For water and wastewater 24 hour service enquiries please contact Redland City Council  
Telephone: **3829 8999**

Please refer to the back page of this summary for further information.

\*M043694004\*

15.651

147005/IB/043694

## Water and Wastewater charges

- The water fixed access charge is billed in advance and is a set charge (based on meter size).
- The wastewater fixed access charge is billed in advance and is a set charge.
- Water consumption is charged per kilolitre and is based on water meter readings taken over the quarter (1 kilolitre = 1,000 litres).

For the 2019 -2020 financial year the following water consumption charges apply:

Consumption Type	State Govt Bulk Water Price per kilolitre \$	Redland City Council Price per kilolitre \$	Total Price \$
Residential	2.935	0.601	3.536
Non Residential	2.935	1.376	4.311

## Why am I charged a state bulk water price?

Since 2008, Seqwater has owned, operated and maintained bulk supply dams, reservoirs and water treatment plants. State Government legislation requires council to display the bulk water charges as a separate item on your water summary.

## Estimated Readings

On occasion we may have trouble obtaining a meter reading for your property. Generally this happens in instances where the entry gate is locked, there is a dog or the meter is obstructed by vegetation. In these instances the meter reader will leave a self-read card in your letterbox if possible. You can avoid an estimated read by reading your water meter, completing the card and returning it to us as soon as possible.

If we have not received a meter reading we will estimate a reading based on your previous usage.

## Ownership Change - Why am I Paying for Water used by the Previous Owner?

As part of the settlement of ownership transfer the majority of conveyance solicitors will request a water search in order to do a water charge adjustment for the purposes of financial settlement. The adjustment covers the previous owner's water usage up until settlement date. Therefore in the majority of instances the new owner is not paying the water used by the previous owner. However, should you have any concerns please contact your conveyance solicitor.

## Checking for leaks

It is important to fix leaks or plumbing issues quickly. Locating and fixing leaks will save water and help reduce your water consumption charge.

### Do an overnight test. Before going to bed:

- turn off all household and garden taps
- read and record both black and red numbers on your meter
- take into account if a toilet is flushed (approx 9ltrs)
- read and record the reading first thing in the morning.

If any of the numbers have moved, this indicates that you may have a leak and you may need to contact a licensed plumber straight away.

## Who owns the water meter?

Redland City Council owns the water meter, and the pipes that supply the services to the water meter.
