- attach additional pages if there is not enough space and number pages accordingly (eg. 4a, 4b, 4c, etc.)

Special condition 1 – Acceptance of title

General condition 12.4 is added:

Where the purchaser is deemed by section 27(7) of the *Sale of Land Act 1962* to have given the deposit release authorisation referred to in section 27(1), the purchaser is also deemed to have accepted title in the absence of any prior express objection to title.

Special condition 1B – Foreign resident capital gains withholding

- 1B.1 Words defined or used in Subdivision 14-D of Schedule 1 to the *Taxation Administration Act 1953 (Cth)* have the same meaning this special condition unless the context requires otherwise.
- 1B.2 Every vendor under this contract is a foreign resident for the purposes of this special condition unless the vendor gives the purchaser a special clearance certificate issued by the Commissioner under section 14-220 (1) of Schedule 1 to the *Taxation Administration Act 1953 (Cth)*. The specified period in the clearance certificate must include the actual date of settlement.
- 1B.3 This special condition only applies if the purchaser is required to pay the Commissioner an amount in accordance with section 14-200(3) or section 14-235 of Schedule 1 to the *Taxation Administration Act 1953 (Cth)* ("the amount") because one or more of the vendors is a foreign resident, the property is or will have a market value not less than the amount set out in section 14-215 of the legislation just after the transaction, and the transaction is not excluded under section 14-215(1) of the legislation.
- 1B.4 The amount is to be deducted from the vendor's entitlement to the contract consideration. The vendor must pay to the purchaser at settlement such part of the amount as is represented by non-monetary consideration.
- 1B.5 The purchaser must:
- (a) engage a legal practitioner or conveyancer ("representative") to conduct all legal aspects of settlement, including the performance of the purchaser's obligations under the legislation and this special condition; and
 - (b) ensure that the representative does so.
- 1B.6 The terms of the representative's engagement are taken to include instructions to have regard to the vendor's interests and instructions that the representative must:
- (a) pay, or ensure payment of, the amount to the Commissioner in the manner required by the Commissioner as soon as reasonably and practicably possible, from moneys under the control or direction of the representative in accordance with this special condition if the sale of the property settles;
 - (b) promptly provide the vendor with proof of payment; and
 - (c) otherwise comply, or ensure compliance with, this special condition; despite

Settlement and lodgement will be conducted electronically in accordance with the Electronic Conveyancing National Law and special condition 2 applies, if the box is marked "EC"

- 2.1 This special condition has priority over any other provision to the extent of any inconsistency. This special condition applies if the contract of sale specifies, or the parties subsequently agree in writing, that settlement and lodgement of the instruments necessary to record the purchaser as registered proprietor of the land will be conducted electronically in accordance with the *Electronic Conveyancing National Law*.
- 2.2 A party must immediately give written notice if that party reasonably believes that settlement and lodgement can no longer be conducted electronically. Special condition 2 ceases to apply from when such a notice is given.
- 2.3 Each party must:
 - (a) be, or engage a representative who is, a subscriber for the purposes of the *Electronic Conveyancing National Law*,
 - (b) ensure that all other persons for whom that party is responsible and who are associated with this transaction are, or engage, a subscriber for the purposes of the *Electronic Conveyancing National Law*, and
 - (c) conduct the transaction in accordance with the *Electronic Conveyancing National Law*.
- 2.4 The vendor must open the Electronic Workspace ("workspace") as soon as reasonably practicable. The workspace is an electronic address for the service of notices and for written communications for the purposes of any electronic transactions legislation.
- 2.5 The vendor must nominate a time of the day for locking of the workspace at least 7 days before the due date for settlement.
- 2.6 Settlement occurs when the workspace records that:
 - (a) the exchange of funds or value between financial institutions in accordance with the instructions of the parties has occurred; or
 - (b) if there is no exchange of funds or value, the documents necessary to enable the purchaser to become registered proprietor of the land have been accepted for electronic lodgement.
- 2.7 The parties must do everything reasonably necessary to effect settlement:
 - (a) electronically on the next business day; or
 - (b) at the option of either party, otherwise than electronically as soon as possible – if, after the locking of the workspace at the nominated settlement time, settlement in accordance with special condition 2.6 has not occurred by 4.00 pm, or 6.00 pm if the nominated time for settlement is after 4.00 pm.
- 2.8 Each party must do everything reasonably necessary to assist the other party to trace and identify the recipient of any mistaken payment and to recover the mistaken payment.
- 2.9 The vendor must before settlement:
 - (a) deliver any keys, security devices and codes ("keys") to the estate agent named in the contract,
 - (b) direct the estate agent to give the keys to the purchaser or the purchaser's nominee on notification of settlement by the vendor, the vendor's subscriber or the Electronic Network Operator,

 - (d) direct the vendor's subscriber to give (or, if there is no vendor's subscriber, give) all those documents and items, and any such keys, to the purchaser or the purchaser's nominee on notification of settlement by the Electronic Network Operator.

The condition of the services may change between the day of sale and settlement and the vendor does not promise that the services will be in the same condition at settlement as they were on the day of sale.
- 4.2 The purchaser is responsible for the connection of all services to the property after settlement and the payment of any associated cost.

5. CONSENTS

The vendor must obtain any necessary consent or licence required for the sale. The contract will be at an end and all money paid must be refunded if any necessary consent or licence is not obtained by settlement.

6. TRANSFER

The transfer of land document must be prepared by the purchaser and delivered to the vendor at least 10 days before settlement. The delivery of the transfer of land document is not acceptance of title. The vendor must prepare any document required for assessment of duty on this transaction relating to matters that are or should be within the knowledge of the vendor and, if requested by the purchaser, must provide a copy of that document at least 3 days before settlement.

