

I understand that as an individual trustee or director of the corporate trustee of

Fund name

THE KATE SUPERANNUATION FUND

I am responsible for ensuring that the fund is operated in accordance with the Superannuation Industry (Supervision) Act 1993 (SIS Act) and other relevant legislation. The Commissioner of Taxation (the Commissioner) has the authority and responsibility for administering the legislation and enforcing trustee compliance with the law.

I must keep myself informed of changes to the legislation relevant to the operation of my fund and ensure the trust deed is kept up to date in accordance with the law and the needs of the members.

If I do not comply with the legislation, the Commissioner may take the following actions:

- impose administrative penalties on me;
- give me a written direction to rectify any contraventions or undertake a course of education;
- enter into agreements with me to rectify any contraventions of the legislation;
- disqualify me from being a trustee or director of a corporate trustee of any superannuation fund in the future;
- review the fund's compliance issues, which may result in significant adverse tax consequences for the fund;
- prosecute me under the law, which may result in fines or imprisonment.

Sole purpose

I understand it is my responsibility to ensure the fund is maintained for the purpose of providing benefits to the members upon their retirement (or abandonment of certain eggs) or their beneficiaries if a member dies. I understand that I should regularly evaluate whether the fund continues to be the appropriate vehicle to meet this purpose.

Trustee duties

I understand that by law I must at all times:

- act honestly in all matters concerning the fund;
- exercise skill, care and diligence in managing the fund;
- act in the best financial interests of all the members of the fund;
- keep records of decisions made about the running of the fund, including the appointment of professional advisers and the names of members and payment of benefits;
- ensure that my money and other assets are kept separate from the money and other assets of the fund;
- take appropriate action to protect the fund's assets (for example, have sufficient evidence of the ownership of fund assets);
- return from winding up any surplus; or do anything that would prevent the law, or hinder me in, properly performing or exercising my functions or powers as a trustee or director of the corporate trustee of the fund;
- allow all members of the fund to have access to information and documents as required, including details about:
 - the financial situation of the fund;
 - the investments of the fund;
 - the members' benefit entitlements.

I also understand that by law I must prepare, implement and regularly review an investment strategy having regard to all the circumstances of the fund, which include, but are not limited to:

- the risks associated with the fund's investments;
- the likely return from investments taking into account the fund's objectives and expected cash flow requirements;
- investment diversity and the funds' exposure to risk due to inadequate diversification;
- the liquidity of the fund's investments having regard to the fund's expected cash flow requirements in discharging its existing and prospective liabilities (including benefit payments);
- whether the trustees of the fund should hold insurance cover for one or more members of the fund.

Accepting contributions and paying benefits

I understand that I can only accept contributions and pay benefits (income streams or lump sums) to members or their beneficiaries when the conditions specified in the law and the fund trust deed have been met.

Investment restrictions

I understand that, as a trustee or director of the corporate trustee of the fund, subject to certain limited exceptions specified in the law, I am prohibited from:

- giving financial assistance using the resources of the fund to a member of the fund or a member's dependant (financial assistance means any assistance that improves the financial position of a person directly or indirectly, including the provision of credit);
- acquiring assets (other than business real property, listed securities, certain in-house assets and acquisitions made under a merger), allowed by special determinations or regulations from the trustee or investment manager of another regulated super fund or as a result of a breakdown of a solvency test for the fund from members or other related parties of the fund;
- borrowing money (or maintaining an existing borrowing) on behalf of the fund except in certain limited circumstances (while limited recourse borrowing arrangements are permitted, they can be complex and particular conditions must be met to ensure that legal requirements are not breached).

- acquiring an in-house asset if the fund's in-house assets exceed 5% of the market value of the fund's total assets, or the in-house assets will exceed 5% of the market value of the fund's total assets by acquiring the asset (in-house assets are loans to or investments in related parties of the fund – including trusts – or assets subject to a lease or lease arrangement between the trustees and a member, relative or other related party)
- extending into investments that are not made or maintained on an arm's length (commercial) basis (this ensures the purchase or sale price of the fund's assets and any earnings from those assets reflect their market value).

Administration

I understand that the trustees of the fund must:

- keep and retain for at least 10 years:
 - minutes of all trustee meetings at which matters affecting the fund were considered (this includes investment decisions and decisions to appoint members and trustees, the retirement of members and payment of benefits)
