To whom it may concern,

I am writing in response to the ATO contravention notification received on 4/4/23 to advise Centrelink per the *Taxation Administration Act 1953* for Self-Managed Superannuation Funds and in line with Australian Taxation law requirements [ato.gov.au/privacy guidelines](http://ato.gov.au/privacy-guidelines), based on the most recent advice provided by the SMSF Tax Agent and SMSF Auditor on 14/4/23 9.30am (contact details provided below) a tax exemption is being sought in regards to the associated conditions of a director loan.

Due to severe financial hardship circumstances beyond my control, an interim director loan has been taken to support basic living requirements of rent, health, and living necessities.

Whilst every effort is being made to restore living circumstances, a specific date or time cannot be provided to the ATO to determine a fixed repayment schedule to the interim director loan.

Am requesting consideration for an interim exemption from the ATO and will update the ATO once am in a position to ensure all conditions and obligations associated with the administration of the SMSF can be met.

Should the ATO require any further evidence or information, can be contacted at theresiastephens@protonmail.com

Thank you for your consideration and time
