"Things you should know"

Please consider this important information alongside your Product Disclosure Statement, Policy Document and Schedule.

Explaining premium increases

Insurance premiums increase from time to time and if you have noticed an increase to your premium in this letter it may be for a number of reasons including, but not limited to:

- If your policy includes an indexation benefit to help maintain the value of your insurance against inflation, this will trigger an increase to your level of cover or sum insured and may cause an increase in the premiums you pay for your insurance.
- The indexation benefit may still be applied to level premiums and cause an increase to your premiums.
- If you have chosen, or the policy includes a stepped premium your premium may increase each year as you get older.
- We can also change our policy fees or the premium rates we use to determine your premium.
- We will act reasonably when making decisions to change our premium rates or policy fees and will only make changes to the extent reasonably necessary to protect our legitimate business interests. When we do this we won't single your policy out for a premium increase. If we do apply an increase to your policy, we'll provide you with at least 30 days' notice and you'll be charged the new premium from your next policy anniversary.

If you have any further questions in regards to your premiums, please contact us.

Risks of cancelling or replacing an existing Life Insurance Policy

When you started your policy, your age, medical history, lifestyle and occupation may have been taken into consideration to calculate your premium and offer you cover. If you cancel your policy and re-apply for life insurance at a later date, either with us or another insurer, you may not be able to obtain the same level of cover for the same price or conditions, especially if your health has changed.

When you are considering replacing an existing policy it is important to remember that a new policy may offer different benefits and conditions. There may for example be different benefit waiting periods, limits and exclusions. You should ensure that any replacement cover continues to meet your needs and that you will not be disadvantaged in cancelling your existing cover.

Cancelling your insurance means you could be losing a valuable safety net. Even if you have some default cover inside super, this may not be accessible or provide enough cover to meet your needs at claim time.

If you have any further questions in regards to cancelling or replacing a Life Insurance policy, please contact us or speak to a financial adviser.
