The profit for the Group for the financial year after providing for income tax amounted to \$28.4m (2022: Profit of \$35.9m)

#### Subsequent events

There are no matters or circumstances which have arisen since the end of the financial year which significantly affected or may significantly affect the operations of the group, the results of those operations, or the state of affairs of the group in future financial years.

#### Likely developments

Likely developments in the operations of the group and the expected results of those operations in future financial years have not been included in this report as the inclusion of such information is likely to result in unreasonable prejudice to the group.

#### **Environmental regulations**

The group's operations are not regulated by any significant environmental regulation under a law of the Commonwealth or of a state or territory.

#### Dividends

A fully franked dividend of \$16.1m was declared and paid from the profits of the company during the financial year ended 30 June 2023.

#### Shares under option

No options over issued shares or interests in the group were granted during or since the end of the financial year and there were no options outstanding at the date of this report.

#### **DIRECTORS' REPORT (continued)**

#### Indemnification and insurance of officers

During or since the financial year, in respect to any person who is or has been an officer of the group or of a related body corporate, the group has continued to have in place agreements with the current and certain Directors and Officers of the group to indemnify them against certain liabilities, including costs and expenses in successfully defending legal proceedings in accordance with the group's constitution to the extent permitted by law; and the group has continued to have in place Directors' and Officers' Liability Insurance policies which cover all the Directors and Officers of the group and has paid or agreed to pay a premium payable by the group in respect of a contract insuring against certain liabilities for the costs or expenses to defend legal proceedings.

#### Legal proceedings

No person has applied for leave of Court to bring proceedings on behalf of the group or intervene in any proceedings to which the group is a party for the purpose of taking responsibility on behalf of the group for all or any part of those proceedings.

The group was not a party to any such proceedings during the year.

#### Auditor's independence declaration

The auditor's independence declaration is included on page 4.

#### **Rounding off of Amounts**

The company is a company of the kind referred to in ASIC Corporations (Rounding in Financials/Directors' Reports) Instrument 2016/191, dated 24 March 2016, and in accordance with that Corporations Instrument amounts in the directors' report and the financial statements are rounded off to the nearest thousand dollars, unless otherwise indicated.

This directors' report is signed in accordance with a resolution of the directors made pursuant to s298(2) of the Corporations Act 2001.

On behalf of the Directors

Gerard Hines

**Christopher Duff** 

Dated this 23rd day of August 2023

#### DIRECTORS' DECLARATION

In the directors' opinion:-

- (a) the financial statements and notes set out on pages 10 to 30 are in accordance with the Corporations Act 2001, including:
  - (i) complying with Accounting Standards Simplified Disclosures, the Corporations Regulations 2001 and other mandatory professional reporting requirements; and
  - giving a true and fair view of the consolidated entity's financial position as at 30 June 2023 and of its performance for the financial year ended on that date, and
- (b) there are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable.

Signed in accordance with a resolution of the directors made pursuant to s.295(5) of the Corporations Act 2001.

# Auditor's Independence Declaration under Section 307C of the Corporations Act 2001 to the Directors of Delta Agribusiness Pty Limited and Controlled Entities

I declare that, to the best of my knowledge and belief, during the year ended 30 June 2023, there have been:

- (i) no contraventions of the auditor independence requirements as set out in the *Corporations Act 2001* in relation to the audit; and
- (ii) no contraventions of any applicable code of professional conduct in relation to the audit.

# Independent Auditor's Report to the members of Delta Agribusiness Pty Limited and Controlled Entities

### Report on the Audit of the Financial Report

### Opinion

We have audited the financial report of Delta Agribusiness Pty Limited and Controlled Entities (the company) and its subsidiaries (the group), which comprises the statement of financial position as at 30 June 2023, the statement of profit or loss and other comprehensive income, the statement of changes in equity and the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, and the directors' declaration.

