Pricing

This section includes the net market value of the securities in your account on a settlement date basis, including short positions, at the close of the statement period. The market prices, unless otherwise noted, have been obtained from independent vendor services, which we believe to be reliable. In some cases the pricing vendor may provide prices quoted by a single broker or market maker. Market prices do not constitute a bid or an offer, and may differ from the actual sale price. Securities for which a price is not available are marked "N/A" and are omitted from the Total.

THE AS OF PRICE DATE ONLY APPEARS WHEN THE PRICE DATE DOES NOT EQUAL THE STATEMENT DATE.

Estimated Annual Figures

The estimated annual income (EAI) and estimated annual yield (EAY) figures are estimates and for informational purposes only. These figures are not considered to be a forecast or guarantee of future results. These figures are computed using information from providers believed to be reliable; however, no assurance can be made as to the accuracy. Since interest and dividend rates are subject to change at any time, and may be affected by current and future economic, political, and business conditions, they should not be relied on for making investment, trading, or tax decisions. These figures assume that the position quantities, interest and dividend rates, and prices remain constant. A capital gain or return of principal may be included in the figures for certain securities, thereby overstating them. Refer to www.pershing.com/disclosures for specific details as to formulas used to calculate the figures.

Accrued interest represents interest earned but not yet received.

Reinvestment

The dollar amount of Mutual Fund distributions, Money Market Fund dividend income, Bank Deposit interest income, or dividends for other securities shown on your statement may have been reinvested. You will not receive confirmation of these reinvestments. Upon written request to your financial institution, information pertaining to these transactions, including the time of execution and the name of the person from whom your security was purchased, may be obtained. In dividend reinvestment transactions, Pershing acts as your agent and receives payment for order flow.

Option Disclosure

Information with respect to commissions and other charges incurred in connection with the execution of option transactions has been included in confirmations previously furnished to you. A summary of this information is available to you promptly upon your written request directed to your introducing firm. In order to assist your introducing firm in maintaining current background and financial information concerning your option accounts, please promptly advise them in writing of any material change in your investment objectives or financial situation. Expiring options which are valuable are exercised automatically pursuant to the exercise by exception procedure of the Options Clearing Corporation. Additional information regarding this procedure is available upon written request to your introducing firm.

Foreign Currency Transactions

Pershing will execute foreign currency transactions as principal for your account. Pershing may automatically convert foreign currency to or from U.S. dollars for dividends and similar corporate action transactions unless you instruct your financial organization otherwise. Pershing's currency conversion rate will not exceed the highest interbank conversion rate identified from customary banking sources on the conversion date or the prior business day, increased by up to 1%, unless a particular rate is required by applicable law. Your financial organization may also increase the currency conversion rate. This conversion rate may differ from rates in effect on the date you executed a transaction, incurred a charge, or received a credit. Transactions converted by agents (such as depositories) will be billed at the rates such agents use.

Proxy Vote

Securities not fully paid for in your margin account may be lent by Pershing to itself or others in accordance with the terms outlined in the Margin Agreement. The right to vote your shares held on margin may be reduced by the amount of shares on loan. The Proxy Voting Instruction Form sent to you may reflect a smaller number of shares entitled to vote than the number of shares in your margin account.

Transition to Trade Date plus One (T1) Settlements

The U.S. will adopt a shortened settlement timeframe beginning with trade date May 28, 2024, for equities, corporate, municipal bonds and unit investment trusts. Moving from a T2 to a T1 settlement cycle will provide faster access to sale proceeds, but it also means that funds will be due on purchase transactions earlier.

Although a money market mutual fund (money fund) seeks to preserve the value of your investment at \$1 per share, it is possible to lose money by investing in a money fund. Shares of a money fund or the balance of a bank deposit product held in your brokerage account may be liquidated upon request with the proceeds credited to your brokerage account. Please see the money fund's prospectus or the bank deposit product's disclosure document or contact your advisor for additional information. Pursuant to SEC Rule 10b-10(b)(1) confirmations are not sent for purchases into money funds processed on the sweep platform. Pursuant to applicable regulation, account statements will be produced monthly or quarterly. Balances in Federal Deposit Insurance Corporation (FDIC)-insured bank deposit sweep products are not protected by Securities Investor Protection Corporation (SIPC).

Please be advised that, beginning April 7, 2023, Pershing will be implementing a change to client accounts governed by a margin agreement. Under the new process, eligible settled long positions will be maintained in a client's margin account type. Accounts that are not governed by a margin agreement will not be affected by this change. Please contact your financial organization if you wish to learn more about this change.

Pershing LLC (Pershing), as the custodian for your accounts, is required to disclose certain information to you on an annual basis.

