Dykes Super Fund

SAMFORD QLD 4520

Dear Stephen and Sally,

Re: Dykes Super Fund

Enclosed please find the 2022 Superannuation Forms listed below:

1. Financial Statements.
1. Trustee Declaration.
2. Minutes of Meetings.
3. Members Statements.
4. Investment Strategy.
5. Income Tax Return.
6. Audit Representation Letter.
7. Audit Engagement Letter

Income Tax Returns

Please peruse the financial statements and income tax return and if the details are correct, sign where indicated and return to us for lodgement. A bound copy of the Financial Statements and Income Tax Return for the Super Fund will be available once the audit has been completed.

Superannuation funds are required to self-assess their liability to taxation. A notice of assessment will **NOT** issue from the Taxation Office and it is the responsibility of the fund to ensure lodgement and any payment is made by the due date, which is 15th May 2023. However, for the 2022 year, we have calculated that the Super Fund has an amount **Payable** of **\$78.44** which includes the ATO supervisory levy.

Self-Managed Superannuation Fund Audit

Anyone who runs a Self-Managed Superannuation Fund (SMSF) must ensure that a registered SMSF auditor audits the fund annually. An SMSF auditor examines the validity and accuracy of an SMSF's financial records and makes sure the fund is compliant with superannuation rules. Upon receipt of your signed Financial Statements and Income Tax Return, we will forward your Self-Managed Superfund to a registered independent auditor. You will then be provided with a copy of the auditor's management letter, audit report and auditors invoice approximately 2 weeks after submission.

Minutes

The Minutes of Meetings are contained within the Financial Statements. These minutes are prepared as standard drafts; however, you should peruse them to ensure they correctly state the position in relation to the matters raised. They may be amended or added to if your circumstances require. If no alterations are required and you wish to accept the drafts as actual records, please sign the minutes where indicated and return them to our office.

Audit Engagement Letter and Trustee Representation Letter

We also enclose the Audit Engagement Letter and Trustee Representation Letter. The auditors contact details and registrations numbers are contained in these documents. Please peruse these documents and if satisfactory, sign where indicated and return to our office.

Investment Strategy

We have included a draft copy of your fund's investment strategy in the financial statements. If you already have an investment strategy, please send us a copy.

You should review your strategy regularly (at least annually) to ensure it continues to meet the current and future needs of your members depending on their personal circumstances. It needs to be tailored to your Fund's circumstances and set out why and how you have chosen to invest the Fund's assets to meet these goals.

Certain significant events should also prompt you to review your strategy, such as:

- a market correction (e.g. resulting from World Events)
- when a member joins the fund or departs a fund
- when a member commences receiving a pension. This is to ensure the fund has sufficient liquid assets and cash flow to meet minimum pension payments prior to 30 June each year.

You should also document that you have undertaken this review and any decisions made arising from the review. For example, you could do this as part of the annual trustee meeting minutes. You should then provide these minutes or other evidence of a review to the super fund auditor. This will show that you've met the requirement to review regularly and, where necessary, revised your investment strategy.

Other Matters

In relation to Stephen's Transition to Retirement Pension the Minimum allowable is \$13,220 and the Maximum is \$66,106

2023 Concessional Contributions Cap - from 1 July 2022, the general concessional contribution cap is \$27,500 for all individuals, regardless of age. (The indexation of the concessional cap is applied in increments of \$2,500.

Disclaimer

Taxation is only one of the matters that must be considered when making a decision on a financial product and you should consider taking advice from the holder of an Australian Financial Services licence before making a decision on a financial product.

Please do not hesitate to contact us if you have any queries or if we can be of further assistance in other matters and thank you for continuing to choose this firm to be of service to you.

Notes to the Financial Statements

For the year ended 30 June 2022

Note 1: Summary of Significant Accounting Policies

The trustees have prepared the financial statements on the basis that the Superannuation Fund is not a reporting entity because it is not publicly accountable and is not required by law or governing document to prepare financial statements that comply with Australian Accounting Standards. The financial statements are therefore special purpose financial statements that have been prepared in order to meet the requirements of the Superannuation Industry (Supervision) Act 1993 and associated Regulations, the trust deed of the Fund and the needs of members.

