

# Investment Strategy

## I & R Philpott Family Superannuation Fund

### Background:

The Investment Strategy outlined below represents an expansion and clarification of the Investment Strategy agreed at on the formation of the I & R Philpott Family Superannuation Fund.

In recognition of the sole purpose test as required under SIS legislation, this Investment Strategy has been created in compliance with the Superannuation Industry (Supervision) Act 1993 (SIS Act) and relevant Regulations, and supersedes any prior existing Investment Strategy.

### Objectives:

The objective of the Fund is to:

- Invest the assets of the Fund in such a way as to protect and enhance the superannuation benefits of its members to meet their retirement needs. In the event of a member's death before retirement, this would be to provide benefits to the dependants of the members.
- Ensure that appropriate and sufficient assets are held by the Fund in order to support these needs.
- Ensure the Fund has sufficient liquidity at all times to meet all commitments as and when they fall due.

The investment objective of the Trustees is to aim to achieve medium-term growth with returns that are 2% above inflation over 4 years. In recognition of the investment time frame of members, the Fund will have a medium proportion of growth assets in the portfolio.

The Trustees recognise that the rate of return on investments can vary due to levels of risk and volatile markets and that the Trustees have no liability should the rate of return not be achieved.

### Investment Choice:

The Trustees have determined the Fund's Investments may include, but not be limited to all or one of the following:

- Australian Shares
- International Shares
- Property
- Australian Fixed Interest
- International Fixed Interest
- Cash
- Other (as allowed for under the SIS Act)

In formulating this Strategy, the trustees have taken into consideration relevant features of the various investments in accordance with both the Fund's objectives and appropriate SIS legislation, including:

- the risks and likely return associated with each Investment;
- the range and diversity of Investments held by the Fund;
- any risks coming from limited diversification;
- the liquidity of the Fund's investments;
- the ages and preferences of its members;
- any taxation implications of the investments (including income tax, capital gains tax, transfer duty and GST);
- expected cash flow requirements; and
- the ability of the Fund to meet its existing and prospective liabilities such as paying benefits to its members.

The Trustees have sufficient expertise, however may from time to time decide to seek external professional assistance in formulating and implementing this, or any future Fund Investment Strategy.

## Policies:

The policies adopted by the Trustees in order to achieve these objectives are:

- Regular monitoring of the performance of the Fund's investments, the overall investment mix and the expected cash flow requirements of the Fund.
- Re-balancing the Fund's investment portfolio due to changes in market conditions through asset sales and new investments as appropriate.
- Upgrade the Investment Strategy should risk tolerance or diversification strategies change.

A copy of the Investment Strategy of the Fund will be available to members of the Fund on request.

## Risk profile and risk tolerance:

The Trustees will strive to identify, measure and manage risks associated with the Funds particular investments. Taking into account the preferred investment preference of each of the individual members of the Fund (as indicated below), the Trustees have determined the acceptable level of Risk Tolerance of the Fund as being as Medium Risk.

<b>Member 1 – Ivan Philpott</b>
<b>Age:</b> 69
<b>Employment Status:</b> Self Employed
<b>Account Type:</b> Account Based Pension
<b>Retirement Objectives:</b> To be able to work if and when I choose and still provide for steady financial security for myself and my family.
<b>Investment Risk Preference:</b> <input type="checkbox"/> Low <input type="checkbox"/> Low-Medium <input checked="" type="checkbox"/> Medium <input type="checkbox"/> Medium-High <input type="checkbox"/> High

## Geared Investments:

Where a limited recourse borrowing arrangement or self-Funding instalment warrant is held, the Trustees recognise the additional risk of geared investments. The Trustees understand and are prepared to accept the increased volatility of returns associated with geared investments.

## Insurance:

The Trustees note that insurance may be issued in the Fund, another Superannuation Fund or in the members own personal capacity.

The Trustees have considered insurance for the benefit of the members and are satisfied that the members currently have appropriate levels of insurance held in a personal capacity. The Trustees have determined at present no additional insurance contracts will be required to be maintained by the Fund, however this Insurance Strategy will be regularly reviewed and updated should members circumstances change.

## Liquidity:

The Trustees recognise that the Fund needs to have sufficient liquidity to pay ongoing expenses, taxation liabilities and members benefits as required. The Trustees will retain sufficient liquidity in order to meet any foreseen expenses in a timely manner.

## Diversification of Asset Allocation:

The Trustees recognise that diversification in the number of investments held by the Fund is an effective method of spreading risk of failure in individual investments. In order to achieve the Funds objectives and remain considerate of the Funds Risk Profile and expected Rate of Return, the Trustees have determined the following asset spread to be appropriate for the Fund:

Asset Class	Target Range		Benchmark
	To	From	
Australian Shares	35%	95%	65%
International Shares	0%	20%	0%
Cash	0%	65%	35%
Australian Fixed Interest	0%	0%	0%
International Fixed Interest	0%	0%	0%
Mortgages	0%	0%	0%
Direct Property	0%	0%	0%
Listed Property	0%	0%	0%
Other	0%	20%	0%

Diversification is achieved through a mix of cash and shares. The investment in cash is suitable for maximising capital preservation to avoid negative returns. The investment in shares however, while associated with a higher risk of volatility, will be compensated by the prospect of achieving higher returns and growth in the long term. The shares have been invested in differing industries in order to spread the risk to a satisfactory level.