OTHER SOURCES OF REVENUE TO PERSHING

As a custodian, Pershing receives compensation from third parties for the services it provides to support certain products, including but not limited to, mutual funds, 529 plans, money funds, bank deposit sweep products, annuities, alternative investments, and ETFs.

CREDIT INTEREST AND CHECK DISBURSEMENTS

Under certain conditions, Pershing earns revenue based on free credit balances in client accounts. A small number of firms share in a portion of that revenue. In situations where you request a check disbursement from your account, Pershing will continue to earn revenue based on the amount of the check from the date that it is disbursed until its final settlement and payment. Free credit balances in your account are for investment purposes. If you currently maintain free credit balances in your account solely for the purpose of receiving credit interest and have no intention of investing the funds in the future, contact your firm to discuss your investment options.

MUTUAL FUND FEES AND REVENUE SHARING

Pershing provides operational services to mutual fund companies and receives fees for those services. These fees are paid to Pershing for its work on behalf of the funds, such as dividend calculations and posting, accounting, reconciliation, client confirmation and statement preparation and mailing, and tax statement preparation and mailing. Where applicable, Pershing facilitates payments of SEC Rule 12b-1 fees received from mutual funds and paid to you or your firm. In limited circumstances, pursuant to agreements with certain firms, Pershing retains a portion of those fees. Pershing offers a mutual fund no-transaction-fee program called FundVest® and Offshore Flex (for non-US clients). Pershing

Messages *(continued)*

receives fees from mutual funds that participate in FundVest and Offshore Flex. There are some firms that choose to participate in this program and have agreements with Pershing to share in the fees received by Pershing. These fees are considered revenue sharing and are a source of revenue for Pershing and, where applicable, a source of revenue for your firm. These fees create an incentive for Pershing to support these products on its platform.

MONEY FUND AND BANK DEPOSIT PROGRAM FEES AND REVENUE SHARING

Money fund and bank deposit sweep product processing fees and revenue sharing arrangements are a source of revenue for Pershing and, where applicable, a source of revenue for your firm. For the money funds supported on its sweep platform available to all clients, Pershing receives remuneration paid out of the total operating expenses of the fund, some of which include SEC Rule 12b-1 fees. If your firm selects a sweep product available to all clients that pays Pershing remuneration, in most cases a portion of the fees Pershing receives from money fund and bank deposit sweep product providers will be shared with your firm. In addition, Pershing receives fees for providing access to its platform from money funds and bank deposit sweep product providers. In most cases, these fees are paid based on assets in the products. In certain circumstances, Pershing shares these fees with your firm. Some firms have unique sweep products, where Pershing does not receive fees from the sweep product provider. When Pershing receives fees, a portion is applied against costs associated with providing services, including maintaining cash sweep systems, sub-accounting, dividend and interest calculations, posting, reconciliation, client statement preparation and distribution, tax statement preparation and distribution, marketing and distribution related support and other services. For a listing of money funds and bank deposit products that pay Pershing revenue-sharing and processing fees, refer to www.pershing.com/disclosures.

FEES RECEIVED BY AFFILIATES

The Dreyfus money funds supported as sweep options by Pershing, which may be offered to you by your firm, are managed by Dreyfus Cash Investment Strategies, a division of BNY Mellon Investment Adviser, Inc. (BNYMIA) and distributed through Dreyfus Cash Solutions, a division of BNY Mellon Securities Corporation (BNYMSC). BNYMSC and BNYMIA are affiliates of Pershing and BNYMSC receives compensation for delivering services to the Dreyfus money funds. The Dreyfus Insured Deposits products, are bank deposit sweep products that automatically deposit swept funds into FDIC member participating banks (Program Banks), where swept balances receive pass through FDIC insurance coverage through those Program Banks. The Dreyfus Insured Deposits products are supported by Pershing, and may be offered to you by your firm, operate through a private labelling arrangement with Dreyfus Cash Solutions. Pershing has appointed Dreyfus Cash Solutions to provide certain services with respect to the operation of the Dreyfus Insured Deposits products. The Bank of New York Mellon is a state-chartered bank and BNY Mellon, National Association (BNY Mellon, N.A.) is a national banking association, both of which may act as Program Banks by participating in the bank deposit sweep products that Pershing supports on its sweep platform. BNYMSC is a registered investment adviser and broker-dealer, and a subsidiary of BNYMIA. Pershing, Pershing Advisor Solutions, BNYMSC, BNYMIA, The Bank of New York Mellon and BNY Mellon, N.A. are BNY Mellon companies. BNY Mellon is the corporate brand for The Bank of New York Mellon Corporation. Pershing, Pershing Advisor Solutions and BNYMSC earn fees (which may or may not be account-based) based on the amount of money in the Dreyfus Money Funds and Dreyfus Insured Deposits products. Depending on the specific terms of the products offered, Pershing and Pershing Advisor Solutions may earn a higher fee on balances in any of the bank deposit sweep products supported on the platform than in other sweep products, such as money funds. Based on the agreement between Pershing and your firm, Pershing, in its sole discretion, will share a portion of the fees it earns from the support of these sweep products with your firm, in which case your firm would earn fees on balances in these products, which may be higher than fees earned on other money market products. The Bank of New York Mellon and BNY Mellon, N.A. may participate in bank deposit sweep products that Pershing supports on its sweep platform. If they participate, the Bank of New York Mellon and BNY Mellon, N.A. will realize an economic benefit from balances received through the bank deposit sweep products on the Pershing platform. The Program Banks, including the Bank of New York Mellon and BNY Mellon, N.A., do not have a duty to offer the highest rates available or rates that are comparable to money funds or those offered by other depository institutions.