In our opinion, the accompanying financial report of the group is in accordance with the *Corporations Act 2001*, including:

- i. giving a true and fair view of the group's financial position as at 30 June 2023 and of its financial performance for the year ended; and
- ii. complying with Australian Accounting Standards Simplified Disclosures and the Corporations Regulations 2001.

### **Basis for Opinion**

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001* has been given to the directors of the company at the date of this report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Other Information

The directors are responsible for the other information. The other information obtained at the date of this auditor's report is included in the Directors' Report, (but does not include the financial report and our auditor's report thereon).

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon. In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed on the other information obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### **Responsibilities of Directors for the Financial Report**

The directors of the company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards - Simplified Disclosures and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the group or to cease operations, or have no realistic alternative but to do so.

### Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design
  and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and
  appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from
  fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions,
  misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstance, but not for the purpose of expressing an opinion on the effectiveness of the group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

# Independent Auditor's Report to the members of Delta Agribusiness Pty Limited and Controlled Entities

Conclude on the appropriateness of the directors' use of going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the group to cease to continue as a going concern.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2023

#### NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

#### **General Information**

DELTA AGRIBUSINESS PTY LIMITED is a proprietary company incorporated and domiciled in Australia. The addresses of its registered office and principal place of business are as follows:

Registered office:	Principal place of business:
274 Parker Street	287 Boorowa Street
COOTAMUNDRA NSW 2590	YOUNG NSW 2594
Tel: (02) 6942 7466	Tel: (02) 6382 6622

The principal activities of the group during the financial year were the supply of retail products and services and wholesale products to the rural sector. The results and financial position of the group are expressed in Australian dollars, which is the functional currency of the group.

The company is a company of the kind referred to in ASIC Corporations (Rounding in Financials/Directors' Reports) Instrument 2016/191, dated 24 March 2016, and in accordance with that Corporations Instrument amounts in the directors' report and the financial statements are rounded off to the nearest thousand dollars, unless otherwise indicated.

#### **Basis of Preparation**

This financial report includes the consolidated financial statements and notes of Delta Agribusiness Pty Limited and controlled entities ('group'). Delta Agribusiness Pty Limited is a for-profit entity for the purpose of preparing the financial statements.

The financial statements are general purpose financial statements that have been prepared in accordance with Australian Accounting Standards - Simplified Disclosures and the Corporations Act 2001.

The financial statements have been prepared on an accruals basis and are based on historical costs modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and financial liabilities.

The following specific accounting policies, which are consistent with the previous period, unless otherwise stated, have been adopted in the preparation of this report:

#### **Accounting Policies**

a. Principles of Consolidation

#### (i) Subsidiaries

The consolidated financial statements incorporate the financial statements of the Company and entities (including structured entities) controlled by the Company and its subsidiaries. Control is achieved when the Company:

- has power over the investee;
- is exposed, or has rights, to variable returns from its involvement with the investee; and
- has the ability to use its power to affect its returns.

The group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

Consolidation of a subsidiary begins when the group obtains control over the subsidiary and ceases when the group loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated statement of profit or loss and other comprehensive income from the date the group gains control until the date when the group ceases to control the subsidiary.

Profit or loss and each component of other comprehensive income are attributed to the owners of the group and to the non-controlling interests. Total comprehensive income of subsidiaries is attributed to the owners of the group and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the group's accounting policies.

All intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the group are eliminated in full on consolidation.

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2023

#### NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### (ii) Associates

Associates are all entities over which the group has significant influence but not control or joint control. This is generally the case where the group holds between 20% and 50% of the voting rights. Investments in associates are accounted for using the equity method of accounting (see d. below) after initially being recognised at cost.

#### (iii) Changes in ownership interests

When the group ceases to consolidate or equity account for an investment because of a change in control or significant influence, any retained interest in the entity is remeasured to its fair value with the change in the carrying amount recognised in profit and loss. This fair value becomes the initial carrying amount for the purposes of subsequently accounting for the interest in this investment.

