Notes to the Financial Statements

For the year ended 30 June 2022

Note 1: Summary of Significant Accounting Policies

The trustees have prepared the financial statements on the basis that the Superannuation Fund is not a reporting entity because it is not publicly accountable and is not required by law or governing document to prepare financial statements that comply with Australian Accounting Standards. The financial statements are therefore special purpose financial statements that have been prepared in order to meet the requirements of the Superannuation Industry (Supervision) Act 1993 and associated Regulations, the trust deed of the Fund and the needs of members.

The financial statements have been prepared on a cash basis and are based on historical costs, except for investments which have been measured at market value.

The following significant accounting policies, which are consistent with the policies applied in the previous period unless otherwise stated, have been adopted in the preparation of the financial statements.

The financial statements were authorised for issue by the Director(s).

a. Measurement of Investments

The Fund initially recognises:

- (i) an investment when it controls the future economic benefits expected to flow from the asset. For financial assets, the trade date is considered to be the date on which control of the future economic benefits attributable to the asset passes to the Fund; and
- (ii) a financial liability on the date it becomes a party to the contractual provisions of the instrument.

Investments of the Fund have been measured at market value, which refers to the amount that a willing buyer could reasonably be expected to pay to acquire an asset from a willing seller if the following assumptions were made:

- that the buyer and the seller deal with each other at arm's length in relation to the sale;
- that the sale occurred after proper marketing of the asset; and
- that the buyer and the seller acted knowledgeably and prudentially in relation to the sale.

Market value has been determined as follows:

- (i) shares and other securities listed on the Australian Securities Exchange by reference to the relevant market quotations at the end of the reporting period;
- (ii) units in managed funds by reference to the unit redemption price at the end of the reporting period;
- (iii) fixed-interest securities by reference to the redemption price at the end of the reporting period;
- (iv) unlisted investments are stated at trustees' assessment based on estimated market value at balance date or where necessary, an external valuer's opinion; and
- (v) investment properties at the trustees' assessment of the market value or where necessary a qualified independent valuer's opinion at the end of reporting period.

Financial liabilities, such as trade creditors and other payables, are measured at the gross value of the outstanding balance at the end of the reporting period. The trustees have determined that the gross values of the Fund's financial liabilities is equivalent to their market values. Any remeasurement changes in the gross values of non-current financial liabilities (including liabilities for members' accrued benefits) are recognised in the operating statement in the periods in which they occur.

b. Cash and Cash Equivalents

Cash and cash equivalents include cash on hand and at call, deposits with banks and short-term, highly liquid investments that are readily convertible to cash and subject to an insignificant risk of change in value.

c. Revenue

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Fund and the revenue can be reliably measured. Revenue is recognised at the fair value of the consideration received or receivable.

Notes to the Financial Statements

For the year ended 30 June 2022

Interest revenue

Interest revenue is recognised in respect of fixed-interest securities, and cash and cash equivalent balances. Interest revenue is recognised upon receipt.

Dividend revenue

Dividend revenue is recognised when the dividend has been paid or, in the case of dividend reinvestment schemes, when the dividend is credited to the benefit of the fund.

Rental revenue

Rental revenue arising from operating leases on investment properties is recognised upon receipt.

Distribution revenue

Distributions from unit trusts and managed funds are recognised as at the date the unit value is quoted ex-distribution and if not received at the end of the reporting period, are reflected in the statement of financial position as a receivable at market value.

Remeasurement changes in market values

Remeasurement changes in the market values of assets are recognised as income and determined as the difference between the market value at year-end or consideration received (if sold during the year) and the market value as at the prior year-end or cost (if acquired during the period).

Contributions

Contributions and transfers in are recognised when the control and the benefits from the revenue have been attained and are recorded by the Fund, gross of any taxes, in the period to which they relate.

d. Liability for Accrued Benefits

The liability for accrued benefits represents the Fund's present obligation to pay benefits to members and beneficiaries, and has been calculated as the difference between the carrying amount of the assets and the carrying amount of the other payables and income tax liabilities as at the end of the reporting period.

e. Income Tax

The income tax expense (income) for the year comprises current income tax expense (income) and deferred tax expense (income).

Current tax expense charged to profit or loss is the tax payable on taxable income. Current tax liabilities (assets) are therefore measured at the amounts expected to be paid to (recovered from) the relevant taxation authority.

Deferred income tax expense reflects movements in deferred tax liability balances during the year as well as unused tax losses.