SPONSORSHIP FEES

Third-party product and service providers (e.g., mutual fund companies, annuity companies, ETF providers, money market fund companies, money managers, technology and business solution providers) offer marketing support in the form of sponsorship fee payments to Pershing (or third parties at Pershing's direction) in connection with educational conferences, events, seminars and workshops for broker-dealers or advisers. These payments can include the expenses of educational materials or other conference-related expenses.

ADDITIONAL INFORMATION

Further detailed information regarding a number of the above topics can be found on our website at www.pershing.com/disclosures

Pershing LLC (Pershing), as the custodian for your accounts, is required to disclose certain information to you on an annual basis.

FOREIGN CURRENCY TRANSACTIONS

Pershing will execute foreign currency transactions as principal for your account. Pershing's compensation for such transactions is based on the difference between the prevailing Foreign Exchange Interbank market and the rate applied at the time of the trade. Each currency conversion rate applied by Pershing will not exceed the highest interbank conversion rate identified from customary banking sources on the conversion date or prior business day, increased by up to 1%, unless a particular rate is required by applicable law. Some firms

Messages *(continued)*

increase or decrease the currency conversion rate you are charged by Pershing and such increase or decrease in the rate results in compensation to your firm. Conversion rates may differ from rates in effect on the date a dividend, interest payment or corporate action is credited or declared. Unless you instruct your firm otherwise, Pershing automatically converts foreign currency to or from U.S. dollars for dividends, interest and corporate actions.

STOP ORDER ELECTION/TRIGGER

Equity odd-lot sales count toward consolidated and participant exchange volumes, but do not update the last-sale, open, close, high, or low price. Since odd-lot executions are not last-sale eligible, they will not trigger non-directed stop, stop-limit or trailing-stop orders routed to Pershing for execution.

CONFIRMATION OF EXECUTIONS AND/OR CANCELLATIONS

Confirmations of executions and/or cancellation requests may be delayed, erroneous (e.g., due to computer system issues) or subject to further edits including cancellation by a market center. A customer is bound by the conditions of the actual order execution if consistent with the customer's order instructions. Further, requests to cancel an order are not guaranteed, and will only be cancelled if received and applied to the still unexecuted order at the relevant market center. Customers may not assume that any order has been executed or cancelled until the customer has received a transaction or cancellation confirmation from Pershing. Even in the event such execution or cancellation is reported to a customer, any reporting or posting errors, including errors in reporting or posting execution prices or cancellations, may be corrected to reflect what actually occurred in the marketplace. Note that during market hours, it is rarely possible to cancel a market order or a marketable limit order as such orders are subject to immediate execution.

PERSHING'S IMPARTIAL LOTTERY PROCESS: PARTIAL CALLS

Information about Pershing's impartial lottery process can be found at www.pershing.com/disclosures. A printed copy of this information is available by calling (888) 367-2563, option 3 then option 5.

When a security is subject to a partial redemption, Pershing has procedures to treat you fairly. When an issuer initiates a partial call of securities, the depository holding such securities (typically, the Depository Trust and Clearing Corporation, or DTCC) conducts an impartial, computerized lottery using an incremental random number technique to determine the allocation of called securities to participants for which it holds securities on deposit (including Pershing). Because DTCC's lottery is random and impartial, participants may or may not receive an allocation of securities selected for redemption.

Pershing conducts a similar, computer-generated random lottery. The lottery determines the accounts that will be selected and the number of securities in the account that will be redeemed. Allocations are based on the number of trading units held in the account. The probability of any trading unit held by an account being selected as called in a partial call is proportional to the total number of trading units held through Pershing.

Once the lottery is complete, Pershing notifies your firm which accounts have received an allocation. Securities registered in the client's name, either in transit or held in custody, are excluded from the Pershing lottery process.