#### b. Business Combinations

Acquisitions of businesses are accounted for using the acquisition method. The consideration transferred in a business combination is measured at fair value which is calculated as the sum of the acquisition-date fair values of assets transferred, liabilities incurred and the equity instruments issued by the group in exchange for control of the acquiree. Acquisition-related costs are recognised in profit or loss as incurred.

At the acquisition date, the identifiable assets acquired and the liabilities assumed are recognised at their fair value, except that deferred tax assets or liabilities and assets or liabilities related to employee benefit arrangements are recognised and measured in accordance with AASB 112 'Income Taxes' and AASB 119 'Employee Benefits' respectively.

Goodwill is measured as the excess of the sum of the consideration transferred, the amount of any non-controlling interests in the acquiree, and the fair value of the acquirer's previously held equity interest in the acquiree (if any) over the net of the acquisition-date amounts of the identifiable assets acquired and the liabilities assumed. If, after reassessment, the net of the acquisition-date amounts of the identifiable assets acquired and liabilities assumed exceeds the sum of the consideration transferred, the amount of any non-controlling interests in the acquiree and the fair value of the acquirer's previously held interest in the acquiree (if any), the excess is recognised immediately in profit or loss as a bargain purchase

Non-controlling interests that are present ownership interests and entitle their holders to a proportionate share of the entity's net assets in the event of liquidation may be initially measured either at fair value or at the non-controlling interests' proportionate share of the recognised amounts of the acquiree's identifiable net assets. The choice of measurement basis is made on a transaction-by-transaction basis.

Where the consideration transferred by the group in a business combination includes assets or liabilities resulting from a contingent consideration arrangement, the contingent consideration is measured at its acquisition-date fair value. Changes in the fair value of the contingent consideration that qualify as measurement period adjustments are adjusted retrospectively, with corresponding adjustments against goodwill. Measurement period adjustments are adjustments that arise from additional information obtained during the 'measurement period' (which does not exceed one year from the acquisition date) about facts and circumstances that existed at the acquisition date.

The subsequent accounting for changes in the fair value of contingent consideration that do not qualify as measurement period adjustments depends on how the contingent consideration is classified. Contingent consideration that is classified as equity is not remeasured at subsequent reporting dates and its subsequent settlement is accounted for within equity. Contingent consideration that is classified as an asset or liability is remeasured at subsequent reporting dates in accordance with AASB 139 'Financial Instruments', or AASB 137 'Provisions, Contingent Liabilities and Contingent Assets', as appropriate, with the corresponding gain or loss being recognised in profit or loss.

If the initial accounting for a business combination is incomplete by the end of the reporting period in which the combination occurs, the group reports provisional amounts for the items for which the accounting is incomplete. Those provisional amounts are adjusted during the measurement period (see above), or additional assets or liabilities are recognised, to reflect new information obtained about facts and circumstances that existed as of the acquisition date that, if known, would have affected the amounts recognised as of that date.

#### c. Goodwill

Goodwill arising on an acquisition of a business is carried at cost as established at the date of the acquisition of the business (see 1b. above) less accumulated impairment losses, if any.

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2023

#### NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### d. Equity Method of Accounting

Under the equity method, an investment in an associate is initially recognised in the statement of financial position at cost and adjusted thereafter to recognise the group's share of the profit or loss and other comprehensive income of the associate. When the group's share of losses of an associate exceeds the group's interest in that associate (which includes any long-term interests that, in substance, form part of the group's net investment in the associate), the group discontinues recognising its share of further losses. Additional losses are recognised only to the extent that the group has incurred legal or constructive obligations or made payments on behalf of the associate.

An investment in an associate is accounted for using the equity method from the date on which the investee becomes an associate. On acquisition of the investment in an associate, any excess of the cost of the investment over the group's share of the net fair value of the identifiable assets and liabilities of the investee is recognised as goodwill, which is included within the carrying amount of the investment. Any excess of the group's share of the net fair value of the identifiable assets and liabilities over the cost of the investment, after reassessment, is recognised immediately in profit or loss in the period in which the investment is acquired.