7. RELEASE OF SECURITY INTEREST

The vendor must comply with a request made by the purchaser under this condition if the purchaser makes the request at least 21 days before the due date for settlement.

- 7.10 In addition to ensuring a release is received under general condition 7.4(a), the vendor must ensure that at or before settlement the purchaser receives a written undertaking from a secured party to register a financing change statement to reflect that release if the property being released includes goods of a kind that are described by serial number in the Personal Property Securities Register.

9.3 The purchaser is entitled to inspect the vendor's chain of title on request at such place in Victoria as the vendor nominates.

9.4 The purchaser is taken to have accepted the vendor's title if:

However the purchaser must pay to the vendor any GST payable by the vendor:
 - (a) solely as a result of any action taken or intended to be taken by the purchaser after the day of sale, including a change of use; or

Due diligence checklist

What you need to know before buying a residential property

Before you buy a home, you should be aware of a range of issues that may affect that property and impose restrictions or obligations on you, if you buy it. This checklist aims to help you identify whether any of these issues will affect you. The questions are a starting point only and you may need to seek professional advice to answer some of them. You can find links to organisations and web pages that can help you learn more, by visiting the [Due diligence checklist page on the Consumer Affairs Victoria website](http://consumer.vic.gov.au/duediligencechecklist) (consumer.vic.gov.au/duediligencechecklist).

Urban living

Moving to the inner city?

High density areas are attractive for their entertainment and service areas, but these activities create increased traffic as well as noise and odours from businesses and people. Familiarising yourself with the character of the area will give you a balanced understanding of what to expect.

Is the property subject to an owners corporation?

If the property is part of a subdivision with common property such as driveways or grounds, it may be subject to an owners corporation. You may be required to pay fees and follow rules that restrict what you can do on your property, such as a ban on pet ownership.

Growth areas

Are you moving to a growth area?

You should investigate whether you will be required to pay a growth areas infrastructure contribution.

Flood and fire risk

Does this property experience flooding or bushfire?

Properties are sometimes subject to the risk of fire and flooding due to their location. You should properly investigate these risks and consider their implications for land management, buildings and insurance premiums.

Rural properties

Moving to the country?

If you are looking at property in a rural zone, consider:

Is the surrounding land use compatible with your lifestyle expectations? Farming can create noise or odour that may be at odds with your expectations of a rural lifestyle.

Are you considering removing native vegetation? There are regulations which affect your ability to remove native vegetation on private property.

Do you understand your obligations to manage weeds and pest animals?

Can you build new dwellings?

Does the property adjoin crown land, have a water frontage, contain a disused government road, or are there any crown licences associated with the land?

Is there any earth resource activity such as mining in the area?

You may wish to find out more about exploration, mining and quarrying activity on or near the property and consider the issue of petroleum, geothermal and greenhouse gas sequestration permits, leases and licences, extractive industry authorisations and mineral licences.

Soil and groundwater contamination

Has previous land use affected the soil or groundwater?

You should consider whether past activities, including the use of adjacent land, may have caused contamination at the site and whether this may prevent you from doing certain things to or on the land in the future.

Land boundaries

Do you know the exact boundary of the property?

You should compare the measurements shown on the title document with actual fences and buildings on the property, to make sure the boundaries match. If you have concerns about this, you can speak to your lawyer or conveyancer, or commission a site survey to establish property boundaries.

Planning controls

Can you change how the property is used, or the buildings on it?

All land is subject to a planning scheme, run by the local council. How the property is zoned and any overlays that may apply, will determine how the land can be used. This may restrict such things as whether you can build on vacant land or how you can alter or develop the land and its buildings over time.

The local council can give you advice about the planning scheme, as well as details of any other restrictions that may apply, such as design guidelines or bushfire safety design. There may also be restrictions – known as encumbrances – on the property's title, which prevent you from developing the property. You can find out about encumbrances by looking at the section 32 statement.

Are there any proposed or granted planning permits?

The local council can advise you if there are any proposed or issued planning permits for any properties close by. Significant developments in your area may change the local 'character' (predominant style of the area) and may increase noise or traffic near the property.

Safety

Is the building safe to live in?

Building laws are in place to ensure building safety. Professional building inspections can help you assess the property for electrical safety, possible illegal building work, adequate pool or spa fencing and the presence of asbestos, termites, or other potential hazards.

Building permits

Have any buildings or retaining walls on the property been altered, or do you plan to alter them?

There are laws and regulations about how buildings and retaining walls are constructed, which you may wish to investigate to ensure any completed or proposed building work is approved. The local council may be able to give you information about any building permits issued for recent building works done to the property, and what you must do to plan new work. You can also commission a private building surveyor's assessment.

Are any recent building or renovation works covered by insurance?

Ask the vendor if there is any owner-builder insurance or builder's warranty to cover defects in the work done to the property.

Utilities and essential services

Does the property have working connections for water, sewerage, electricity, gas, telephone and internet?

Unconnected services may not be available, or may incur a fee to connect. You may also need to choose from a range of suppliers for these services. This may be particularly important in rural areas where some services are not available.

Buyers' rights

Do you know your rights when buying a property?

The contract of sale and section 32 statement contain important information about the property, so you should request to see these and read them thoroughly. Many people engage a lawyer or conveyancer to help them understand the contracts and ensure the sale goes through correctly. If you intend to hire a professional, you should consider speaking to them before you commit to the sale. There are also important rules about the way private sales and auctions are conducted. These may include a cooling-off period and specific rights associated with 'off the plan' sales. The important thing to remember is that, as the buyer, you have rights.
