PLEASE READ: The taxation treatment of investment income can be complex. We recommend you seek professional taxation advice from your accountant or taxation adviser in relation to your investment in Vicinity Centres. The contents of this statement are not and should not be relied upon as taxation advice.

1. Refer overleaf for notes to the distribution components.

Notes relating to your AMMA Tax Statement

You should refer to the Vicinity Centres Annual Tax Return Guide For Individuals 2022 prior to completing your 2022 income tax return. The Annual Tax Return Guide For Individuals 2022 can be obtained from <http://www.vicinity.com.au/investors/tax-information> or by contacting us on 1300 887 890 for a hard copy.

This statement has been prepared on the basis that you:

- Are an Australian resident individual taxpayer;
- Do not have any current year or carried-forward revenue losses or capital losses; and
- Hold your stapled securities as an investment on capital account, rather than as part of a business that trades in these types of investments.

1. Australian assessable income

Trust income is taxed on an attribution basis. This component comprises interest and other income and must be included in your tax return at Label 13U (non-primary production income).

2. Discounted capital gains

This component of the distribution is attributable to capital gains calculated using the discounted method. This is the taxable amount for resident individuals.

3. Capital gain (grossed up) – TAP and Non-TAP

This component of the distribution is attributable to capital gains sourced from Taxable Australian Property (TAP) and Non-Taxable Australian Property (Non-TAP). The taxable amount for a resident securityholder is disclosed at item 2 which is calculated by applying the capital gains tax (CGT) 50% discount to this amount. This amount should not be used for resident complying superannuation entities and companies.

4. Total gross capital gains

The amount shown at this item is the total amount of your current year capital gains and must be included in your tax return at Label 18H (Total current year capital gains).

5. Tax deducted

This component of the distribution represents tax deducted from Australian residents who have not supplied their Tax File Number (TFN) or Australian Business Number (ABN) or have not claimed an exemption from quoting their TFN or ABN. If you are a non-resident investor, tax has been deducted from your distribution because of your non-resident tax status.

6. AMIT cost base net decrease amount

You are required to reduce the CGT cost base or reduced cost base of your securities by the amount shown at this item. If the AMIT cost base net decrease amount exceeds the CGT cost base of your securities, your CGT cost base is reduced to nil, and any additional AMIT cost base net decrease amount will give rise to a capital gain. This gain may be reduced by the applicable CGT discount percentage if you have held your securities for 12 months or more.

7. AMIT cost base net increase amount

You are required to increase the CGT cost base or reduced cost base of your securities by the amount shown at this item.

There is an AMIT cost base net increase amount shown at this item because you have been attributed taxable components in respect of the year ended 30 June 2022. The cash distribution paid on 12 September 2022 was declared after 30 June 2022 and it will be included as a reduction in your 30 June 2023 AMIT cost base net increase/decrease adjustment.
