Draft tax exempt income / taxable income proportions

This actuarial certificate is issued in respect of the full financial year. The tax exempt income proportion will apply to the income earned on fund assets which were not segregated assets in the selected financial year.

The draft tax exempt income and taxable income proportions at both member and Fund level are:

	Member 1	Member 2	Fund
Draft tax exempt income proportion	24.221%	23.968%	48.189%
Draft taxable income proportion	37.763%	14.048%	51.811%

Draft expense deductibility proportion

The result below is the proportion of fund liabilities over the financial year supporting non-retirement phase interests. For an expense that can't be attributed to solely producing assessable or exempt income, this proportion may be used to determine how much is deductible.

Draft expense deductibility proportion: 51.811%

You should determine whether this proportion is fair and reasonable for each relevant fund expense.
