Pillay Superannuation Fund  
PO BOX 24  
HENLEY BEACH SA 5022

Dear Kumarasan & Kantha

**RE: DEED UPDATE FOR SMSF**

As mentioned in previous correspondence, it is recommended that a deed for a Self-Managed Super Fund be updated regularly, at least every 3-4 years. The date of your original deed is **1 July 2010** and is in need of updating.

There have also been a large number of reforms to superannuation during the current financial year, many coming into effect on 1 July 2017.

The major benefit of updating your deed is to ensure that your deed complies with the current laws, avoiding any unintended consequences that may arise. There are significant risks by not having an up to date fund deed, including the potential for your fund becoming non-compliant and being issued with large fines. It is prudent that we ensure that your funds deed is up to date.

Therefore, we **strongly recommend** that we update your deed as a matter of priority.

The cost for this service is \$385.00 inclusive of GST.

To accept this deed update, can you please complete and return the attached acceptance form. This form can be posted or sent via email to [info@griffinodeabowler.com.au](mailto:info@griffinodeabowler.com.au). Once we receive this form, we will organise the deed update and arrange for signing.

Please contact us if you have any questions.

Regards

**Nathan Carger CA**  
Partner
