Notes to the Financial Statements

Auvergne Capital Pty Ltd For the year ended 31 December 2022

1. Statement of Significant Accounting Policies

The directors have prepared the financial statements on the basis that the company is a non-reporting entity because there are no users dependent on general purpose financial statements. This financial report is therefore a special purpose financial report that has been prepared in order to meet the needs of members.

The financial report has been prepared in accordance with the significant accounting policies disclosed below which the directors have determined are appropriate to meet the needs of the members. Such accounting policies are consistent with the previous period unless stated otherwise.

The financial report has been prepared on an accruals basis and are based on historical costs unless otherwise stated in the notes. The accounting policies that have been adopted in the preparation of this report are as follows:

Income Tax

The income tax expense for the year comprises current income tax expense. The company does not apply deferred tax.

Current income tax expense charged to the profit or loss is the tax payable on taxable income calculated using applicable income tax rates enacted as at reporting date. Current tax liabilities are therefore measured at the amounts expected to be paid to the Australian Taxation Office. The company is the head entity of an income tax consolidated group and recognises the total liability for the group.

Property, Plant and Equipment

Property, plant and equipment, including freehold land and buildings, are carried at cost unless otherwise stated. Depreciable assets are depreciated over their useful life to the company. An item of property, plant and equipment is derecognised upon disposal or when there is no future economic benefit to the company. Gains or losses between the carrying amount and the disposal proceeds are taken to the profit or loss.

Depreciation

Depreciation is claimed in accordance with taxation principles, with new assets eligible for Temporary Full Expensing of Depreciating Assets expensed in the year of purchase.

Intangibles Assets

Goodwill

Goodwill is recorded at cost unless otherwise indicated. Goodwill is not subject to amortisation. Gains and losses on the disposal of a business include the carrying amount of goodwill relating to the business sold.

Patents and Trademarks

Patents and trademarks are valued in the accounts at cost of acquisition and are amortised over their estimated useful life.

Other Intangibles Assets

Intangible assets are stated at cost or at written down value where they are amortised over their anticipated useful lives.

Trade and Other Receivables

Receivables are recognised at their transaction price, less any provision for impairment. Trade receivables are based on normal credit terms and do nor bear interest. Other receivables are recognised at amortised cost, less any allowance for expected credit losses.

Cash and Cash Equivalents

Cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Revenue and Other Income

Sales revenue is recognised at the point of sale.

Other revenue is recognised when it is received or when the right to receive payment is established.

Trade and Other Payables

Trade payables are recognised at their transaction price. Trade payables are obligations on the basis of normal credit terms and do not bear interest.

Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Tax Office. in these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of the expense. Receivables and payables in the balance sheet are shown inclusive of GST.

Comparative Accounts

There can be a restatement of comparatives through either a correction of error, a change in accounting policy or a reclassification.

These notes should be read in conjunction with the attached compilation report of RSM Australia Pty Ltd.
