Annual Testing Reminder Notice Testable Backflow Prevention Devices

16 Feb 2020

Address: 270 TINGAL RD WYNNUM QLD 4178

BCC reference: BPD0009001

The annual testing and reporting cycle for testable backflow prevention devices has commenced for the current calendar year.

During the current calendar year you are required to have all testable backflow prevention devices installed at the above address tested by a licensed contractor endorsed for backflow testing.

All device testing must be completed by 31 December of the current year.

Your licensed contractor must submit the test results to Brisbane City Council (Council) as required by state legislation. Further reminders will be issued during the year for devices that have outstanding test results.

This notice includes a list of the testable backflow prevention devices that have been installed and previously registered with Council for the above address.

Failure to test the devices on an annual basis may result in penalties.

If you have questions about the notices issued by Council or Council's Testable Backflow Prevention Device program please go to www.brisbane.qld.gov.au, type "Backflow prevention" in the Search field and refer to the Frequently Asked Questions provided.
