**Date of declaration** Council declared rates and charges for the 2022/23 rateable year on 28 June 2022.

### Payment by instalments

The due dates for each instalment are: 30 September 2022, 30 November 2022, 28 February 2023 and 31 May 2023. The first instalment amount is indicated on the front of this notice. Instalment notices will be issued for subsequent instalments. Failure to receive a notice will not be accepted as a reason for late payments.

### Payment by Direct Debit

To set up monthly payments via Direct Debit visit [mvcc.vic.gov.au/rates](http://mvcc.vic.gov.au/rates) or contact us on 9243 8888 for assistance.

### Payment assistance

By agreement with Council, you can pay your rates weekly, fortnightly or monthly. Scheduled payment plans arranged by Council are not eligible for Direct Debit. Contact Council should you wish to arrange a payment plan to suit individual requirements. If you are suffering financial hardship contact Council to discuss.

### Penalties for failing to pay

Instalments not paid on or before the due dates will be charged interest from the due date of that instalment. Interest will continue to accrue until payment of the overdue amounts, together with interest, are paid in full. The interest rate charged is fixed under the Penalty Interest Rate Act 1983. The rate applied for 2022/23 is 10 per cent per annum.

### Other penalties for failing to pay

Council may take action to recover outstanding rates and charges not paid by the due dates. If rates and charges are owing for a period of more than three years and have not been deferred, Council may, subject to Section 181 of the Local Government Act 1989, sell the property to recover monies outstanding. All payments will be allocated to legal costs, interest, arrears, and current rates owing.

### Rate capping

Council complies with the State Government's rates cap of 1.75 per cent. The cap applies to the average annual increase of rates and charges. The rates and charges for your property may have increased or decreased by a different percentage amount for the following reasons:

- (i) The valuation of your property relative to the valuation of other properties in the municipal district.
- (ii) The application of any differential rate by Council.
- (iii) The inclusion of other rates and charges not covered by the Victorian Government's rates cap.

### Change of ownership or address

It is the property owner's responsibility to notify Council in writing of changes in owners, name or address, should a property be sold. A Notice of Acquisition must be lodged by the Purchaser or their agent within one month of settlement in accordance with Section 231 of the Local Government Act 1989.

### Copy Rates Notices

A charge of \$21.00 per notice for each previous financial year is applicable. Alternatively, sign up to eNotices to receive rate notices by e-mail (Refer front of notice). Previous notices can be accessed via the eNotice portal from 2014 onwards at any time at no cost.

### Notice of valuation

The property described on the front of this notice, owned or occupied by you, has been valued as at 1 January 2022 level of value. The State Revenue Office uses the site value to assess land tax under the Land Tax Act 2005. Objections to the site value must be made within the time limits prescribed under the Valuation of Land Act 1960, as amended. Visit [sro.vic.gov.au](http://sro.vic.gov.au) for more information.

### Right of objection to rates and charges

Under Section 184 of the Local Government Act 1989 aggrieved persons have a right of appeal to the County Court on the declared rates and charges on specific grounds.

### Objection to valuations

Ratepayers have a right under Sections 16, 17 and 18 of the Valuation of Land Act 1960 to object to the property valuation on specific grounds. Formal objections to a CIV valuation, visit [ratingvaluationobjections.vic.gov.au](http://ratingvaluationobjections.vic.gov.au) within two months of the date of the Annual Valuation and Rate Notice. Regardless of any objection to the valuation, the rates must be paid as assessed by the due date, otherwise interest will be charged.

### Victorian Government's Fire Services Property Levy

The levy amount including the fixed charge and the variable component is displayed on the front of this notice. The owner of the land may apply to Council for a waiver, deferral or concession in respect of the leviable land under the Local Government Act 1989 for rateable land and for non-rateable residential land.

The Local Government Act 1989 does not permit the levy to be waived or deferred in respect of commercial, industrial, primary production, public benefit and non-rateable leviable land. Eligible pensioners and veterans currently receiving a concession on their rates will also receive a \$50 concession on their Fire Services Property Levy.

### Pension concession

Eligible pensioners (i.e. Pensioner Concession Card holders) who have not received a rebate on the front of this notice, should contact Council to confirm their eligibility and to complete an application form. Pensioners who have received a rebate who are no longer eligible must inform Council in writing immediately.

### Privacy Act

Council collects personal information for the purposes of carrying out its functions and facilitating the operations of various Acts of Parliament including the Fences Act 1963. We may disclose this information where required to our contractors, adjoining owners or where there is a legislated requirement.
