Important Information

Under the relevant law, ETF issuers are required to provide investors with periodic statements, setting out the performance of their investment and to include details of their transactions and other information, which takes place on an annual basis, or where investors exit the fund. The information set out in this statement should be considered together with any statements or other information you have received from your broker and advisors.

The information includes the opening and closing balances of your investment (where possible), the details of management costs and other information in relation to your investment.

Given the nature of your investment and the fact that any transactions in which you take part occur on market, we will not have the details of the prices at which you transacted and therefore may also not be able to calculate the return on your investment. Where that is the case, we encourage you to refer to any statements you may have received from your broker, which may set out the relevant details.

Before investing in an iShares ETF, you should carefully consider whether such products are appropriate for you, read the applicable product disclosure statement (PDS) available at www.blackrock.com/au/iShares and consult an investment adviser.

Glossary of terms

Opening Balance

Opening balances are quoted with the unit price of the previous pricing date.

Closing Balance

Closing balance is the unit price multiplied by the number of units you hold.

Cash Distribution Received

For further details of the specific dollar amount and dates of each distribution amount paid, please see your Distribution Payment Statement, which you have previously received or contact iShares on 1300 474 273.

Reinvestment

If you elected to participate in the distribution reinvestment plan (DRP), the proceeds of your distribution were reinvested and used to purchase additional ETF units.

Distribution Reinvestment Cash Balance

Any money left over after purchasing DRP units is held in a cash balance account. This amount will be added to your next distribution and put towards the purchase of new ETF units. If you exit the fund, this balance will be paid to you in cash in the quarter following your plan termination.

Return on Investments

If you have not bought or sold ETF units during the reporting period your statement will show your Return on Investments. This includes the capital return on your investment, plus any distributions paid during the reporting period. [The return is after management costs.]

Cash Distribution Received

Any payments you received in cash during the statement period.

Statement Period

Please note that the relevant period specific to your investment ended on the last date on which you held units in the fund.

Notes

¹ Date – The date of any purchases or sales of ETF units refers to the settlement date for the transaction. You can obtain the trade date from your broker or financial advisor.

² Unit Price – The Net Asset Value (NAV) as at close of business. If you have bought or sold units during the reporting period, both the unit price and unit value will not be shown on the statement because BlackRock does not have access to those transaction prices.

³ Units Held – The number of units on register as at the close of business.

⁴ Unit Value – The number of units multiplied by NAV.

⁵ Directly charged managed costs paid – There are no directly charged management costs.

⁶ Indirect cost of your investment – This approximate amount has been deducted from your investment and includes amounts that have reduced the return on your investment but are not charged directly to you as a fee.

⁷ Total fees paid – This approximate amount includes all the fees and costs which affected your investment during the period.
