Arrium Limited manufactures and distributes steel and finished steel products in Australia and internationally. It manufactures and distributes structural, rail, rod, merchant bar, cold finished bar, chrome plated bar, reinforcing, wire, tube, pipes, fittings, valves and actuation, rail wheels and axles, light steel beam, grinding media, and recycled metal products. The company mines and sells iron ore and by-products; and collects and sells ferrous and non-ferrous metals. It offers various products and specialized services for the construction, manufacturing, mining, and rural markets. The company was formerly known as OneSteel Limited and changed its name to Arrium Limited in July 2012. Arrium Limited is headquartered in Sydney, Australia.
