Notes to the Financial Statements

For the year ended 30 June 2023

Note 1: Statement of Significant Accounting Policies

This financial report is a special purpose financial report prepared for distribution to members to satisfy the accountability requirements of the Superannuation Industry (Supervision) Act 1993 and the Trust Deed. The Trustees have determined that the fund is not a reporting entity. The following is a summary of the material accounting policies adopted by the fund in the preparation of the financial report.

Measurement of Assets

Assets of the fund have been measured at net market values after allowing for costs of realisation. Changes in the net market value of assets are brought to account in the operating statement in the periods in which they occur.

Net market values have been determined as follows:

- (i) Shares in listed companies, government securities and other fixed interest securities by reference to the relevant market quotations at the reporting date;
- (ii) Mortgage loans by reference to the outstanding principal of the loans;
- (iii) Units in managed funds by reference to the unit redemption price at reporting date;
- (iv) Insurance policies by reference to the surrender value of the policy; and
- (v) Property, Plant and equipment at trustees' assessment of their realisable value.

Liability for Accrued Benefits

The liability for accrued benefits is the fund's present obligation to pay benefits to members and beneficiaries and has been calculated as the difference between the carrying amounts of the assets and the carrying amounts of the sundry liabilities and income tax liabilities as at reporting date.

Income Tax

The income tax expense (revenue) for the year comprises current income tax expense (income and deferred tax expense (income).

Current income tax expenses charged to the profit or loss is the tax payable on taxable income calculated using the applicable income tax rates enacted, or substantially enacted, as at reporting date. Current tax liabilities (assets) are therefore measured at the amounts expected to be paid (recovered from) the relevant taxation authority.

Future income tax benefits are not brought to account unless there is virtual certainty of realisation of the asset or tax loss as the case may be.

The fund brings to account the future tax liability and corresponding expense for unrealised capital gains. Due to the uncertainty of realisation no future tax benefit is recognised for unrealised capital losses.

As the fund is a full pension fund, the net fund income is exempt pension income and hence there is no income tax liability on earnings.

Superannuation Contributions Surcharge (abolished from 1/7/05)

The trustees are unable to determine the amount of the surcharge liability for the current reporting period with sufficient accuracy for inclusion in the financial report until an assessment is received from the Australian Taxation Office. The fund recognises superannuation contributions surcharge as an expense at the time of receipt of an assessment and the cost is charged to the relevant member's account.

Minutes: The Chair reported that the minutes of the previous

meeting had been signed as a true record.

Financial Statements: It was resolved that the financial statements would be

prepared as special purpose financial statements as, in the opinion of the trustees, the superannuation fund is a non-reporting entity and therefore is not required to comply with all the Australian Accounting Standards.

The Chair tabled the financial statements and notes to the financial statements of the superannuation fund in respect of the year ended 30th June 2023 and it was resolved that such statements be and are hereby

adopted as tabled.

Trustee Declaration: It was resolved that the trustee declaration included in

the superannuation fund's financial statements be

signed.

Income Tax Return: Being satisfied that the fund had complied with the

requirements of the Superannuation Industry (Supervision) Act 1993 (SISA) and Regulations during the year ended 30th June 2023, it was resolved that, once the audit has been finalised and the audit report issued, the annual return be approved and signed by the trustee and lodged with the Australian Taxation

Office by Jennifer Gibbon.

Investment Strategy: The allocation of the fund's assets and the fund's

investment performance over the financial year were reviewed and found to be within the acceptable ranges outlined in the investment strategy. After considering the risk, rate of return, diversification and liquidity of

the investments, the ability of the fund to discharge its existing liabilities and the provision of insurance cover for fund members, it was resolved that the investment strategy continues to reflect the purposes and circumstances of the fund and its members.

Accordingly, no changes to the investment strategy were required.

Allocation of Income:

It was resolved that the income of the fund would be allocated to the members in accordance with the fund's trust deed, on a fair and reasonable basis.