The group discontinues the use of the equity method from the date when the investment ceases to be an associate.

#### e. Revenue Recognition

The group recognises revenue as or when each performance obligation from contracts with customers are satisfied and considers whether there are separate elements of each transaction to which a portion of the transaction price needs to be allocated. The majority of the groups revenue is recognised at a point in time and attributable to the sale of retail products, commissions from agency services, fees from consulting and contracting services and interest revenue. The following specific recognition criteria must also be met before revenue is recognised:

Revenue from the sale of goods predominantly relates to sale of agricultural retail products, and is recognised at the point in time when control has been transferred to the customer, generally through the execution of a sales agreement at point of sale or when the delivery of goods has occurred.

Commission revenue is derived from the rendering of agency services and is generally recognised at the point in time when the service is provided.

Revenue relating to consultancy and contracting services is recognised over time. The transaction price allocated to these services is recognised as a contract liability at the time and is released on a straight-line basis over the period of service.

Interest revenue is recognised using the effective interest rate method.

All revenue is stated net of the amount of goods and services tax (GST)

#### f. Income Tax

The Company and its wholly-owned Australian resident entities are members of a tax-consolidated group under Australian tax law. The Company is the head entity within the tax-consolidated group. In addition to its own current and deferred tax amounts, the Company also recognises the current tax liabilities and assets and deferred tax assets arising from unused tax losses and relevant tax credits of the members of the tax-consolidated group.

Amounts payable or receivable under the tax-funding arrangement between the Company and the entities in the tax consolidated group are determined using a 'separate taxpayer within group' approach to determine the tax contribution amounts payable or receivable by each member of the tax-consolidated group. This approach results in the tax effect of transactions being recognised in the legal entity where that transaction occurred, and does not tax effect transactions that have no tax consequences to the group. The same basis is used for tax allocation within the tax-consolidated group.

The income tax expense or revenue for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation and considers whether it is probable that a taxation authority will accept an uncertain tax treatment. The group measures its tax balances either based on the most likely amount or the expected value, depending on which method provides a better prediction of the resolution of the uncertainty.

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2023

#### NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the consolidated financial statements. However, deferred tax liabilities are not recognised if they arise from the initial recognition of goodwill. Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting nor taxable profit or loss. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are offset where there is a legally enforceable right to offset current tax assets and liabilities and where the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

#### g. Borrowing Costs

Borrowing costs are recognised in profit and loss in the period in which they are incurred.

#### h. Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less, net of outstanding bank overdrafts. Bank overdrafts are shown within short-term borrowings in current liabilities in the statement of financial position.

#### i. Financial Instruments

Financial instruments are recognised initially on the date that the group becomes party to the contractual provisions of the instrument. On initial recognition, all financial instruments are measured at fair value plus transaction costs.

#### **Financial Assets**

The group's financial assets comprise trade and other receivables and cash and cash equivalents. After initial recognition, all financial assets are subsequently measured at amortised cost using the effective interest method, less provision for impairment.

#### Impairment of Financial Assets

Impairment of financial assets is recognised on an expected credit loss (ECL) basis for trade and other receivables and shares in unlisted companies. The group uses the presumption that a receivable is in default when the other party is unlikely to pay its credit obligations to the group in full, or the receivable is more than 90 days past due. Impairment losses are measured as the present value of the difference between the cash flows due to the group in accordance with the contract and the cash flows expected to be received. This is applied using a probability weighted approach.

#### **Financial Liabilities**

The group's financial liabilities comprise trade payables, bank and other loans. After initial recognition, all financial liabilities are subsequently measured at amortised cost using the effective interest method.

#### j. Inventories

Inventories are valued at the lower of cost and net realisable value. Cost is determined based on average cost on a first-in first-out basis. Net realisable value represents the estimated selling price for inventories less costs necessary to make the sale.

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2023

#### NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### k. Property, Plant and Equipment

Each class of property, plant and equipment is carried at cost less, where applicable, any accumulated depreciation and impairment.

