- 5.9.7 If the application requests a split of untaxed splittable contributions, the Trustee can only give effect to the application where the amount specified in the application is less than or equal to the un-deducted contributions that would form part of the Eligible Termination Payment that would be payable if the Member withdrew the Member's entire benefits at the time of the Trustee giving effect to the application.
- 5.9.8 If the application requests a split of taxed splittable contributions the Trustee can only give effect to the application where the amount specified in the application is less than or equal to the taxed element of the post-June 1983 component that would form part of the Eligible Termination Payment that would be payable if the Member withdrew the Member's entire benefits at the time of the Trustee giving effect to the application.
