Non-Resident Interest Withholding Tax**

Non-resident security holders had tax withheld (at the relevant rates) from parts of their distribution that related to Australian source income.

In respect of Australian source income amounts other than interest, tax has been withheld in accordance with the managed investment trust withholding regime. Generally, tax is withheld at the rate of 15% for securityholders located in an exchange of information jurisdiction and 30% for other securityholders. To the extent that Australian source income relates to a clean building managed investment trust, tax is withheld at the rate of 10% for securityholders located in an exchange of information jurisdiction and 30% for other securityholders

This Guide provides general information to assist in the completion of an Australian Income Tax Return for the financial year ended 30 June 2023. This Guide has been prepared on the basis that you are an Australian resident individual and you hold your Dexus securities on capital account. While every care has been taken in the preparation of this Guide, Dexus does not provide taxation advice and this document does not constitute personal advice. If you have any doubts about your tax position, or if you require any further information about your tax affairs or the completion of an Australian Income Tax Return, you should consult your professional adviser without delay.

### What do you do with the amounts that appear in Part A?

Your AMMA Statement has been designed so that the amounts in Part A correspond with the amounts you are required to enter into your 2023 Individual Tax Return/Supplementary Section for Australian residents and includes the distribution components from your investment that are relevant for the completion of your tax return.

The dividend paid by Dexus Operations Trust in August 2022 should be included in your tax return for the year ended 30 June 2023.

The dividend paid by Dexus Operations Trust in August 2023 should be included in your tax return for the year ended 30 June 2024.

### What do you do with the amounts that appear in Part B and Part C?

Parts B and C of your AMMA Statement provide additional information relating to the components of the distribution from Dexus that have been attributed to you for the year ended 30 June 2023.

Dexus has determined to attribute each taxable component of its income to unitholders in proportion to the distributions received by each unitholder.

## NON-PRIMARY PRODUCTION INCOME

### Note 1 – Interest

This income relates to interest earned on amounts such as bank deposits and loans to Australian entities. The interest is not exempt from withholding tax if distributed to a non-resident.

### Note 2 – Franked dividend

This income relates to franked dividend income derived by Dexus Property Trust and Dexus Operations Trust. The amount stated in Part B includes the attached franking credit.

### Note 3 – Other income

Other income is any other income from Australian sources (excluding capital gains) that is taxable. This includes rental income from direct or indirect property investments.

## CAPITAL GAINS

### Note 4 – Discounted Capital Gains

Discounted capital gains are net capital gains on the disposal of investments that have been held for at least 12 months. The gain has been reduced by 50% as a result of the capital gains tax ("CGT") discount.

For additional information refer to Part D on page 2. Part D specifies the portion of total capital gains that relate to taxable Australian property and non-taxable Australian property. Australian residents are required to include both categories of capital gains in their assessable income.

The 50% CGT discount is available only to Australian resident individuals and trusts. Accordingly, a company or complying superannuation fund should use the information contained in the "Additional Capital Gains Information" section in Part D as a basis to determine the net capital gain amount to be included in their 2022 Australian Income Tax Return. We recommend you refer to the ATO website page "Guide to Capital Gains Tax 2023" and the publication "Personal Investors Guide to Capital Gains Tax 2023". The ATO website address [www.ato.gov.au](http://www.ato.gov.au).

### Note 5 – Indexation method capital gains

Indexation method capital gains are capital gains in respect of assets acquired before 1 July 1999 that Dexus has calculated after increasing the cost base of the asset for indexation. You may not apply the CGT discount in respect of these capital gains.

### Note 6 – Other capital gains

Other capital gains are capital gains to which neither the CGT discount or indexation applies. You may not apply the CGT discount in respect of these capital gains.

## FOREIGN INCOME

### Note 7 – Assessable Foreign Income

These amounts represent foreign income distributed by Dexus. There is no foreign income for the year ended 30 June 2023.