#### Depreciation

The depreciable amount of all fixed assets, excluding freehold land, is depreciated on a straight line basis or diminishing value over their useful lives to the group commencing from the time the asset is held ready for use.

The following useful lives are used in the calculation of depreciation:

	Depreciation
Class of Fixed Asset	Period
Buildings & Leasehold Improvements	5 - 40 years
Office Equipment	2 - 10 years
Plant & Equipment	3 - 10 years
Motor Vehicles	3 - 5 years
Furniture & Fittings	3 - 10 years

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each financial period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in profit and loss.

#### I. Intangible Assets

Intangible assets with finite lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

Intangible assets acquired in a business combination and recognised separately from goodwill are initially recognised at their fair value at the acquisition date (which is regarded as their cost). Subsequent to initial recognition, intangible assets acquired in a business combination are reported at cost less accumulated amortisation and accumulated impairment losses, on the same basis as intangible assets that are acquired separately.

#### m. Impairment of non-financial assets

At the end of each reporting period the group determines whether there is any evidence of an impairment indicator for non-financial assets.

Where an indicator exists and regardless for goodwill, indefinite life intangible assets and intangible assets not yet available for use, the recoverable amount of the asset is estimated.

Where assets do not operate independently of other assets, the recoverable amount of the relevant cash-generating unit (CGU) is estimated.

The recoverable amount of an asset or CGU is the higher of the fair value less costs of disposal and the value in use. Value in use is the present value of the future cash flows expected to be derived from an asset or cash-generating unit.

Where the recoverable amount is less than the carrying amount, an impairment loss is recognised in profit or loss. Reversal indicators are considered in subsequent periods for all assets which have suffered an impairment loss, except for goodwill.

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2023

#### NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### n. Leases

At inception of a contract, the group assesses whether a lease exists - i.e. does the contract convey the right to control the use of an identified asset for a period of time in exchange for consideration.

This involves an assessment of whether:

• The contract involves the use of an identified asset - this may be explicitly or implicitly identified within the agreement. If the supplier has a substantive substitution right then there is no identified asset.

• The group has the right to obtain substantially all of the economic benefits from the use of the asset throughout the period of use.

• The group has the right to direct the use of the asset i.e. decision making rights in relation to changing how and for what purpose the asset is used.

At the lease commencement, the group recognises a right-of-use asset and associated lease liability for the lease term. The lease term includes extension periods where the group believes it is reasonably certain that the option will be exercised.

The right-of-use asset is measured using the cost model where cost on initial recognition comprises of the lease liability, initial direct costs, prepaid lease payments, estimated cost of removal and restoration less any lease incentives received.

Lease payments to be made under reasonably certain extension options are also included in the measurement of the liability.

The group is exposed to potential future increases in variable lease payments based on an index or rate, which are not included in the lease liability until they take effect. When adjustments to lease payments based on an index or rate take effect, the lease liability is reassessed and adjusted against the right-of-use asset.

Lease payments are allocated between principal and finance cost. The finance cost is charged to profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

The right-of-use asset is depreciated over the lease term on a straight line basis and assessed for impairment in accordance with the impairment of assets accounting policy.

The lease liability is initially measured at the present value of the remaining lease payments at the commencement of the lease. The discount rate is the rate implicit in the lease, however where this cannot be readily determined then the group's incremental borrowing rate is used.

Subsequent to initial recognition, the lease liability is measured at amortised cost using the effective interest rate method. The lease liability is remeasured whether there is a lease modification, change in estimate of the lease term or index upon which the lease payments are based (e.g. CPI) or a change in the group's assessment of lease term.

Where the lease liability is remeasured, the right-of-use asset is adjusted to reflect the remeasurement or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

The group has elected to apply the exceptions to lease accounting for both short-term leases (i.e. leases with a term of less than or equal to 12 months) and leases of low-value assets. The group recognises the payments associated with these leases as an expense on a straight-line basis over the lease term.