The financial statements have been prepared on a cash basis and are based on historical costs, except for investments which have been measured at market value.

The following significant accounting policies, which are consistent with the policies applied in the previous period unless otherwise stated, have been adopted in the preparation of the financial statements.

The financial statements were authorised for issue by the Director(s).

a. Measurement of Investments

The Fund initially recognises:

- (i) an investment when it controls the future economic benefits expected to flow from the asset. For financial assets, the trade date is considered to be the date on which control of the future economic benefits attributable to the asset passes to the Fund; and
- (ii) a financial liability on the date it becomes a party to the contractual provisions of the instrument.

Investments of the Fund have been measured at market value, which refers to the amount that a willing buyer could reasonably be expected to pay to acquire an asset from a willing seller if the following assumptions were made:

- that the buyer and the seller deal with each other at arm's length in relation to the sale;
- that the sale occurred after proper marketing of the asset; and
- that the buyer and the seller acted knowledgeably and prudentially in relation to the sale.

Market value has been determined as follows:

- (i) shares and other securities listed on the Australian Securities Exchange by reference to the relevant market quotations at the end of the reporting period;
- (ii) units in managed funds by reference to the unit redemption price at the end of the reporting period;
- (iii) fixed-interest securities by reference to the redemption price at the end of the reporting period;
- (iv) unlisted investments are stated at trustees' assessment based on estimated market value at balance date or where necessary, an external valuer's opinion; and
- (v) investment properties at the trustees' assessment of the market value or where necessary a qualified independent valuer's opinion at the end of reporting period.

Financial liabilities, such as trade creditors and other payables, are measured at the gross value of the outstanding balance at the end of the reporting period. The trustees have determined that the gross values of the Fund's financial liabilities is equivalent to their market values. Any remeasurement changes in the gross values of non-current financial liabilities (including liabilities for members' accrued benefits) are recognised in the operating statement in the periods in which they occur.

b. Cash and Cash Equivalents

Cash and cash equivalents include cash on hand and at call, deposits with banks and short-term, highly liquid investments that are readily convertible to cash and subject to an insignificant risk of change in value.

c. Revenue

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Fund and the revenue can be reliably measured. Revenue is recognised at the fair value of the consideration received or receivable.

Notes to the Financial Statements

For the year ended 30 June 2022

Interest revenue

Interest revenue is recognised in respect of fixed-interest securities, and cash and cash equivalent balances. Interest revenue is recognised upon receipt.

Dividend revenue

Dividend revenue is recognised when the dividend has been paid or, in the case of dividend reinvestment schemes, when the dividend is credited to the benefit of the fund.

Rental revenue

Rental revenue arising from operating leases on investment properties is recognised upon receipt.

Distribution revenue

Distributions from unit trusts and managed funds are recognised as at the date the unit value is quoted ex-distribution and if not received at the end of the reporting period, are reflected in the statement of financial position as a receivable at market value.

Remeasurement changes in market values

Remeasurement changes in the market values of assets are recognised as income and determined as the difference between the market value at year-end or consideration received (if sold during the year) and the market value as at the prior year-end or cost (if acquired during the period).

Contributions

Contributions and transfers in are recognised when the control and the benefits from the revenue have been attained and are recorded by the Fund, gross of any taxes, in the period to which they relate.

d. Liability for Accrued Benefits

The liability for accrued benefits represents the Fund's present obligation to pay benefits to members and beneficiaries, and has been calculated as the difference between the carrying amount of the assets and the carrying amount of the other payables and income tax liabilities as at the end of the reporting period.

e. Critical Accounting Estimates and Judgements

The preparation of financial statements requires the trustees to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future period affected.

Investment Strategy

The Dykes Super Fund

Background:

The investment strategy outlined below represents an expansion and clarification of the Investment Strategy agreed at the formation of The Dykes Super Fund. This Investment Strategy replaces the Investment Strategy document dated 1/7/2020

Objectives:

The objective of the fund is to:

- Provide superannuation benefits to members and their dependants to meet their retirement needs.
- Ensure that appropriate mixes of investments are held by the fund to support these needs
- Ensure the fund always has sufficient liquidity to meet all commitments
- Maximise the tax effectiveness of fund investments thereby delivering the best long-term after-tax return for members.