### Note 8 – Foreign Tax Offset

These amounts represent foreign tax offsets distributed by Dexus. There are no foreign tax offsets for the year ended 30 June 2023.

## OTHER NON-ASSESSABLE AMOUNTS

### Note 9 – Non-Assessable Amounts

Non-assessable amounts are not included in your tax return.

If the taxable components from a trust exceed the cash distributed by that trust, the excess will be shown as a negative number in Part B.

Non-assessable amounts and excess amounts over trust distributions should not be used to adjust the cost base and reduced cost base of your securities. Details of your cost base adjustments are specified separately in Part B (See Note 10).

### Note 10 – AMIT Cost Base Adjustments

Under the AMIT regime you are required to make annual adjustments to the cost base and reduced cost base of your securities.

If the distributions by Dexus to you for an income year exceed the amounts included in your assessable income for that year (grossed-up by any CGT discount), the cost base of your units will be decreased by the amount of the excess. Such excess amounts are generally referred to as capital, non-assessable or "tax deferred" distributions.

To the extent that any such non-assessable distributions exceed the cost base in your units, a capital gain will arise.

If the amounts included in your assessable income (grossed-up by any CGT discount) in respect of an income year exceed the distributions made to you for that year, the cost base of your securities will be increased by the amount of the excess.

The amount stated in Part B of your AMMA Statement for the year ended 30 June 2023 represents the total net change in the cost base of your securities for that income year under the AMIT regime.

The cost base adjustment amount should be allocated across your Dexus Property Trust units in proportion to the amount of ordinary income distributions received on those units.

## DIVIDENDS

### Note 11 – Franked dividends

This income represents franked dividends paid by Dexus Operations Trust. Dexus Operations Trust is treated as a company for income tax purposes.

You should include both the franked dividend amount and the attached franking credit in your assessable income. Unlike distribution income received through Dexus Property Trust, these amounts should be included in your assessable income for the year ended 30 June 2024. For this reason, the Dexus Operations Trust 30 June 2023 franked dividend amount does not appear in the table in Part A.

**Note 12 – Credit for TFN/ABN Amounts Withheld**

If you have not provided a TFN, ABN or exemption for your investment, withholding tax at the highest marginal rate (including Medicare levy) of 47% has been deducted from your distributions.

Where applicable, TFN / ABN withholding tax has been calculated as 47% of the greater of the Dexus Property Trust cash distribution and your share of Dexus Property Trust's taxable income prior to the application of the CGT discount.

**Note 13 – Managed Investment Trust Withholding Tax and Non-Resident Interest Withholding Tax**

Non-resident security holders had tax withheld (at the relevant rates) from parts of their distribution that related to Australian source income.

In respect of Australian source income amounts other than interest, tax has been withheld in accordance with the managed investment trust withholding regime. Generally, tax is withheld at the rate of 15% for securityholders located in an exchange of information jurisdiction and 30% for other security holders. To the extent that Australian source income relates to a clean building managed investment trust, tax is withheld at the rate of 10% for security holders located in an exchange of information jurisdiction and 30% for other security holders

### Notes:

1. All amounts are in Australian dollars and withholding tax has been deducted where applicable.
2. Trustees may choose to show the franked distributions at label 13C rather than at label 13U.
3. If your total foreign income tax offset from all sources for the year is \$1,000 or less, then you can claim this amount in full. Otherwise, you will need to refer to the publication Guide To Foreign Income Tax Offset Rules (NAT 72923) to work out your entitlement.

The labels at items on the tax return are the white letters inside coloured boxes on the Tax return for individuals (supplementary section) 2023. If you use a tax agent to prepare your income tax return, advise them to rely on the information in this statement rather than information that may be displayed in the tax agent's pre-filing service. If you use myTax to prepare your income tax return, check the pre-filled amounts against this statement and correct them if necessary. Depending on your particular circumstances, you may also need to use the data in part C (for example, if you are required to perform additional calculations or if you are a non-resident individual).
