Note 1: Statement of Significant Accounting Policies

This financial report is a special purpose financial report prepared for distribution to members to satisfy the accountability requirements of the Superannuation Industry (Supervision) Act 1993 and the Trust Deed. The Trustees have determined that the fund is not a reporting entity. The following is a summary of the material accounting policies adopted by the fund in the preparation of the financial report.

Measurement of Assets

Assets of the fund have been measured at net market values after allowing for costs of realisation. Changes in the net market value of assets are brought to account in the operating statement in the periods in which they occur.

Net market values have been determined as follows:

(i) Shares in listed companies, government securities and other fixed interest securities by reference to the relevant market quotations at the reporting date;

- (ii) Mortgage loans by reference to the outstanding principal of the loans;
- (iii) Units in managed funds by reference to the unit redemption price at reporting date;
- (iv) Insurance policies by reference to the surrender value of the policy; and
- (v) Property, Plant and equipment at trustees' assessment of their realisable value.

Liability for Accrued Benefits

The liability for accrued benefits is the fund's present obligation to pay benefits to members and beneficiaries and has been calculated as the difference between the carrying amounts of the assets and the carrying amounts of the sundry liabilities and income tax liabilities as at reporting date.

Income Tax

The income tax expense (revenue) for the year comprises current income tax expense (income and deferred tax expense (income).

Current income tax expenses charged to the profit or loss is the tax payable on taxable income calculated using the applicable income tax rates enacted, or substantially enacted, as at reporting date. Current tax liabilities (assets) are therefore measured at the amounts expected to be paid (recovered from) the relevant taxation authority.

Future income tax benefits are not brought to account unless there is virtual certainty of realisation of the asset or tax loss as the case may be.

The fund brings to account the future tax liability and corresponding expense for unrealised capital gains. Due to the uncertainty of realisation no future tax benefit is recognised for unrealised capital losses.

As the fund is a full pension fund, the net fund income is exempt pension income and hence there is no income tax liability on earnings.

Superannuation Contributions Surcharge (abolished from 1/7/05)

The trustees are unable to determine the amount of the surcharge liability for the current reporting period with sufficient accuracy for inclusion in the financial report until an assessment is received from the Australian Taxation Office. The fund recognises superannuation contributions surcharge as an expense at the time of receipt of an assessment and the cost is charged to the relevant member's account.

Self-managed superannuation fund annual return

Who should complete this annual return?

Only self-managed superannuation funds (SMSFs) can complete this annual return. All other funds must complete the Fund income tax return 2020 (NAT 71287).

Π	
ł	

The Self-managed superannuation fund annual return instructions 2020 (NAT 71606) (the instructions) can assist you to complete this annual return.

The SMSF annual return cannot be used to notify us of a
change in fund membership. You must update fund details
via ABR.gov.au or complete the Change of details for
superannuation entities form (NAT 3036).

To complete this annual return

Print clearly, using a BLACK pen only.

Use BLOCK LETTERS and print one character per box.