Pershing initiates the lottery process by identifying the accounts holding the called security, the total par value of the called securities held, and the trading unit of the security.

For example (unit of trade = \$25,000):

Client Account	Par Value	Number of Trading Units
ABC-123234	\$100,000	4
DEF-325465	\$75,000	3
EDR-567433	\$150,000	6

Messages *(continued)*

EGT-876574	\$50,000	2
EGT-888345	\$25,000	1
FRT-435234	\$25,000	1
FRT-658797	\$75,000	3

In brief, the allocation process involves the following steps:

- The number of trading units held in each account is identified.
- A sequential number is assigned to each trading unit (e.g., account EDR-567433 would be assigned six numbers).
- A random number is generated that will result in one of these trading units being the first unit in the selection process.
- Thereafter, the trading units participating in the allocation are based on an incremental random number technique until the number of trading units allocated to Pershing is exhausted.
- Additional Information
- The allocation of called securities is not made on a pro-rata basis. Therefore, it is possible that a client may receive a full or partial redemption of shares held. Conversely, it is also possible that a client may not have any securities selected for redemption.
- When a partial call is deemed favorable to the holders of the called security, Pershing will exclude certain accounts from the lottery. Excluded accounts will include Pershing's proprietary and employee accounts, as well as proprietary and employee accounts of your firm (if Pershing carries and clears those accounts). No allocation will be made to these proprietary and employee accounts until all other client positions at Pershing in such securities have been called. When a partial call is deemed unfavorable to holders of the called security, Pershing will not exclude any accounts from the lottery.
- If the partial call is made at a price above the current market price as captured in Pershing's price reporting system, Pershing will generally categorize the partial call as one that is favorable to the holders of such security. If the partial call is made at a price that is equal to or below the current market price of the security as captured in Pershing's price reporting system, Pershing will generally categorize that call as one that is unfavorable to holders of the security.
- Clients have the right to withdraw uncalled, fully paid securities from Pershing at any time prior to the cut-off date and time established by the issuer, transfer agent and/or depository with respect to the partial call. Clients also have the right to withdraw excess margin securities, provided that the client account is not subject to restriction under Regulation T or that such withdrawal will not cause an under-margined condition.
- Impartial lottery is conducted based on settled positions as of the close of business the day prior to the publication date.

PAYMENT FOR ORDER FLOW AND ORDER ROUTING POLICY DISCLOSURES (REGULATION NMS - RULE 607 (A) (1) - (2))

PERSHING SENDS EQUITY AND OPTION ORDERS TO EXCHANGES, OR BROKER-DEALERS AS MARKET MAKERS OR AUTOMATED TRADING SYSTEMS (ATSS). CERTAIN OF THESE VENUES PROVIDE PAYMENTS TO PERSHING OR CHARGE ACCESS FEES TO PERSHING DEPENDING UPON THE CHARACTERISTICS OF THE ORDER AND ANY SUBSEQUENT EXECUTION. THE DETAILS OF THESE PAYMENTS AND FEES ARE AVAILABLE UPON WRITTEN REQUEST. COMPENSATION IS GENERALLY IN THE FORM OF A PER SHARE OR PER OPTION CONTRACT CASH PAYMENT. IN ADDITION, PERSHING ROUTES CERTAIN EQUITY TO ITS AFFILIATE, BNY MELLON CAPITAL MARKETS, LLC, FOR EXECUTION AS PRINCIPAL.

BEST EXECUTION: NOTWITHSTANDING THE PREVIOUS PARAGRAPH REGARDING PAYMENT FOR ORDER FLOW, PERSHING SELECTS CERTAIN MARKET CENTERS TO PROVIDE EXECUTION OF OVER-THE-COUNTER AND EXCHANGE-LISTED SECURITIES TRANSACTIONS WHICH AGREE TO ACCEPT ORDERS, TRANSMITTED ELECTRONICALLY UP TO A SPECIFIED SIZE, AND TO EXECUTE THEM AT OR BETTER THAN THE NATIONAL BEST BID OR OFFER (NBBO). IN CERTAIN SECURITIES THAT ARE NOT ELECTRONICALLY QUOTED, PERSHING DIRECTLY CONTACTS MARKET CENTERS TO OBTAIN AN EXECUTION. THE DESIGNATED MARKET CENTERS TO WHICH ORDERS ARE AUTOMATICALLY ROUTED ARE SELECTED BASED ON THE CONSISTENT HIGH QUALITY OF THEIR EXECUTIONS AND THEIR ABILITY TO PROVIDE OPPORTUNITIES FOR EXECUTIONS AT PRICES SUPERIOR TO THE NBBO. PERSHING ALSO REGULARLY REVIEWS REPORTS FOR QUALITY OF EXECUTION PURPOSES.
