The fund's investment performance for the year ended 30 June 2022 and existing investment strategy have been reviewed by the Trustees, after considering:

1. the risk involved in making, holding and realising, and the likely return from, the fund's investments having regard to its objectives and its expressed cash flow requirements;
2. the composition of the fund's investments as a whole including the extent to which the investments are diverse or involve the funds being exposed to risks from inadequate diversification;
3. the liquidity of the fund's investments having regard to its expected cash flow requirements;

Dear Trustees

**B & T McClifty Super Fund
Audit Engagement Letter**

Objectives and Scope of the Audit

You have requested that we audit the financial statements of the SMSF for the year ended 30 June 2022. We are pleased to confirm our acceptance and understanding of this engagement by means of this letter.

Our audit will be performed in accordance with Australian Auditing Standards, the *Superannuation Industry (Supervision) Act 1993 (SISA)* and the *Superannuation Industry (Supervision) Regulations (SISR)* with the objective of expressing an opinion on the financial report and the fund's compliance with the specified requirements of the SISA and the SISR.

Our Responsibilities

We will conduct our audit in accordance with Australian Auditing Standards. Those Auditing Standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance as to whether the financial report is free from material misstatement.

An audit involves performing audit procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. An audit also includes evaluating the appropriateness of the financial reporting framework, accounting policies used and the implementation and operation of accounting and internal control systems that are designed to prevent and detect fraud and error, as well as evaluating the overall presentation of the financial report.

Because of the inherent limitations of an audit, together with the inherent limitations of internal control, there is an unavoidable risk that some material misstatement may not be detected, even though the audit is properly planned and performed in accordance with Australian Auditing Standards.

In making our risk assessments, we consider internal control relevant to the entity's preparation of the financial report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. We will, however, communicate to you in writing any significant deficiencies in internal control relevant to the audit of the financial report that we have identified during the audit.

Trustees' Responsibilities

Our audit will be conducted on the basis that the trustee(s) acknowledge and understand that they have responsibilities:

- For the preparation of the financial report that gives a true and fair view in accordance with the Australian Auditing Standards, other mandatory reporting requirements and the SIS Act and SIS Regulations is that of the trustee(s);
- For such internal control as the trustee(s) determine is necessary to enable the preparation of the financial report that is free from material misstatement, whether due to fraud or error; and
- To provide us with:
 - Access to all information of which the trustees are aware that is relevant to the preparation of the financial report such as records, documentation and other matters;
 - Additional information that we may request from the trustees for the purpose of the audit; and
 - Unrestricted access to persons within the entity from whom we determine it necessary to obtain audit evidence.

As part of our audit process, we will request from trustees written confirmation concerning representations made to us in connection with the audit.

Australian Auditing Standards require that we determine whether the financial reporting framework applied in the preparation of this special purpose of financial report is acceptable. If we determine the financial reporting framework to be unacceptable, we will not be able to undertake the audit engagement unless the framework is amended and then determined to be acceptable.

If a qualified audit report is to be issued following the completion of our audit, we will advise the details to you in a timely manner and prior to the issue of our report.

Audit of SIS Compliance

For the year ended 30 June 2022, we are required to form an opinion in respect of compliance with certain aspects of SIS. Our report must refer to the following sections and regulations:

Sections: 17A, 35AE, 35B, 35C(2), 52, 62, 65, 66, 67, 67A, 67B, 82-85, 103, 104, 104A, 105, 109, 126K

Report on Significant Matters

Under section 129 of the SISA we are required to report to you in writing. If during the course of, or in connection with, our audit, we become aware of any contravention of the Act or Regulations which we believe has occurred, is occurring or may occur.

We are also required to report to the ATO, as regulator, any contravention of the SISA and the SISR, where we believe the contravention may affect the interests of the members or beneficiaries of the fund.

In addition, we are also required under section 130 to report to you if we believe the superannuation fund may be, or may be about to become, in an unsatisfactory financial position. If we are not satisfied with your response as trustee(s) as to the action taken to rectify the situation or we receive no response, we are obliged to report the matter to the ATO.

