The Financial Statements have been drawn up in accordance with Statements of Accounting Concepts, Accounting Standard AASB1056 "Superannuation Entities" and with the provisions of the Trust Deed and relevant legislative requirements. Further the following standards have been applied to specific aspects of these reports; AASB101 Presentations of financial statements and AASB107 Statement of Cash Flows.

(v) Income Tax

Deferred tax is accounted for using the balance sheet liability method in respect of temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements.

Deferred tax is calculated at the tax rates that are expected to apply to the period when the asset is realised or liability is settled.

(vi) Benefits Paid and Payable

The amount of benefits paid or payable represents all valid benefits claimed, received by the fund during the year. Estimates have been made at the end of the period where the exact amount is not yet known.

(vii) Transfers to and from other Plans

Transfers to and from other funds represent the amounts paid or received for members of the fund during the period where the exact amount is not yet known.

2 Liability for Accrued Benefits

The liability for accrued benefits is the fund's present obligation to pay benefits to members and beneficiaries and has been calculated as the difference between the carrying amounts of the assets and the carrying amounts of the sundry liabilities and income tax liabilities as at the reporting date. Changes in the Liability for Accrued Benefits are as follows:

<u>Liability for Accrued Benefits at beginning of period</u>		558,077
