## Asset Allocation

To achieve the investment objectives of the Fund the portfolio has been invested within the following asset allocations:

Asset Class	Range (%)
Cash	0 – 3
Australian Fixed Interest	0 – 0
International Fixed Interest	0 – 0
Australian Equities	0 – 1
International Equities	0 – 0
Property	0 – 97
Other	0 – 0

The Trustee has implemented this strategy taking into account the age of the members, likely retirement dates, and the intention of members to receive their benefits as lump sums or pensions upon retirement, future contributions and Fund liabilities.

Quality companies and trusts as supported by research and fundamental analysis will be selected. Direct investments in property, artwork and lease equipment may form part of the strategy provided there is sufficient basis for the decision.

## Insurance

Whilst death and disability insurance can be held within a self-managed superannuation fund, the advantages and disadvantages of them and the specific levels of cover most appropriate to the member's circumstances should be discussed with a Financial Adviser.

The Trustee is happy to arrange such insurance cover as requested by the member individually, subject to being able to obtain the level and type of cover requested.