The Investment objective of the trustees is to aim to achieve real medium to longer-term growth. In recognition of the 10 - 15-year investment time frame of members the fund will have a high proportion of growth assets in the portfolio.

Investment Choice:

The Trustees have determined the fund's investments may include but not be limited to all or one of the following:

- Direct equities, stocks and derivatives including participation in dividend reinvestment programs and right issues, including the use of geared instalment warrants:
- Unlisted private companies:
- Property trusts and associated investments:
- Managed investments and associated products:
- Direct residential, industrial, and commercial property investment including geared property investments purchased using allowable limited recourse borrowing arrangements:
- Deposits and investments with banks and other financial institution securities including Term Deposits, Debentures, Secured and Unsecured Notes and Bonds:
- Any other investment that the trustees may feel prudent to achieve the objective of the fund.

The Trustee may from time to time decide to seek professional advice from Accountants, Solicitors or Financial Planners in the formulation or implementation of this or any future investment strategy.

In formulating this strategy, the trustees have taken into consideration relevant features of the various investments in accordance with both the fund's objectives and appropriate legislation.

In drafting this investment strategy, the trustees have considered all the circumstances of the fund, including:

- the risks and likely return associated with each investment.
- the range and diversity of investments held by the fund.
- any risks coming from limited diversification.
- the liquidity of the fund's investments.
- the ages and preferences of its members.
- expected cash flow requirements; and
- the ability of the fund to meet its existing and prospective liabilities such as paying benefits to its members.

Policies:

The policies adopted by the Trustees to achieve these objectives are:

- Regular monitoring of the performance of the fund's investments, the overall investment mix, and the expected cash flow requirements of the fund.
- Re-balancing the fund's investment portfolio due to changes in market conditions through asset sales and new investments as appropriate.

The Trustees will aim to follow the investment strategy, however, they will always reserve the right to change the investment mix depending on the market situation and opportunities available to better meet the objectives of the fund.

A copy of the Investment Strategy of the fund will be available to members of the fund on request.

Risk profile and risk tolerance:

The Fund has a medium to long time horizon. Further, the members are prepared to endure a reasonable level of volatility of returns in expectation of long-term growth. The members have existing equity and property investments outside superannuation and are familiar with the variability of both returns and capital values which are associated with such investments.

Members understand

- the trade-off between investment risk and long-term capital and income growth and have indicated capital preservation & stability/asset growth is a priority
- Investment risk is borne by the members, as fluctuations in investment returns will affect the level of benefits available to members.

Insurance:

The Trustees have considered whether the Fund should hold a contract of insurance for its members and concluded that:

- Additional insurance is not deemed appropriate as the members have significant assets inside and outside superannuation with no significant outstanding liabilities; and
- The members have appropriate insurance outside the fund via an insurance policy directly held by the member

Liquidity:

1 July 2021

The Members of the fund are aged 58 & 60 and have significant assets outside of superannuation. At the present time neither expect to fully access their superannuation prior to age 65 except Stephen who has started a Transition to Retirement. Accordingly, there is no large anticipated benefit payment in the next 8 - 10 years. Cash more than anticipated liquidity requirement will be invested in accordance with the Fund's investment strategy.

Asset Allocation:

The targeted asset allocation will recognise the need to have a diversified asset mix, however, given the long-term investment horizon of the members (of up to 25 years until life expectancy) and the significant assets outside of superannuation, the allocation will have a strong growth asset bias and be focused on maximising capital growth.

[The Trustees recognise the higher risk in investing predominantly in growth assets and the volatility associated with shares and property. The volatility will be compensated by the prospect of achieving higher returns and growth in the longer term. To minimise this risk Trustees will consider investing in different industries and sectors where possible.