No deferred income tax is recognised from the initial recognition of an asset or liability where there is no effect on accounting or taxable profit or loss.

Deferred tax assets and liabilities are calculated at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, and their measurement also reflects the manner in which the trustees expect to recover or settle the carrying amount of the related asset or liability.

Deferred tax assets relating to temporary differences and unused tax losses are recognised only to the extent that it is probable that future taxable profit will be available against which the benefits of the deferred tax asset can be utilised.

f. Critical Accounting Estimates and Judgements

The preparation of financial statements requires the trustees to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expenses. Actual results may differ from these estimates.

Notes to the Financial Statements

For the year ended 30 June 2022

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future period affected.

It was resolved that the financial statements would be prepared as special purpose financial statements as, in the opinion of the directors of the Trustee Company, the Superannuation Fund is not a reporting entity and therefore is

not required to comply with all Australian Accounting Standards.

The Chair tabled the financial statements and notes to the financial statements of the Superannuation Fund in respect of the year ended 30 June 2022 and it was resolved that such statements be and are hereby adopted as tabled.

TRUSTEE'S DECLARATION: It was resolved that the trustee's declaration of the Superannuation Fund be

signed.

ANNUAL RETURN: Being satisfied that the Fund had complied with the requirements of the

Superannuation Industry (Supervision) Act 1993 (SISA) and Regulations during the year ended 30 June 2022, it was resolved that the annual return be

approved, signed and lodged with the Australian Taxation Office.

TRUST DEED: The Chair tabled advice received from the Fund's legal adviser confirming that

the fund's trust deed is consistent with all relevant superannuation and trust

law.

INVESTMENT STRATEGY: The allocation of the Fund's assets and the Fund's investment performance

over the financial year were reviewed and found to be within the acceptable ranges outlined in the investment strategy. After considering the risk, rate of return, diversification and liquidity of the investments and the ability of the Fund to discharge its existing liabilities, it was resolved that the investment strategy continues to reflect the purposes and circumstances of the Fund and its members. Accordingly, no changes in the investment strategy were required.

INSURANCE COVER: The trustee(s) reviewed the current life and total and permanent disability

insurance coverage on offer to the members and resolved that the current

insurance arrangements were appropriate for the Fund.

ALLOCATION OF INCOME: It was resolved that the income of the Fund would be allocated to the members

based on their average daily balance (an alternative allocation basis may be

percentage of opening balance).

INVESTMENT ACQUISITIONS: It was resolved to ratify the investment acquisitions throughout the financial

year ended 30 June 2022.

INVESTMENT DISPOSALS: It was resolved to ratify the investment disposals throughout the financial year

ended 30 June 2022.

AUDITORS: It was resolved that

Super Audits Pty Ltd

of

Box 3376, Rundle Mall, South Australia 5000

act as auditors of the Fund for the next financial year.

TAX AGENTS: It was resolved that

Minutes of a meeting of the Director(s)

held on / / at PO Box 648, Baulkham Hills, New South Wales 1755

Superhelp A	ustralia	Pt۱	/ Ltd
-------------	----------	-----	-------

act as tax agents of the Fund for the next financial year.

TRUSTEE STATUS: Each of the trustee(s) confirmed that they are qualified to act as trustee(s) of the

Fund and that they are not disqualified persons as defined by s 120 of the SISA.

CONTRIBUTIONS RECEIVED: It was resolved that the contributions during the year be allocated to members

on the basis of the schedule provided by the principal Fund employer.

ACCEPTANCE OF ROLLOVERS: The trustee has ensured that any rollover made to the Fund, meets the

requirements of the Fund's deed and does not breach the superannuation laws

in relation to:

1. making rollover between Funds; and,

2. breaching the Fund or the member investment strategy.

The trustee has reviewed the rollover and received advice that the rollover is in

accordance with the Trust Deed and the rules of the Fund and the superannuation laws. As such the trustee has resolved to accept the rollover on

behalf of the member.

PAYMENT OF BENEFITS: The trustee has ensured that any payment of benefits made from the Fund,

meets the requirements of the Fund's deed and does not breach the

superannuation laws in relation to:

1. making payments to members; and,

2. breaching the Fund or the member investment strategy.

The trustee has reviewed the payment of the benefit and received advice that the transfer is in accordance with the Deed and the superannuation laws. As such the trustee has resolved to allow the payment of the benefits on behalf of

the member.

CLOSURE: All resolutions for this meeting were made in accordance with the SISA and

Regulations

There being no further business the meeting then closed.

Signed as a true record -