#### o. Employee Benefits

A liability is recognised for benefits accruing to employees in respect of wages and salaries, annual leave, and long service leave when it is probable that settlement will be required and they are capable of being measured reliably.

Liabilities recognised in respect of short-term employee benefits, are measured at their values using the remuneration rate expected to apply at the time of settlement.

Liabilities recognised in respect of long term employee benefits are measured as the present value of the estimated future cash outflows to be made by the group in respect of services provided by employees up to reporting date.

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2023

#### NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### p. Goods and Services Tax

Revenues, expenses and assets are recognised net of the amount of GST, unless the GST incurred is not recoverable from the taxation authority. In this case it is recognised as part of the cost of acquisition of the asset or as part of the expense. Receivables and payables in the statement of financial position are shown inclusive of GST.

#### q. Comparative Figures

When required by Accounting Standards, comparative figures have been adjusted to conform to changes in presentation for the current financial year.

#### r. Critical accounting estimates and judgements

The directors evaluate estimates and judgements incorporated into the financial report based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and within the group.

The areas involving the most sensitive estimates and judgements are:-

- business combinations where fair value is measured on a provisional basis
- impairment of goodwill
- recoverability of trade receivables
- impairment of land & buildings

#### Key Estimates - Impairment of Goodwill

Determining whether goodwill is impaired requires an estimation of the value in use of the cash-generating units to which goodwill has been allocated. The value in use calculation requires the directors to estimate the future cash flows expected to arise from the cash-generating unit and a suitable discount rate in order to calculate present value. Where the actual future cash flows are less than expected, a material impairment loss may arise.

#### Key Estimates - Recoverability of Trade Receivables

The receivables at reporting date have been reviewed to determine whether there is any objective evidence that any of the receivables are impaired. An impairment provision is included for any receivable where the entire balance is not considered collectible. The impairment provision is based on the best information at the reporting date.

#### Key Estimates - Impairment of Land & Buildings

The group assesses impairment at the end of each reporting period by evaluating conditions specific to the group that may be indicative of impairment triggers. Recoverable amounts of the group's land and buildings are assessed using management's determination of the property's value in use to the group. Management's determination is based on information obtained at acquisition and cash flow projections for each store location performed for annual goodwill impairment assessments.

#### NOTE 23: LEASING COMMITMENTS

The Group leases various office, retail and warehouse properties from which it conducts its activities. The initial lease terms are made for fixed periods ranging from 2 to 10 years.

Extension and termination options are available for the majority of the property leases. Management have assessed each lease individually on a probability basis to determine whether to include all or part of these options as part of our lease commitments.

The majority of the property leases contain an annual pricing mechanism based on CPI movements at each anniversary from the lease inception.

The total future lease payments at the end of the financial year are:

Payable - minimum lease payments

- not later than 1 year	3,876	3,092
- between 1 year and 5 years	15,014	12,074

#### Note 1: Summary of Significant Accounting Policies

The trustees have prepared the financial statements on the basis that the Superannuation Fund is not a reporting entity because it is not publicly accountable and is not required by law or governing document to prepare financial statements that comply with Australian Accounting Standards. The financial statements are therefore special purpose financial statements that have been prepared in order to meet the requirements of the Superannuation Industry (Supervision) Act 1993 and associated Regulations, the trust deed of the Fund and the needs of members.

The financial statements have been prepared on a cash basis and are based on historical costs, except for investments which have been measured at market value.

The following significant accounting policies, which are consistent with the policies applied in the previous period unless otherwise stated, have been adopted in the preparation of the financial statements.

The financial statements were authorised for issue by the Director(s).

#### a. Measurement of Investments

The Fund initially recognises:

- (i) an investment when it controls the future economic benefits expected to flow from the asset. For financial assets, the trade date is considered to be the date on which control of the future economic benefits attributable to the asset passes to the Fund; and
- (ii) a financial liability on the date it becomes a party to the contractual provisions of the instrument.