Investment Aims and Objectives

1. General Objectives

To ensure that the Trustees' duties and powers are performed and exercised in the best interests of the beneficiaries, the following general objectives have been formulated:

The Trustees will:

- (a) act prudently to pursue maximum rates of return subject to acceptable risk parameters and maintenance of achievable diversification;
- (b) ensure sufficient liquidity is retained to meet benefit payments due; and
- (c) amend specific objectives in accordance with changing risk profiles.
- 2. Specific Objectives

The Trustees have adopted the following specific objectives for the investment of assets of the Fund:

- (a) to achieve a net (after tax and charges) rate of return that exceeds CPI by at least 3% per annum over a rolling 5 year period; and
- (b) to have a low expectation of negative returns in any 12 month period.

The Trustees will consider the implementation of these objectives through a single asset strategy if appropriate.

Asset Allocation Strategy

When managers choose to deviate the actual asset mix away from the benchmark mix, they are taking active asset allocation decisions which may prove either beneficial or detrimental in terms of the final portfolio return relative to the passive benchmark return.

Fund Circumstances

When devising an investment strategy, the trustee must first decide on how the moneys are to be invested so that the fund's investment objectives are best met. There are a multitude of ways to invest money that need to be considered even before the issue of what type of investment vehicle to choose is considered.

Diversification

Diversification has been assessed by the Trustees after considering:

- a) existing Fund assets;
- b) existing and projected Fund membership;

Fund: JENN

Investment Strategy

As at 30 June 2023

- c) ability of the Fund to discharge existing and prospective liabilities;
- d) liquidity of the funds investments having regard to expected cash flow requirements; and
- e) the decision not to implement a reserving policy.

Member Insurance

The Trustees have considered whether the fund should hold a contract of insurance that provides insurance cover for each member of the fund. After consultation with each member, the Trustees have taken any action necessary to obtain, update or cancel contracts of insurance.

Review and Performance Monitoring

Review

The Trustees will review the objectives of the Fund annually and at any such other time as may be deemed necessary. Performance Monitoring

The Trustees will monitor the performance of the investment strategy and the ability of the strategy to achieve the Funds investment objectives by comparing returns with objectives annually.

The beneficiaries of the Fund will be allowed access to prescribed information and will be provided information regarding the performance of the Fund.

Risk

The Trustees have implemented the strategy taking into consideration the risk involved in making, holding and realising, and the likely return from the Funds investments in accordance with the investment objectives and the Funds expected cash flow requirements.

Life Insurance

The Trustee has given consideration to the current members' age, work status and their superannuation balances. The trustee will discuss with the members should insurance be considered appropriate or necessary and obtain relevant levels of insurance coverage.

Dear Trustees,

Your Self-Managed Superannuation Fund Administrator has requested that we prepare an actuarial certificate for your SMSF to support claims for income tax exemption in the tax return of the Fund. The actuary James Fitzpatrick of Waatinga has calculated the tax-exempt percentage and has prepared the certificate accordingly.

If there are any periods of the income year where the only accounts held by the Fund are Retirement Phase (Pension) accounts, these periods are known as Deemed Segregated Periods (DSPs) and the Segregated Method is generally used to determine the Exempt Current Pension Income (ECPI) during those periods.

We have been informed that the Fund is not eligible to use the Segregated Method in the current income year. As a result, we have treated the assets as being unsegregated for the entire income year.

The tax-exempt percentage specified in the actuarial certificate applies to the net ordinary and statutory assessable income (excluding assessable contributions, non-arm's length income and income derived from any segregated assets) received during the Unsegregated Periods for the given income year. The tax-exempt percentage is calculated as the average of the Retirement Phase balances over the unsegregated periods of the income year as a proportion of the average of the total Fund balances over the unsegregated periods of the income year.

Andy O'Meagher Director & Founder Act2 Solutions Pty Ltd Ph 1800 230 737 andy@act2.com.au

ACTUARIAL CERTIFICATE

Income Tax Assessment Act 1997 (the Act), Section 295.390

We have been requested by Act2 Solutions to prepare an Actuarial Certificate in compliance with the Act for the following Self-Managed Super Fund (SMSF);

THE JENNINGS SUPERANNUATION FUND (the Fund)

Trustee(s): Susan Jennings, Alan Jennings

We have been advised the Fund is a complying Self-Managed Super Fund. This certificate is for the year ended 30/06/2023

Results and Segregation

The Exempt Current Pension Income (ECPI) proportion we have calculated for the unsegregated periods set out below is;

42.226%

This certificate relies on the information that we have been provided. If any of the information is incorrect or materially changes, please request an amendment.

There were no actively segregated assets during the year of income.