When making investment decisions, the Trustees will review and consider these investment ranges and the associated risks and rates of return of each investment.

## Signed by Trustees

This Investment Strategy has been adopted by the Trustees of the Fund, and will be reviewed annually as part of the Financial Statements and Annual Return, or when the Trustees consider it appropriate.

I & R Philpott Family Superannuation Fund

Dear Trustees

I & R Philpott Family Superannuation Fund  
**Audit Engagement Letter**

**Objectives and Scope of the Audit**

You have requested that we audit the financial statements of the SMSF for the year ended 30 June 2022. We are pleased to confirm our acceptance and understanding of this engagement by means of this letter.

Our audit will be performed in accordance with Australian Auditing Standards, the *Superannuation Industry (Supervision) Act 1993* (SISA) and the *Superannuation Industry (Supervision) Regulations* (SISR) with the objective of expressing an opinion on the financial report and the fund's compliance with the specified requirements of the SISA and the SISR.

**Our Responsibilities**

We will conduct our audit in accordance with Australian Auditing Standards. Those Auditing Standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance as to whether the financial report is free from material misstatement.

An audit involves performing audit procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. An audit also includes evaluating the appropriateness of the financial reporting framework, accounting policies used and the implementation and operation of accounting and internal control systems that are designed to prevent and detect fraud and error, as well as evaluating the overall presentation of the financial report.

Because of the inherent limitations of an audit, together with the inherent limitations of internal control, there is an unavoidable risk that some material misstatement may not be detected, even though the audit is properly planned and performed in accordance with Australian Auditing Standards.

In making our risk assessments, we consider internal control relevant to the entity's preparation of the financial report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. We will, however, communicate to you in writing any significant deficiencies in internal control relevant to the audit of the financial report that we have identified during the audit.

**Trustees' Responsibilities**

Our audit will be conducted on the basis that the trustee(s) acknowledge and understand that they have responsibilities:

- For the preparation of the financial report that gives a true and fair view in accordance with the Australian Auditing Standards, other mandatory reporting requirements and the SIS Act and SIS Regulations is that of the trustee(s);
- For such internal control as the trustee(s) determine is necessary to enable the preparation of the financial report that is free from material misstatement, whether due to fraud or error; and
- To provide us with:
  - Access to all information of which the trustees are aware that is relevant to the preparation of the financial report such as records, documentation and other matters;

- Additional information that we may request from the trustees for the purpose of the audit; and
- Unrestricted access to persons within the entity from whom we determine it necessary to obtain audit evidence.

As part of our audit process, we will request from trustees written confirmation concerning representations made to us in connection with the audit.

Australian Auditing Standards require that we determine whether the financial reporting framework applied in the preparation of this special purpose of financial report is acceptable. If we determine the financial reporting framework to be unacceptable, we will not be able to undertake the audit engagement unless the framework is amended and then determined to be acceptable.

If a qualified audit report is to be issued following the completion of our audit, we will advise the details to you in a timely manner and prior to the issue of our report.

### **Audit of SIS Compliance**

For the year ended 30 June 2022, we are required to form an opinion in respect of compliance with certain aspects of SIS. Our report must refer to the following sections and regulations:

Sections: 17A, 35AE, 35B, 35C(2), 52, 62, 65, 66, 67, 67A, 67B, 82-85, 103, 104, 104A, 105, 109, 126K

### **Report on Significant Matters**

Under section 129 of the SISA we are required to report to you in writing. If during the course of, or in connection with, our audit, we become aware of any contravention of the Act or Regulations which we believe has occurred, is occurring or may occur.

We are also required to report to the ATO, as regulator, any contravention of the SISA and the SISR, where we believe the contravention may affect the interests of the members of beneficiaries of the fund.

In addition, we are also required under section 130 to report to you if we believe the superannuation fund may be, or may be about to become, in an unsatisfactory financial position. If we are not satisfied with your response as trustee(s) as to the action taken to rectify the situation or we receive no response, we are obliged to report the matter to the ATO.

A failure on the part of the trustee to rectify these breaches to the satisfaction of the ATO may result in significant penalties to the trustee and the fund itself.

In addition to our report on the financial statements, we will also report to you any material weaknesses in the fund's system of accounting and internal control which come to our notice during the course of our audit.

### **Quality Control**

The conduct of our audit in accordance Australian Auditing Standards means that information acquired by us in the course of our audit is subject to strict confidentiality requirements. Information will not be disclosed by us to other parties except as required or allowed for by law or professional standards, or with your expressed consent.

Our audit files may, however, be subject to review as part of the quality control review program of Regulators and or Professional Bodies which monitors compliance with professional standards by its members.

Please sign and return the attached copy of this letter to indicate that it is in accordance with your understanding of the arrangements for our audit of the financial report.
