RE: 2/41 Duffield Road, Kallangur QLD 4503

Split system / Ducted air conditioning services include:

Systems electrically tested for heat/cool and setting functionality prior to service/clean

Indoor units chemically flushed/cleaned of mould and respective drains wet vacuumed to be clear of obstruction

-physical inspection of indoor and outdoor units for weathering and condition of pipework and associated electrical isolators

-testing of gas pressures to ensure they are within the expected operating levels for the system

-inspection of electrical connections at indoor/outdoor units and switchboard, to ensure all connections are tight and electrically safe

All inspected/cleaned air conditioner units working after servicing/clean and property left clean and tidy.

Issues found while on site-

Attended property to inspect ac unit

issue dust and mould build up on head unit
