FOOTNOTES

- 1 For accounts opened during the reporting period that have added an existing Cash Management Account (CMA), the balance of the CMA will be reported as a "deposit" into your Wrap account.
- 2 This amount has been processed to the account. Refer to the Cash Transactions section for further details.
- 3 The Fees Paid for Administration amount on this report may be net of any fund manager rebates credited to your account for the period.
- 4 This is the amount paid to your adviser and/or dealer.
- 5 We include withholding tax in the Government Charges amount on this report.
- 6 Realised growth for the portfolio may include securities that have undergone one or more corporate action events. For these securities, we have included the realised growth following the last corporate action event only.
- 7 Any managed investment distributions which have accrued but not yet been received, will not appear in the Investment Value section of this statement. This will understate the value of your portfolio until the distributions are received.
- 8 The amount shown in pending settlements is for unsettled transactions.
- 9 Cost represents the total costs associated with the transaction (e.g. including stamp duty and brokerage where appropriate).
- 10 Proceeds represents the net value received for a sell transaction (e.g. less stamp duty and brokerage where appropriate).
- 11 Market Value represents the opening and closing unit balance multiplied by opening and closing Market Prices respectively.
- 12 Your cash balance includes applications for non daily pricing funds (NDPF's) that are 'awaiting processing'; we do not debit Cash for NDPF applications until they have been accepted by the investment manager. The cash balance is accurate at the issue date, but actual availability of funds may differ due to uncleared transactions.
