From its beginnings in 2005 as a joint venture between Australian companies Babcock & Brown and the GPT Group. BGP was restructured in 2009 as an independent company with over 58,000 shareholders. BGP Holdings - Update May 2021

We have now commenced the final stage of this long process. All of the remaining Luxembourg companies have now been merged into one, which is now being put into voluntary liquidation. This will release the remaining funds in the structure to BGP Holdings PLC in Malta, which in turn will also be liquidated, releasing a final distribution later this year of around EUR 0.003 (A\$ 0.005). We will update you as soon as we have more precise timing.

BGP Holdings - Update June 2020

We are still awaiting negotiations with the purchasers of the portfolio to resolve a legal dispute which prevents us from making a final distribution. Our counterparty is a sovereign wealth fund which is proving extremely difficult to engage with. We will update the website as soon as there is any further development. There is otherwise no change in respect of our valuation

statement (around EUR 0.003 per share in remaining value). Note there are some 9.7 billion shares outstanding. We appreciate your patience. We have been trying to wind up the group in Europe for over two years. It is all rather frustrating.

BGP Holdings - Final Distribution Update

At the end of November 2018 BGP Holdings received the final escrow monies from the 2016 sale. Our current estimate is that we will be able to distribute around A\$ 40 million. There are approximately 9.7 billion shares outstanding, hence A\$ 0.004 per share. We have however been served a Notice of Dispute under the 2016 sale agreement by the Purchasers. We reject the (as yet unquantified) claim, but are restricted from distributing until the matter is cleared. We are presently in a dialogue with our counterparts to resolve the matter.
