Dryden Super Fund

PO Box 715

Currumbin,

Qld 4223

Please find below the following items from the auditor that need clarification:

1. Artworks "Rolf Harris-The Sun Has Set on Venice & Anna Razumovskaya-Red Passion" has been reported for Nil value (cost \$91,000) but on other side fund is paying storage fees. Please advise along with a trustee declaration stating the recent valuation of referred artwork.

The Art works are stored at Box & Lock, I have not had a recent valuation, however, market research suggests that the Rolf Harris has little value due to criminal convictions and damaged reputation, however, will recover over time. The Anna Razumovskaya – Red Passion is around \$2500.

Signed..........

2. Insurance policy provided covers property at Unit 5, 3108 The Boulevard which includes the "Works of Art" as well. Referred address seems to be of member, is the art work stored at member's residence or with Box & Lock Self Storage ? If stored with the latter we seek a confirmation or trustee declaration on storage and it's insurance.

The works are stored at Box & Lock, I thought the home policy would cover but have since found out that it does not and Box & Lock's General Insurance does not cover stored goods. I will take out a separate policy if required.

Signed..........
