**Changes to the Fund and further information**
**Update to the buy and sell spreads of the Bentham Global Income Fund (Fund)**

The buy/sell spread is a type of transaction cost incurred when buying and selling the underlying assets of the portfolio. The purpose of the buy/sell spread is to ensure that only those investors transacting in a Fund's units at a particular time bear the costs of buying and selling the assets as a consequence of their transaction. The spreads will reflect costs such as brokerage, stamp duty, underlying security spreads and other government taxes or charges.

Buy/sell spreads applied to Funds will be adjusted up or down over time in line with sustained changes in transactions costs experienced by a Fund.

The Responsible Entity has determined to adjust the buy/sell spread for the Fund from +0.25%/-0.25% to +0.29%/-0.29% effective 14 April 2022, from +0.29%/-0.29% to +0.32%/-0.32% effective 13 May 2022, and again from +0.32%/-0.32% to +0.36%/-0.36% effective 14 June 2022..

We will continue to monitor transaction costs in the market on a daily basis and adjust the buy/sell spreads accordingly. This means the buy/sell spread on any Fund may vary day to day and could fluctuate significantly.

Buy and sell spreads will be determined and applied in the same manner as disclosed in each Fund's Product Disclosure Statement, which can be found on our website, [www.fidante.com.au](http://www.fidante.com.au).

**Changes to the Fund and further information (continued)****Continuous disclosure**

Fidante Partners Services Limited, as responsible entity of the Fund, is subject to continuous disclosure obligations that require us to make material information available to investors. You can obtain a copy of the Fund's continuous disclosure information by visiting our website [www.fidante.com.au](http://www.fidante.com.au). A paper copy of any updated information will also be given to you, on request, without charge.

**Notes to the statement****Unit prices**

The opening balance is the balance brought forward from the previous period. The closing balance is calculated using the withdrawal unit price applicable on the last day of the period, less the amount per unit of any distribution paid.

**Return on investment**

The return on investment includes the change in market value of your investment plus gross distributions reinvested and gross distributions paid out for the period. The return on an investment may differ from the performance of a fund because the former takes into consideration any additional transactions and timing differences (e.g. investments, withdrawals, etc) and the effect that they have on an investment return.

**Additional explanation of fees and costs**

Any fees deducted directly from your account are detailed in the 'Fees and costs summary' for the period.

Some fees and costs such as the management fee and fund expenses are accrued and deducted from the Fund's assets. These deductions are borne indirectly by investors and affect investment returns. An estimate of the amount of these fees and expenses is detailed in the 'Fees and costs deducted from your investment' section above.

Where you have bought or sold units in a fund a buy/sell spread may have been applied. The buy/sell spread reflects our estimate of the transaction costs expected to be incurred in buying or selling the Fund's underlying assets. Please note that the buy/sell spread is not a fee paid to us, it is paid to the Fund. The buy/sell spread, however, is an additional cost to you and is reflected in the 'Fees and costs deducted from your investment' section above.