Investments of the Fund have been measured at market value, which refers to the amount that a willing buyer could reasonably be expected to pay to acquire an asset from a willing seller if the following assumptions were made:

- that the buyer and the seller deal with each other at arm's length in relation to the sale;
- that the sale occurred after proper marketing of the asset; and
- that the buyer and the seller acted knowledgeably and prudentially in relation to the sale.

Market value has been determined as follows:

- shares and other securities listed on the Australian Securities Exchange by reference to the relevant market quotations at the end of the reporting period;
- (ii) units in managed funds by reference to the unit redemption price at the end of the reporting period;
- (iii) fixed-interest securities by reference to the redemption price at the end of the reporting period;
- (iv) unlisted investments are stated at trustees' assessment based on estimated market value at balance date or where necessary, an external valuer's opinion; and
- (v) investment properties at the trustees' assessment of the market value or where necessary a qualified independent valuer's opinion at the end of reporting period.

#### b. Cash and Cash Equivalents

Cash and cash equivalents include cash on hand and at call, deposits with banks and short-term, highly liquid investments that are readily convertible to cash and subject to an insignificant risk of change in value.

#### c. Revenue

#### Interest revenue

Interest revenue is recognised in respect of fixed-interest securities, and cash and cash equivalent balances. Interest revenue is recognised upon receipt.

#### **Dividend revenue**

For the year ended 30 June 2023

Dividend revenue is recognised when the dividend has been paid or, in the case of dividend reinvestment schemes, when the dividend is credited to the benefit of the fund.

#### **Rental revenue**

Upon entering into each contract as a lessor, the Fund assesses if the lease is a finance or operating lease. All leases have been assessed as operating leases. Rental revenue arising from operating leases on investment properties is recognised on straight-line basis over the term of the specific lease.

#### **Distribution revenue**

Distributions from unit trusts and managed funds are recognised as at the date the unit value is quoted ex-distribution and if not received at the end of the reporting period, are reflected in the statement of financial position as a receivable at market value.

#### Remeasurement changes in market values

Remeasurement changes in the market values of assets are recognised as income and determined as the difference between the market value at year-end or consideration received (if sold during the year) and the market value as at the prior year-end or cost (if acquired during the period).

#### Contributions

Contributions and transfers in are recognised when the control and the benefits from the revenue have been attained and are recorded by the Fund, gross of any taxes, in the period to which they relate.

#### d. Liability for Accrued Benefits

The liability for accrued benefits represents the Fund's present obligation to pay benefits to members and beneficiaries, and has been calculated as the difference between the carrying amount of the assets and the carrying amount of the other payables and income tax liabilities as at the end of the reporting period.

#### e. Income Tax

The income tax expense (income) for the year comprises current income tax expense (income) and deferred tax expense (income).

Current tax expense charged to profit or loss is the tax payable on taxable income. Current tax liabilities (assets) are therefore measured at the amounts expected to be paid to (recovered from) the relevant taxation authority.

Deferred income tax expense reflects movements in deferred tax liability balances during the year as well as unused tax losses.

No deferred income tax is recognised from the initial recognition of an asset or liability where there is no effect on accounting or taxable profit or loss.

Deferred tax assets and liabilities are calculated at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, and their measurement also reflects the manner in which the trustees expect to recover or settle the carrying amount of the related asset or liability.

Deferred tax assets relating to temporary differences and unused tax losses are recognised only to the extent that it is probable that future taxable profit will be available against which the benefits of the deferred tax asset can be utilised.

#### f. Trade and Other Payables

Financial liabilities, such as trade creditors and other payables, are measured at the gross value of the outstanding balance at the end of the reporting period. The trustees have determined that the gross value of the Fund's financial liabilities is equivalent to the market value. Any remeasurement changes in the gross value of non-current financial liabilities (including liabilities for members' accrued benefits) are recognised in the operating statement in the periods in which they occur.

#### g. Critical Accounting Estimates and Judgements

For the year ended 30 June 2023

The preparation of financial statements requires the trustees to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future period affected.
