Notes

- This statement has been prepared by Interactive Brokers Australia Pty Ltd AFSL 453554, ABN 98 166 929 568, Level 40, Grosvenor Place, 255 George Street, Sydney NSW to confirm the Transactions covered herein.
IBA is a participant of ASX market, the ASX 24 market and the Cboe Australia market.
- Transactions in products on Australia exchanges which settle via CHESS (including ordinary shares, units, bonds, hybrids, CDIs, exchange-traded Australian Government Bonds (AGBs), exchange-traded products (including ETFs), warrants and instalments) settle on trade date plus two days, i.e. T+2, and options and futures settle on trade date plus one day, i.e. T+1. Share (including stock) transactions on international exchanges generally settle on trade date plus 2 days, i.e. T+2 (some exchanges have longer or shorter settlement periods) and options and futures traded on international exchanges settle on the trade date plus one day, i.e. T+1. A reference to a "trade date" is a reference to the trade date in the place where the market for the relevant product is located. Ending settled cash reflects the cash which has actually settled.
- Initial and maintenance margin requirements are available within the Account Window of the Trader Workstation.
- Quantities preceded by a "-" sign indicate sell transactions. Other transactions are purchases.
- In case of partial executions, commissions are charged on the total quantity executed on the original order. The commission is displayed on the first partial execution only.
- Each closed lot indicated above with a reference to note (6) was chosen by the end of the trading day to be sold versus the specific opening purchase identified in that row.
- Times are displayed in Australian Eastern Standard Time (AEST)/Australian Eastern Daylight Savings Time (AEDT); there will therefore be a difference between the times reported in this statement/report and the times that a trade is reported by the exchange to have occurred in markets which operate in a different time zone. This report covers the period which begins at 10am on a given day through to 10am on the day following the given day unless otherwise indicated.
- You are responsible for promptly checking this statement. You must immediately notify IBA if you become aware that there is an error in this statement. We are entitled to assume that the trades confirmed in this statement are correct unless you notify us of any error within 24 hours following IBA (or someone on its behalf) giving you this statement.

If IBA confirms execution or cancellation in error and you delay reporting such error, IBA reserves the right to remove the Transaction from the account or require you to accept the Transaction, in IBA's absolute discretion.

Please contact the Interactive Brokers Australia Customer Service Department through by lodging a ticket via account management or via the other means outlined on our website. You may also contact IB by phone, but if you report an error by phone, you should reconfirm such oral communication in writing.
- Unless otherwise noted, Interactive Brokers acted as agent in the execution of all exchange traded products. IBA acts as principal in all over-the-counter transactions, including foreign currency spot and contracts for difference and derivatives issued to you under the Stock Yield Enhancement Program.
- All VWAP trades are effected pursuant to an average price formula based on a reference price provided by a third-party data provider. Additional information and reference prices are available upon request. IBA, as agent, effects VWAP transactions through a market making affiliate, which acts as principal in such transactions and may have a long or short position in the security and may have profited or lost in connection with the transaction.