Where the Fund has Disregarded Small Fund Assets (DSFA) the tax-exempt percentage of income must be calculated using the proportionate or unsegregated method. From the 2021/22 income year, where the Fund does not have DSFA and for a portion of the year, 100% of the SMSF's liabilities are Retirement Phase, the Trustees may choose to use the proportionate method for the full year, or the default segregated method.

This certificate is prepared on the basis that the Fund is not eligible to use the Segregated Method in the current income year. The tax-exempt percentage applies to earnings for the entire income year.

Liabilities

I am advised the unsegregated net assets at 30/06/2023, prior to application of the above ECPI, which are also equal to liabilities of the Fund, were;

Current Pension Liabilities: \$1,635,844

Superannuation Liabilities: \$3,605,262

SJ010035 THE JENNINGS SUPERANNUATION FUND

These figures are from draft financial statements. Please note that there is no need to request a revised ECPI if these balances change due to tax or investment income as these do not impact the ECPI calculation.

I certify that I am satisfied that the value of the stated liabilities of the Fund at 30/06/2023 is also the amount of the Fund's assets on this date. These assets plus any future contributions plus expected future earnings will provide the amount required to discharge the liabilities as they fall due.

Exempt Current Pension Income (ECPI)

Subsection 295.390(1) of the Act states "that a proportion of ordinary income and statutory income of a complying superannuation fund that would otherwise be assessable income is exempt from income tax."

To assist the trustee with calculating this proportion for the year of income ending 30/06/2023 set out below is a proportion that is calculated consistently with the Act.

Average Value of Current Pension Liabilities: \$1,535,571

Average Value of Superannuation Liabilities: \$3,636,549

ECPI Proportion: 42.226%

The ECPI proportion should be applied to the Fund's assessable income (excluding any non-arm's length income, contributions and any income derived from segregated assets) to determine how much income is exempt from tax.

Please Note: The average values are time weighted average balances over the financial year and exclude net investment earnings and expenses. These average values are appropriate to calculate the proportion on the assumption that the Trustee will allocate the relevant unsegregated assessable income in proportion to member's unsegregated account balances at a fixed crediting rate throughout the unsegregated period.

Data Summary

The data on which the above certification and calculation is based has been provided by Act2 Solutions. I have been provided with details of contributions, benefits payments and transfers for each member throughout the year. A summary of this data for the Fund is set out below

	Contributions	Benefit Payments	<u>Transfers</u>
Fund Transactions	\$0	(\$561,000)	\$0

The net assets at 01/07/2022 were \$3,820,754. The member balances as at 30/06/2023 provided and prior to application of the above ECPI proportion were;

	Retirement Phase	<u>Total Balance</u>
Total Fund Balance	\$1,635,844	\$3,605,262
Alan Jennings	\$176,432	\$176,432
Susan Jennings	\$1,459,412	\$3,428,830

SJ010035 THE JENNINGS SUPERANNUATION FUND

Assumptions and Notes

I have been advised that the relevant pension liabilities meet the requirements to be considered a retirement phase superannuation income stream. This advice has been relied upon in preparing this certificate.

During the income year, some or all of the assets of the Fund were Disregarded Small Fund Assets as defined in section 295-387 of the Act. Consequently, the Fund is ineligible to use the Segregated Method to claim ECPI.

I have been advised that the values at 01/07/2022 are from audited financial statements and that the values for the financial year are from unaudited draft financial statements. If there are material changes after the certificate was issued an amendment should be requested.

As the fund only contained account-based pensions and member accounts in accumulation phase, the liabilities have been taken to be the balances of the relevant accounts and reserves (if any). We have been advised there are no unusual terms or guarantees in the SMSF however should this be incorrect please contact Act2 Solutions as this certificate may need to be revised.

For the calculation of the exempt proportion, we have relied on data provided that included the Fund's balances in accumulation phase, the Fund's balances in retirement phase, transactions within, to and from the Fund during the year.

The Fund contained only member accounts in accumulation phase and account-based pensions. Therefore, no assumptions about future inflation, future contributions, investment returns, or discount rates have been required to calculate the tax-exempt percentage.

The preparation of this actuarial certificate and the determination of the liability values are in accordance with Professional Standard 406 of the Institute of Actuaries of Australia.

Yours sincerely,

James Fitzpatrick
