No Yes

Did the Fund have any TRIS (retirement phase or non-retirement phase) accounts?

No Yes

Did the Fund receive any insurance proceeds during the financial year?

No Yes

Can you use the segregated method for this Fund in this financial year?

No Yes

You have selected 'No' to the Fund being eligible to use the segregated method. This question depends on whether the Fund had '**disregarded small fund assets**'. If the Fund did have disregarded small fund assets it is not eligible to use to the segregated method. This is not the same as the next question about whether the Fund had elected segregation of assets.

Illustration of fund liabilities for 2021

The chart above illustrates the periods of the year the Fund had segregated pension assets, and the periods of the year where the Fund also had a non-retirement phase account and so was not segregated. This chart is based on the information provided on the Accurium application form.

We may require some additional information in order to correctly calculate the Fund's exempt income proportion if the Fund has segregated pension assets, and this will be requested in the 'Segregation' section below.

[Learn more about this chart](#)

Segregation

You have indicated that this Fund is not eligible to use the segregated method in the selected financial year. The Fund must use the proportionate method to claim ECPI. The exempt income proportion provided by the actuarial certificate will apply to all income.

Please review your **draft exempt income proportion** below and select continue to finalise and order your actuarial certificate.

Once you have ordered the certificate our team will review the data and either produce the report or contact you for further information.

Draft tax exempt income / taxable income proportions

This actuarial certificate is issued in respect of the full financial year. The tax exempt income proportion will apply to the income earned on fund assets which were not segregated assets in the selected financial year.

The draft tax exempt income and taxable income proportions at both member and Fund level are:

	Member 1	Member 2	Fund
Draft tax exempt income proportion	35.434%	54.028%	89.462%
Draft taxable income proportion	0.000%	10.538%	10.538%

Draft expense deductibility proportion

The result below is the proportion of fund liabilities over the financial year supporting non-retirement phase interests. For an expense that can't be attributed to solely producing assessable or exempt income, this proportion may be used to determine how much is deductible.

Draft expense deductibility proportion: 10.538%

You should determine whether this proportion is fair and reasonable for each relevant fund expense.

Disclaimer

By submitting this order you are confirming that all retirement phase superannuation income streams have met the Minimum Pension Standards for the financial year and so the assets supporting those pension liabilities are eligible to count towards claiming exempt income.

If any of the Fund's retirement phase income streams have not met the minimum standards for the year please call us on 1800 203 123 to discuss.