A failure on the part of the trustee to rectify these breaches to the satisfaction of the ATO may result in significant penalties to the trustee and the fund itself.

In addition to our report on the financial statements, we will also report to you any material weaknesses in the fund's system of accounting and internal control which come to our notice during the course of our audit.

Quality Control

The conduct of our audit in accordance Australian Auditing Standards means that information acquired by us in the course of our audit is subject to strict confidentiality requirements. Information will not be disclosed by us to other parties except as required or allowed for by law or professional standards, or with your expressed consent.

Our audit files may, however, be subject to review as part of the quality control review program of Regulators and or Professional Bodies which monitors compliance with professional standards by its members.

SMSF Investment Strategy

B & T McClifty Superannuation Fund

Date: 1 December 2022

Objective

This investment strategy of (as reviewed and amended annually or more often depending on changes to the needs of members) is created in compliance with the Superannuation Industry (Supervision) Act 1993.

The Fund:

1. accepts employer and member contribution and contributions from other persons as the laws allow
2. transfers from other Superannuation funds and from a spouse as the laws allow
3. provides benefits to members upon retirement and as the laws allow
4. provides other activities as allowed by the laws and regulations from time to time
5. allows access to any unrestricted non-preserved benefits (as/when allowed by the laws and regulations)
6. provides for the payment of pension benefits at a rate as determined in the future from time to time.

The fund complies with the current laws and regulations and the rules in the trust deed. It has the following investment objectives:

Risk and Return

It is recognised that timing (when you get into the investment) and time in the investment (how long you are in the investment) affects returns. Different investments have different returns and volatility. The Trustee (from time to time) of the fund has a strong emphasis on preserving the fund's capital. However, many sound investments are not capital guaranteed. Security of capital has to be tempered with the need to achieve the desired rate of return. Therefore, assets that show volatility may be of benefit to the fund.

The Trustee is ever vigilant to balance these two objectives:

- protecting the capital and
- growing the value of the fund by obtaining an acceptable rate of return.

Position on Diversification

From time to time fund investments may be diversified across asset classes but at other times maybe concentrated in only a few or one. The trustee will invest according to market conditions and availability of the fund's assets. A funds assets maybe predominantly invested in residential or commercial (or other types) of real estate should the trustee see fit to do so.

Required Rate of Return

The Trustee seeks an overall investment return for the fund in the 7-10 year term (medium term) of 3-5% above the average rate of inflation over that period.

Trustee's Obligations

The Trustee ensures that the fund meets the legislated standard minimums to continue to obtain concessional taxation status on the income. It is also incumbent on the Trustee to consider the tax consequences of all investments. Tax-advantaged products may reduce the fund's taxation burden. Tax is one of the Trustee's relevant concerns. The Trustee acknowledges that members' benefits are a liability of the fund. The Trustee gives thought to the level of benefit required to be paid to the member. However, while no terminations or benefits are expected to be paid out in the short to medium term the Trustee is at liberty to examine investments that are medium term. However, when the member is in pension phase the time horizon may be far shorter.

Paying Debts

The Trustee is obliged to pay tax, expenses and benefits. It will do so within 31 days. The Trustee ensures that it holds sufficient cash to meet such obligations.

Cost of Investing

The Trustee strives to reduce costs of investing. However, at times upfront investment costs are payable in order to obtain the best investment products that fit into this investment strategy. Exit costs and penalties may also be part of the cost of carrying out this investment strategy.

Gearing

Borrowing to invest is permissible by the fund in accordance with the rules and laws at the time.

Investments (all investments maybe held within the following range 0-100%)

Cash

Money can be held in kind, in banks, building societies, lending institutions and cash management accounts.

Australian Shares

After research and due diligence, these include listed and unlisted securities including shares, warrants, derivatives, derivatives securities and managed funds.

Fixed Interest

These include deposits in Australian and overseas banks, building societies, lending institutions, cash management accounts, government and non-government bonds, bank bills, debentures, corporate notes and specialist fixed interest funds.

International Shares