The final targeted asset allocation will be in the following ranges:

Growth Assets	Long term range	Current target
• Australian listed equities	30% – 60%	40%
• International listed equities	10% – 20%	10%
• Australian listed property	10% – 20%	0%
• Unlisted Private companies	10% - 30%	30%
• [Collectables]	0%	
Defensive assets		
• Cash and term deposits	0% - 10%	20%
• [Australian cash and bond funds]	0% - 10%	0%
• [International cash and bond funds]	0% - 10%	0%
• [Bullion]	0% - 10%	0%
		100%

We, therefore, confirm that the going concern basis is appropriate for the financial report.

Dykes Super Fund

Dear Stephen and Sally

Dykes Super Fund
Audit Engagement Letter

Objectives and Scope of the Audit

You have requested that we audit the financial statements of the SMSF for the year ended 30 June 2022. We are pleased to confirm our acceptance and understanding of this engagement by means of this letter.

Our audit will be performed in accordance with Australian Auditing Standards, the *Superannuation Industry (Supervision) Act 1993* (SISA) and the *Superannuation Industry (Supervision) Regulations* (SISR) with the objective of expressing an opinion on the financial report and the fund's compliance with the specified requirements of the SISA and the SISR.

Our Responsibilities

We will conduct our audit in accordance with Australian Auditing Standards. Those Auditing Standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance as to whether the financial report is free from material misstatement.

An audit involves performing audit procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. An audit also includes evaluating the appropriateness of the financial reporting framework, accounting policies used and the implementation and operation of accounting and internal control systems that are designed to prevent and detect fraud and error, as well as evaluating the overall presentation of the financial report.

Because of the inherent limitations of an audit, together with the inherent limitations of internal control, there is an unavoidable risk that some material misstatement may not be detected, even though the audit is properly planned and performed in accordance with Australian Auditing Standards.

In making our risk assessments, we consider internal control relevant to the entity's preparation of the financial report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. We will, however, communicate to you in writing any significant deficiencies in internal control relevant to the audit of the financial report that we have identified during the audit.

Trustees' Responsibilities

Our audit will be conducted on the basis that the trustee(s) acknowledge and understand that they have responsibilities:

- For the preparation of the financial report that gives a true and fair view in accordance with the Australian Auditing Standards, other mandatory reporting requirements and the SIS Act and SIS Regulations is that of the trustee(s).
- For such internal control as the trustee(s) determine is necessary to enable the preparation of the financial report that is free from material misstatement, whether due to fraud or error; and
 - To provide us with: Access to all information of which the trustees are aware that is relevant to the preparation of the financial report such as records, documentation, and other matters.

- Additional information that we may request from the trustees for the purpose of the audit; and
- Unrestricted access to persons within the entity from whom we determine it necessary to obtain audit evidence.

As part of our audit process, we will request from trustees written confirmation concerning representations made to us in connection with the audit.

Australian Auditing Standards require that we determine whether the financial reporting framework applied in the preparation of this special purpose of financial report is acceptable. If we determine the financial reporting framework to be unacceptable, we will not be able to undertake the audit engagement unless the framework is amended and then determined to be acceptable.

If a qualified audit report is to be issued following the completion of our audit, we will advise the details to you in a timely manner and prior to the issue of our report.

Audit of SIS Compliance

For the year ended 30 June 2020, we are required to form an opinion in respect of compliance with certain aspects of SIS. Our report must refer to the following sections and regulations:

Report on Significant Matters

Under section 129 of the SISA we are required to report to you in writing. If during, or in connection with, our audit, we become aware of any contravention of the Act or Regulations which we believe has occurred, is occurring or may occur.

We are also required to report to the ATO, as regulator, any contravention of the SISA and the SISR, where we believe the contravention may affect the interests of the members of beneficiaries of the fund.

In addition, we are also required under section 130 to report to you if we believe the superannuation fund may be, or may be about to become, in an unsatisfactory financial position. If we are not satisfied with your response as trustee(s) as to the action taken to rectify the situation or receive no response, we are obliged to report the matter to the ATO.

A failure on the part of the trustee to rectify these breaches to the satisfaction of the ATO may result in significant penalties to the trustee and the fund itself.

In addition to our report on the financial statements, we will also report to you any material weaknesses in the fund's system of accounting and internal control which come to our notice during our audit.
