

M & M Bond Superannuation Fund

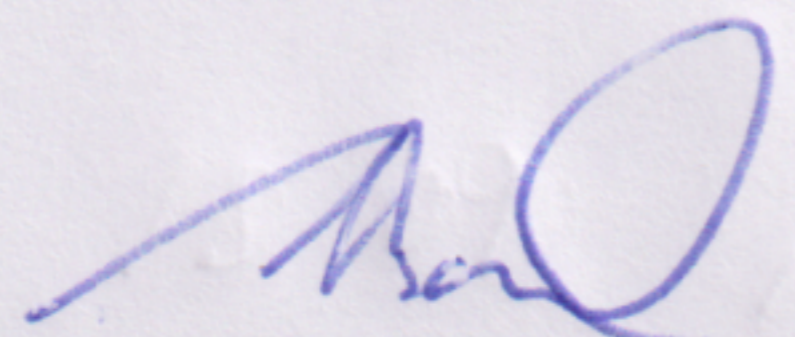

Review of Investment Strategy. Period 1st July 2018 to 30th June 2019.

During the financial year ending 30th June 2019, we felt no changes to past investment strategies necessary. Both Michael & Meredith contributing additional funds as deductible contributions to employer sponsored super funds. Investment allocation of assets leaning towards a balanced strategy.

The Shares held in the SMSF and cash deposits together with receipt of DHA rental income used to generate sufficient income to cover investment property repayments, and other property expenses, rates body corporate etc. Land tax and costs to Tax agent & Auditor to prepare returns and compliance obligations associated to running of SMSF.
