**ACTUARIAL CERTIFICATE  
FOR  
MARTIN SUPERANNUATION FUND  
FOR THE YEAR ENDED 30 JUNE 2021**

To: Nanipo Pty Ltd (Trustee)

I have been requested to prepare this certificate by Anthony Djaja of Courtney & Co on behalf of the Trustee of the above fund.

The certificate has been prepared under Section 295-390 of the Income Tax Assessment Act 1997 which relates to the proportion of assessable income of a complying superannuation fund which is exempt from tax. It also has regard to the Institute of Actuaries of Australia's Professional Standard 406 which requires that certain information be provided.

The certificate is based on Fund data supplied and the fact that the pensioners concerned are being paid retirement phase (account-based, allocated and/or market-linked) pensions which, in any one tax year, must remain between the legislated minima and maxima. The value of superannuation liabilities is taken to be the account balances of members at the relevant date. The value of pension liabilities is taken to be the account balances of members in receipt of retirement phase pensions at the relevant date.

The average value during the 2020/21 year of income of unsegregated pension liabilities and unsegregated superannuation liabilities are as follows:

Unsegregated pension liabilities	\$1,474,489
Unsegregated non pension liabilities	\$317,445
Unsegregated superannuation liabilities	<u>\$1,791,934</u>

There were no segregated current pension assets and no segregated non-current pension assets held at any time during the year.

I am satisfied that the value at 30 June, 2021 of the Fund's assets at that date, together with the future contributions in respect of the superannuation benefits concerned, if accumulated after that date at the rate of the Fund's earnings on assets, would provide the amount required to discharge in full the liabilities as they fall due. No specific assumption has been made regarding rates of return on the Fund's assets nor has any assumption regarding pension increase rates been made.

The proportion of exempt investment income during the year 2020/21 is:

<b>Average value of unsegregated pension liabilities</b>	<b>\$1,474,489</b>	
<b>Average value of unsegregated superannuation liabilities</b>	<b>\$1,791,934</b>	<b>= 82.3%</b>
